Holders of our Class A Special common stock are not entitled to vote at the meeting. This proxy statement is made available to holders of Class A Special common stock for informational purposes only. The Notice of Internet Availability of Proxy Materials is being mailed to our shareholders beginning on or about April 2, 2008. This proxy statement is being made available to our shareholders beginning on or about April 2, 2008.

**How to Vote**

You may vote in person at the meeting or by proxy. We recommend that you vote by proxy even if you plan to attend the meeting. You can always change your vote at the meeting.

**How Proxies Work**

Our Board of Directors (the "Board") is asking for your proxy. Giving us your proxy means you authorize us to vote your shares at the meeting in the manner you direct. You may vote for all, some or none of our director candidates. You may also vote for or against the other proposals or abstain from voting.

You can vote by proxy in any of the following ways:

- *Via the Internet:* Go to [www.proxyvote.com](http://www.proxyvote.com) and follow the instructions outlined on the secure Web site.
- *By telephone:* Call toll free 1-800-690-6903 and follow the instructions provided on the recorded message.
- *In writing:* Complete, sign and date your proxy card and return your proxy card in the enclosed envelope.

If you vote via the Internet or by telephone, your vote must be received by 11:59 p.m. Eastern Daylight Time on May 13, 2008.

If you give us your signed proxy but do not specify how to vote, we will vote your shares in favor of the director candidates; the ratification of the appointment of our independent auditors; the approval of our 2002 Restricted Stock Plan, as amended and restated; and the approval of our 2003 Stock Option Plan, as amended and restated; and against the seven shareholder proposals.

If you hold shares in the Comcast Corporation Retirement-Investment Plan and vote, your shares will be voted as you specify on your proxy card. If you hold shares in the Comcast Corporation Retirement-Investment Plan and do not vote, or you sign and return your proxy card without voting instructions, the plan trustee will vote your shares in the same proportion on each matter as it votes shares held in the plan for which voting directions were received. *To allow sufficient time for voting by the plan trustee, your voting instructions must be received by May 8, 2008.*

***Notice of Electronic Availability of Proxy Materials***

Pursuant to the new rules recently adopted by the Securities and Exchange Commission ("SEC"), we are making this proxy statement and our Annual Report on Form 10-K available to our shareholders electronically via the Internet. Accordingly, in compliance with this new e-proxy process, on or about April 2, 2008, we mailed to our shareholders of record and beneficial owners a Notice of Internet Availability of Proxy Materials (the "Notice") containing instructions on how to access this proxy statement and our Annual Report on Form 10-K via the Internet and how to vote online. As a result, unless otherwise required, you will not receive a printed copy of the proxy materials in the mail unless you request a copy. All shareholders will be able to access the proxy materials on a Web site referred to in the Notice and this proxy statement and to request to receive a printed set of the proxy materials by mail or electronically, in either case, free of charge. If you would like to receive a printed or electronic copy of our proxy materials, you should follow the instructions for requesting such materials included in the Notice. See "Electronic Access to Proxy Materials and Annual Report on Form 10-K" on page 72 for further information on electing to receive proxy materials electronically. By participating in the e-proxy process, we will save money on the cost of printing and mailing documents to you and reduce the impact of our annual meeting of shareholders on the environment.

***Matters to be Presented***

We are not aware of any matters to be presented other than those described in this proxy statement. If any matters not described in this proxy statement are properly presented at the meeting, the proxies will use their own judgment to determine how to vote your shares. If the meeting is postponed or adjourned, the proxies will vote your shares on the new meeting date in accordance with your previous instructions, unless you have revoked your proxy.

***Revoking a Proxy***

You may revoke your proxy before it is voted by:

- Submitting a new proxy with a later date, including a proxy given via the Internet or by telephone;
- Notifying our Secretary in writing before the meeting at the address given on page 3; or
- Voting in person at the meeting.

***Attending in Person***

Attendance at the meeting is limited to shareholders of record and one guest per shareholder. For safety and security reasons, video and audio recording devices and other electronic devices will not be allowed in the meeting. All meeting attendees may be asked to present a valid, government-issued photo identification, such as a driver's license or passport, before entering the meeting, and attendees will be subject to security inspections.

Please bring an admission ticket with you to the meeting. Shareholders who do not present an admission ticket at the meeting will be admitted only upon verification of ownership. An admission ticket is attached to your proxy card. Your Notice of Internet Availability of Proxy Materials will also serve as an admission ticket.

Alternatively, if your shares are held in the name of your bank, brokerage firm or other nominee, your Voting Instruction Form will also serve as an admission ticket or you may bring to the meeting an account statement or letter from the nominee indicating that you beneficially owned the shares on March 6, 2008, the record date for voting. Such account statement or letter will serve as an admission ticket.

Registered shareholders may also request a replacement admission ticket by sending a written request to Comcast Corporation, in care of Broadridge Financial Solutions, Post Office Box 9160, Farmingdale, NY 11735.

**Webcast of the Meeting**

We are pleased to offer an audio webcast of the annual meeting of shareholders. If you choose to listen to the audio webcast of the meeting, you may do so via a link on our Web site at [www.cmcsa.com](http://www.cmcsa.com) or [www.cmcsk.com](http://www.cmcsk.com).

**Conduct of the Meeting**

The Chairman of our Board has broad authority to conduct the annual meeting of shareholders in an orderly manner. This authority includes establishing rules of conduct for shareholders who wish to address the meeting, including limiting questions to the order of business and to a certain amount of time. Copies of these rules will be available at the meeting. To ensure that the meeting is conducted in a manner that is fair to all shareholders, the Chairman may also exercise broad discretion in recognizing shareholders who wish to speak, in determining the extent of discussion on each item of business and in managing disruptions or disorderly conduct.

**Contacting Our Board, Board Committees or Directors**

Our Board has provided a process for shareholders to communicate with its members. Shareholders and other interested parties who wish to communicate with our directors may address their correspondence to the Board, to a particular director, to the independent or nonemployee directors or to any other group of directors or committee of the Board, in care of Arthur R. Block, Secretary, Comcast Corporation, at the address given above. You may also send an e-mail in care of the Chair of the Audit Committee of the Board by using the following e-mail address: [audit\\_committee\\_chairman@comcast.com](mailto:audit_committee_chairman@comcast.com). All such communications are promptly reviewed and, as appropriate, forwarded to either the Board, the relevant committee(s) of the Board or individual or group Board or committee member(s) based on the subject matter of the communication.

**Corporate Governance**

Our Board has adopted corporate governance guidelines. These guidelines address items such as the standards, qualifications and responsibilities of our directors and director candidates and corporate governance policies and standards applicable to us in general. In addition, we have a code of ethics and business conduct which applies to all our employees, including our executive officers and our directors. Both the guidelines and the code are posted under the "Governance" section of our Web site at [www.cmcsa.com](http://www.cmcsa.com) or [www.cmcsk.com](http://www.cmcsk.com). Amendments to our code will also be posted on this section of our Web site. The charters of each of the Board's Audit, Compensation and Governance and Directors Nominating Committees are also posted on our Web site. More information on our Board and its committees can be found beginning on page 11.

VOTING SECURITIES AND PRINCIPAL HOLDERS

*Outstanding Shares and Voting Rights*

At the close of business on March 6, 2008, the record date, we had outstanding 2,047,435,513 shares of Class A common stock, 941,114,703 shares of Class A Special common stock and 9,444,375 shares of Class B common stock.

On each matter to be voted upon, the Class A common stock and Class B common stock will vote together. As of the record date, each holder of Class A common stock is entitled to 0.1384 votes per share and each holder of Class B common stock is entitled to 15 votes per share. Holders of Class A Special common stock are not entitled to vote at the meeting.

**All of the information in this proxy statement regarding shares outstanding, per share voting information, shares underlying option and stock awards, and option exercise prices reflects the three-for-two stock split in the form of a 50% stock dividend which was paid on February 21, 2007 to shareholders of record on February 14, 2007. In connection with the stock split, holders of Class A common stock received an additional 0.5 share of Class A common stock for each share held of record on February 14, 2007, and holders of Class A Special common stock and Class B common stock received an additional 0.5 share of Class A Special common stock for each share held of record on February 14, 2007. Each shareholder who owned an odd number of shares immediately before the stock split received cash in lieu of the fractional share to which such shareholder would otherwise have been entitled as a result of the stock split.**

In order to carry on the business of the annual meeting of shareholders, we must have a quorum. This means that, for each matter presented, shareholders entitled to cast a majority of the votes that all shareholders are entitled to cast on that matter must be represented at the meeting, either in person or by proxy. If the meeting is adjourned for one or more periods aggregating at least 15 days due to the absence of a quorum, shareholders who are entitled to vote and who attend the adjourned meeting, even though they do not constitute a quorum as described above at the adjourned meeting, will constitute a quorum for the purpose of acting on any matter described in this proxy statement other than the election of directors. If the meeting is adjourned for one or more periods aggregating at least five days due to the absence of a quorum, those shareholders who are entitled to vote and who attend the adjourned meeting, even though they do not constitute a quorum as described above at the adjourned meeting, will constitute a quorum for the purpose of electing directors at such reconvened meeting.

The director candidates who receive the most votes will be elected to fill the available seats on our Board. Approval of the other proposals requires the favorable vote of a majority of the votes cast. Only votes for or against a proposal count. Abstentions and broker nonvotes count for quorum purposes but not for voting purposes. Broker nonvotes occur on a matter when a bank, brokerage firm or other nominee is not permitted by applicable regulatory requirements to vote on that matter without instruction from the owner of the shares and no instruction is given. Absent instructions from you, your broker may vote your shares on the election of directors and ratification of the appointment of our independent auditors, but may not vote your shares on the approval of our 2002 Restricted Stock Plan, as amended and restated, the approval our 2003 Stock Option Plan, as amended and restated, or the adoption of the seven shareholder proposals. In addition, withhold votes in regard to the election of directors count for quorum purposes.

**Section 16(a) Beneficial Ownership Reporting Compliance**

Our directors and executive officers file reports with the SEC indicating the number of shares of any class of our equity securities they owned when they became a director or executive officer and, after that, any changes in their ownership of our equity securities. They must also provide us with copies of these reports. These reports are required by Section 16(a) of the Exchange Act. We have reviewed copies of the reports we received and written representations from the individuals required to file the reports. Based on our review of these documents, we believe that all filings required to be made by our reporting persons for the period January 1, 2007 through December 31, 2007 were made on a timely basis.

**PROPOSAL 1: ELECTION OF DIRECTORS**

Based on the recommendation of our Board's Governance and Directors Nominating Committee, our Board has nominated the director candidates named below, all of whom except for Mr. Hassell currently serve as our directors. All of our directors are elected annually.

If a director nominee becomes unavailable before the annual meeting of shareholders, your proxy authorizes the people named as proxies to vote for a replacement nominee if the Governance and Directors Nominating Committee names one.

Our Board has determined that each of our nonemployee directors, other than Mr. Bonovitz, is independent, in accordance with the director independence definition specified in our corporate governance guidelines, which are posted under the "Governance" section of our Web site, [www.cmcsa.com](http://www.cmcsa.com) or [www.cmcsk.com](http://www.cmcsk.com), and in accordance with applicable Nasdaq Global Select Market rules. Following the annual meeting of shareholders, if all director nominees are elected to serve as our directors, independent directors will constitute more than two-thirds of our Board. In making its independence determinations, our Board considered the following relationships. Additional information regarding each of these relationships with us can be found under "Related Party Transaction Policy and Certain Transactions" on page 16.

- Mr. Anstrom is an executive officer of Landmark Communications, Inc., subsidiaries of which provide programming networks that are distributed by us. Under applicable Nasdaq Global Select Market rules, Mr. Anstrom qualifies as independent since the amount of fees we pay for such programming networks falls within Nasdaq Global Select Market prescribed limits. In each of 2005, 2006 and 2007, the amounts we paid to Landmark and its subsidiaries did not exceed the greater of 5% of Landmark's consolidated gross revenues for that year or \$200,000. In considering Mr. Anstrom's independence under our corporate governance guidelines, our Board also determined that the Landmark business relationship is on customary arm's-length terms and is not material to us. In addition, our Board determined that Mr. Anstrom has no material conflicts of interest as a result of the Landmark business relationship, and that he has no other material personal or business relationships with us or any of our executive officers or other employees.
- Mr. Bonovitz is Chairman Emeritus of Duane Morris LLP, a law firm that we had retained for legal services prior to 2004. From 1998 to 2008, he served as Chairman and Chief Executive Officer of Duane Morris LLP. Under applicable Nasdaq Global Select Market rules, Mr. Bonovitz qualifies as independent notwithstanding this past business relationship. However, our Board has determined that Mr. Bonovitz does not meet the independence definition in our corporate charter because of his personal relationships with the Roberts family. Mr. Bonovitz is married to a first cousin of Mr. Brian L. Roberts.
- Mr. Breen is Chairman of the Board and Chief Executive Officer of Tyco International Ltd. ("Tyco"), a company with which we engage in ordinary course commercial transactions. Under applicable Nasdaq Global Select Market rules, Mr. Breen qualifies as independent since the amount of fees we paid to Tyco and the amount of fees Tyco paid to us in respect of such commercial arrangements fall within Nasdaq Global Select Market prescribed limits. In each of 2005, 2006 and 2007, the amounts we paid to Tyco and the amounts Tyco paid to us did not exceed the greater of 5% of the recipient company's consolidated gross revenues for that year or \$200,000. In considering Mr. Breen's independence under our corporate governance guidelines, our Board also determined that the Tyco business relationship is on customary arm's-length terms and is not material to us. In addition, our Board determined that Mr. Breen has no material conflicts of interest as a result of the Tyco business relationship, and that he has no other material personal or business relationships with us or any of our executive officers or other employees.
- Mr. Hassell is President and a director of The Bank of New York Mellon ("BONY"), a company with which we engage in ordinary course commercial banking transactions. Under applicable Nasdaq Global Select Market rules, Mr. Hassell qualifies as independent since the amount of fees we paid to BONY in respect of such commercial arrangements fall within Nasdaq Global Select Market

prescribed limits. In each of 2005, 2006 and 2007, the amounts we paid to BONY did not exceed the greater of 5% of BONY's consolidated gross revenues for that year or \$200,000. In considering Mr. Hassell's independence under our corporate governance guidelines, our Board also determined that the BONY business relationship is on customary arm's-length terms and is not material to us. In addition, our Board determined that Mr. Hassell has no material conflicts of interest as a result of the BONY business relationship, and that he has no other material personal or business relationships with us or any of our executive officers or other employees.

#### **About our Board and its Committees**

##### **The Board**

We are governed by a Board of Directors and various committees of the Board that meet throughout the year. During 2007, there were eight meetings of our Board and a total of 23 committee meetings. Each director attended more than 75% of the aggregate of the number of Board meetings and the number of meetings held by all of the committees on which he or she served. Our independent directors have the opportunity to meet separately in an executive session following each regularly scheduled Board meeting and under our corporate governance guidelines are required to meet in executive session at least two times each year. During 2007, our independent directors held five of these executive sessions. Following the annual meeting of shareholders, if all director nominees are elected to serve

as our directors, we will have nine independent directors. As described in greater detail below, we also have a Presiding Director, currently Mr. Cook, who presides at the executive sessions held by our independent directors. We require our directors to attend the annual meeting of shareholders, barring unusual circumstances. All but one of our directors attended the 2007 annual meeting of shareholders.

Presiding Director

In accordance with our corporate governance guidelines, our Board has a Presiding Director position, which is currently filled by Mr. Cook. The Presiding Director:

- presides over executive sessions of our independent directors, including an annual executive session during which our independent directors review the performance of our Chief Executive Officer and senior management;
- consults in advance with our independent directors concerning the need for an executive session in connection with each regularly scheduled Board meeting, as well as the agenda items for any such Board meeting (including those of interest to our independent directors);
- communicates periodically between Board meetings and executive sessions with our independent directors, following discussions with management and otherwise, on topics of importance to our independent directors;
- reviews and approves the process for the annual self-assessment of our Board and committees;
- organizes the annual Board evaluation of the performance of our Chief Executive Officer and senior management; and
- reviews and suggests topics for presentation at Board meetings.

The role of Presiding Director is filled by an independent director recommended by the Governance and Directors Nominating Committee and appointed by the Board annually at the Board meeting immediately following the annual meeting of shareholders.

Committees of our Board

Our Board has four committees. The following describes for each committee its current membership, the number of meetings held during 2007 and its mission.

Executive and Finance Committee

Sheldon M. Bonovitz, Julian A. Brodsky, J. Michael Cook and Ralph J. Roberts (Chair).

This committee met two times in 2007. The Executive and Finance Committee acts for the directors in the intervals between Board meetings with respect to any matters delegated to it by our Board.

Audit Committee

Joseph J. Collins, J. Michael Cook (Chair), Jeffrey A. Honickman and Dr. Judith Rodin. Each member of the committee is independent as defined under Nasdaq Global Select Market rules. A copy of this committee's charter is posted under the "Governance" section of our Web site at [www.cmcsa.com](http://www.cmcsa.com) or [www.cmcsk.com](http://www.cmcsk.com).

This committee met 10 times in 2007. The Audit Committee is responsible for the oversight and evaluation of:

- the qualifications, independence and performance of our independent auditors;
- the performance of our internal audit function; and
- the quality and integrity of our financial statements and the effectiveness of our internal control over financial reporting.

The Audit Committee is also responsible for preparing the Audit Committee report required by the rules of the SEC, which is included on page 18.

Our Board has concluded that J. Michael Cook qualifies as an audit committee financial expert.

Compensation Committee

S. Decker Anstrom, Joseph J. Collins, Dr. Judith Rodin (Chair) and Michael I. Sovern. Each member of the committee is independent as defined under Nasdaq Global Select Market rules and qualifies as a “non-employee director” (as defined under Rule 16b-3 under the Exchange Act) and an “outside director” (as defined in Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”)). A copy of this committee’s charter is posted under the “Governance” section of our Web site at [www.cmcsa.com](http://www.cmcsa.com) or [www.cmcsk.com](http://www.cmcsk.com).

This committee met six times in 2007. The Compensation Committee reviews and approves our compensation and benefit programs, ensures the competitiveness of these programs and oversees and sets compensation for our senior executives. The Compensation Committee is responsible for approving the nature and amount of compensation paid to, and the employment and related agreements entered into with, our executive officers, establishing and evaluating performance based goals related to compensation, overseeing our cash bonus and equity based plans, approving guidelines for grants of awards under these plans and determining and overseeing our compensation and benefits policies generally. Each year, over the course of at least two meetings, the Compensation Committee performs a review of our compensation philosophy, our executive compensation programs and the performance of our named executive officers. The Compensation Committee’s determinations are reviewed annually by the independent directors. Also, together with the Governance and Directors Nominating Committee, it oversees succession planning for our senior management (including our Chief Executive Officer). The Compensation Committee is also responsible for preparing the Compensation Committee report required by the rules of the SEC, which is included on page 47.

On a regular basis, we engage the services of an independent compensation consultant to provide research and analysis as to the form and amount of executive and director compensation. The consultant does not have any role in determining or recommending the form or amount of compensation. We request that the consultant provide market research utilizing information derived from proxy statements, surveys and its own consulting experience, and that the

consultant use other methodological standards and policies in accordance with its established procedures. The Compensation Committee determines or approves the parameters used by the consultant in its research. Parameters include such items as the composition of peer groups, the reference points within the data (*e.g.*, median, seventy-fifth percentile) and the elements of compensation. The current compensation consultant is Mercer. Although Mercer received fees from us in connection with other services it provided in 2007, we do not believe that such fees impair Mercer's independence in providing services and advice on the compensation matters discussed in this section.

As part of their job responsibilities, certain of our named executive officers participate in gathering and presenting facts related to compensation and benefit matters as requested by the Compensation Committee and in formulating and making recommendations to the Compensation Committee in these areas. The executives, together with our employees who work in the compensation area and our compensation consultant, also conduct research and consult with legal counsel and other expert sources to keep abreast of developments in these areas. All decisions, however, regarding the compensation of our named executive officers are made by the Compensation Committee and reviewed by the Board, following reviews and discussions held in executive sessions.

Governance and Directors Nominating Committee

S. Decker Anstrom (Chair), Kenneth J. Bacon, Edward D. Breen, Jeffrey A. Honickman and Michael I. Sovern. Each member of the committee is independent as defined under Nasdaq Global Select Market rules. A copy of this committee's charter is posted under the "Governance" section of our Web site at [www.cmcsa.com](http://www.cmcsa.com) or [www.cmcsk.com](http://www.cmcsk.com).

This committee met five times in 2007. The Governance and Directors Nominating Committee exercises general oversight with respect to the governance of our Board, as well as corporate governance matters involving us and our directors and executive officers. It also is responsible for periodically leading reviews and evaluations of the performance, size and responsibilities of our Board and its committees and, together with the Compensation Committee, oversees succession planning for our senior management (including our Chief Executive Officer).

The Governance and Directors Nominating Committee also identifies and recommends director nominees. In assessing candidates, whether recommended by the committee or by shareholders, the committee considers an individual's professional knowledge, business, financial and management expertise, industry knowledge and entrepreneurial background and experience. The committee also considers diversity, applicable independence requirements and the current composition of our Board.

The Governance and Directors Nominating Committee will consider director candidates nominated by shareholders. In order for a shareholder to make a nomination, the shareholder must provide a

written notice along with the additional information listed below required by our by-laws within the following time periods. For election of directors at the 2009 annual meeting of shareholders, if such meeting is called for a date between April 14, 2009 and June 15, 2009, we must receive written notice on or after January 14, 2009 and on or before February 13, 2009. For election of directors at the 2009 annual meeting of shareholders, if such meeting is called for any other date, we must receive written notice by the close of business on the tenth day following the day we mailed notice of, or announced publicly, the date of the meeting, whichever occurs first. Our by-laws require that a written notice set forth: (i) the name and address of the shareholder intending to make the nomination and of the person or persons to be nominated; (ii) a representation that the shareholder is a holder of record of our shares entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (iii) a description of all arrangements or understandings between the shareholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the shareholder; (iv) such other information regarding each nominee proposed by such shareholder as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had the nominee been nominated by our Board; and (v) the written consent of each nominee to serve as a director if so elected. You can obtain a copy of the full text of the relevant by-law provision by writing to Arthur R. Block, Secretary, Comcast Corporation, at the address given on page 3. A copy of our by-laws has also been filed with the SEC as an exhibit to our Annual Report on Form 10-K filed on February 20, 2008.

## **Director Compensation**

### ***Board and Committee Fees and Equity Awards***

Directors who are our employees do not receive any fees for their services as directors including for any service on any Board committee. Each nonemployee director receives a \$60,000 annual retainer and \$2,500 for each Board meeting or other meeting attended in his or her capacity as director or for any other business conducted on our behalf, \$2,500 for each Audit, Compensation or Governance and Directors Nominating Committee meeting attended and \$1,000 for each Executive and Finance Committee meeting attended. The Chair of the Audit Committee receives an additional annual retainer of \$20,000, and the Chairs of the Compensation Committee and the Governance and Directors Nominating Committee receive an additional annual retainer of \$10,000. Other members of the Audit Committee receive an additional annual retainer of \$10,000 and other members of the Compensation Committee and the Governance and Directors Nominating Committee receive an additional annual retainer of \$5,000. The Chair of the Executive and Finance Committee receives an additional annual retainer of \$5,000 and the other members of this committee receive an additional annual retainer of \$2,500. Fees received by a director may be deferred in whole or in part under our deferred compensation plans. Up to one-half of the Board annual retainer may be received, at the election of the nonemployee director, in shares of Class A common stock.

Nonemployee directors are reimbursed for travel expenses for meetings attended. Nonemployee directors are provided with our cable, high-speed Internet and digital voice services at no cost (if available in the area in which they live) during the time they serve on our Board and for five years thereafter.

Each nonemployee director is granted annually, on November 20, share units with respect to shares of Class A common stock having a fair market value on the date of grant of \$125,000. These share units are

fully vested on the grant date. It is the practice of our Board to review nonemployee director compensation on a biennial basis.

For details regarding director compensation for 2007, see "Director Compensation for 2007" on page 70.

**Director Stock Ownership Policy**

Our nonemployee director stock ownership policy requires our nonemployee directors to hold a number of shares of our common stock having a value equal to five times the director's annual cash retainer. Each nonemployee director has a period of five years to reach this ownership requirement. For purposes of this policy, "ownership" is defined to include stock owned directly or indirectly by the director and shares underlying deferred stock units under our deferred stock option plan. In addition, 60% of each of the following types of ownership also count: the market value of the director's stock fund under our deferred compensation plans, deferred shares under our restricted stock plan and the difference between the market price and exercise price of vested stock options. In determining compliance, the Compensation Committee may take into account any noncompliance that occurs solely or primarily as a result of a decline in the market price of our stock. Our nonemployee director stock ownership policy is posted under the "Governance" section of our Web site at [www.cmcsa.com](http://www.cmcsa.com) or [www.cmcsk.com](http://www.cmcsk.com). All nonemployee directors satisfy the requirements of our stock ownership policy.

**Related Party Transaction Policy and Certain Transactions**

We review all transactions involving us in which any of our directors, director nominees, significant shareholders and executive officers and their immediate family members are participants to determine whether such person has a direct or indirect material interest in the transaction. All directors, director nominees and executive officers are required to promptly notify our General Counsel or the appropriate Executive Vice President of any proposed transaction involving us in which such person has a direct or indirect material interest. Such proposed transaction is then reviewed by either our Board as a whole, the Governance and Directors Nominating Committee or the Audit Committee, which determines whether or not to approve or ratify the transaction based on the following criteria:

- The nature and materiality of the related person's interest in the transaction;
- The commercial reasonableness of the terms of the transaction;
- The benefit or lack thereof to the Company;
- The opportunity costs of alternate transactions;
- The actual or apparent conflict of interest of the related person; and
- Any other matters the body deems appropriate.

After such review, the reviewing body approves or ratifies the transaction only if it determines that the transaction is in, or not inconsistent with, the best interests of the Company and its shareholders. Our related party transaction policy is set forth in our code of ethics and business conduct, which is posted under the "Governance" section of our Web site at [www.cmcsa.com](http://www.cmcsa.com) or [www.cmcsk.com](http://www.cmcsk.com).

Additionally, BONY participates in syndicated loans made to us. These loans were made in the ordinary course of business; the loans were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to BONY; and the loans did not involve more than the normal risk of collectibility or present other unfavorable features. Mr. Hassell was not directly involved in the negotiation of these agreements and he is not involved in any aspect of the commercial relationship between us and BONY.

**PROPOSAL 2: RATIFICATION OF THE APPOINTMENT  
OF OUR INDEPENDENT AUDITORS**

The Audit Committee has appointed Deloitte & Touche LLP to serve as our independent auditors for the fiscal year ending December 31, 2008. We are asking you to ratify this appointment, although your ratification is not required. A representative of Deloitte & Touche LLP will be present at the meeting, will have the opportunity to make a statement and will be available to respond to appropriate questions.

**OUR BOARD UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT AUDITORS.**

Set forth below are the fees paid or accrued for the services of Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu and their respective affiliates in 2007 and 2006.

	<u>2007</u>	<u>2006</u>
	(in millions)	
Audit fees	\$ 4.7	\$ 4.9
Audit-related fees	\$ 0.5	\$ 1.3
Tax fees	\$ 0.4	\$ 0.8
All other fees	<u>—</u>	<u>—</u>
	<u>\$ 5.6</u>	<u>\$ 7.0</u>

Audit fees consisted of fees paid or accrued for services rendered to us and our subsidiaries for the audits of our annual financial statements, audits of our internal control over financial reporting (as required by Section 404 of the Sarbanes-Oxley Act of 2002), reviews of our quarterly financial statements and audit services provided in connection with other statutory or regulatory filings. The decrease in audit fees in 2007 compared to 2006 was primarily due to additional audit work in 2006 associated with our acquisition, redemption and exchange transactions with Adelphia Communications Corporation and Time Warner Inc.

Audit-related fees in 2007 and 2006 consisted primarily of fees paid or accrued for attestation services related to contractual and regulatory compliance and in 2006 also included audits associated with acquisitions and dispositions.

Tax fees consisted of fees paid or accrued for domestic and foreign tax compliance services, including tax examination assistance, expatriate administration and tax preparation and international tax planning and advice. In both 2007 and 2006, tax fees included \$10,000 or less for tax planning and advice.

**Preapproval Policy of Audit Committee of Services Performed by Independent Auditors**

The Audit Committee's policy requires that the committee preapprove audit and non-audit services performed by the independent auditors to assure that the services do not impair the auditors' independence. Unless a type of service has received general preapproval, it requires separate preapproval by the Audit Committee. Even if a service has received general preapproval, if the fee associated with the service exceeds \$250,000 in a single engagement or series of related engagements or relates to tax planning and advice, it requires separate preapproval. The Audit Committee has delegated its preapproval authority to its Chair.

**Report of the Audit Committee**

The Audit Committee is comprised solely of independent directors meeting the requirements of applicable SEC and Nasdaq Global Select Market rules. The key responsibilities of our committee are set forth in our charter, which was adopted by us and approved by the Board and is posted under the "Governance" section of Comcast's Web site at [www.cmcsa.com](http://www.cmcsa.com) or [www.cmcsk.com](http://www.cmcsk.com).

We serve in an oversight capacity and are not intended to be part of Comcast's operational or managerial decision-making process. Comcast's management is responsible for the preparation, integrity and fair presentation of information in the consolidated financial statements, the financial reporting process and internal control over financial reporting. The independent auditors are responsible for auditing the consolidated

financial statements and internal control over financial reporting. Our principal purpose is to monitor these processes.

In this context, at each regularly scheduled meeting, we met and held discussions with management and the independent auditors. Management represented to us that Comcast's consolidated financial statements were prepared in accordance with generally accepted accounting principles applied on a consistent basis. We have reviewed and discussed the quarterly and annual earnings press releases and consolidated financial statements with management and the independent auditors. We also discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended, and Rule 2-07 (Communication with Audit Committees) of Regulation S-X.

We discussed with the independent auditors the auditors' independence from Comcast and its management, including the matters, if any, in the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). We also considered whether the independent auditors' provision of audit and non-audit services to Comcast is compatible with maintaining the auditors' independence.

We discussed with Comcast's internal and independent auditors the overall scope and plans for their respective audits. We met with the internal and independent auditors, with and without management present, to discuss the results of their examinations, the evaluations of Comcast's internal controls, and the overall quality and integrity of Comcast's financial reporting.

Based on the reviews and discussions referred to above, we have recommended to the Board, and the Board has approved, that the audited financial statements be included in Comcast's Annual Report on Form 10-K for the year ended December 31, 2007, for filing with the SEC.

We have appointed Deloitte & Touche LLP as Comcast's independent auditors for 2008.

**PROPOSAL 3: APPROVAL OF OUR 2002 RESTRICTED STOCK PLAN,  
AS AMENDED AND RESTATED**

Our 2002 Restricted Stock Plan was ratified by our Board on November 20, 2002 and approved by our shareholders on each of May 7, 2003, May 26, 2004, June 1, 2005 and May 18, 2006. We have used a substantial portion of the current authorized share pool under the plan for existing awards. As a result of this, on March 24, 2008, the Compensation Committee approved an amendment to the 2002 Restricted Stock Plan to increase the number of shares available for issuance under this plan from 52,500,000 to 66,500,000, subject to shareholder approval. In addition, on March 18, 2008, our Board approved an extension of the expiration date of the plan from February 25, 2013 to May 13, 2018.

The Board believes that the increased number of shares available for issuance under this plan represents a reasonable amount of potential additional equity dilution and allows the Company to continue awarding equity incentives, which are an important component of our compensation program. The Company expects that it will seek shareholder approval periodically in the future for additional shares to continue the program.

In accordance with applicable Nasdaq Global Select Market rules, our Board is asking shareholders to approve the plan as so amended and restated. If the plan, as amended and restated, is not approved, we will not be able to make the proposed additional 14,000,000 shares available for issuance under this plan and the plan will expire on February 25, 2013, but the plan will otherwise remain in effect.

In addition, in accordance with Section 162(m) of the Code, our Board is asking shareholders to reapprove the range of performance targets that our Compensation Committee may use in connection with the grant of awards under this plan. By obtaining such approval, any shares delivered pursuant to awards tied to objective, quantitative targets will be eligible to be treated as qualified performance-based compensation and will be deductible by us for federal income tax purposes. If the plan is not approved, the plan will otherwise remain in effect but, beginning in 2010, we may not be able to treat as a deductible expense for federal income tax purposes grants of awards under the plan to certain of our executive officers, notwithstanding that they may be subject to the satisfaction of quantitative performance standards or to the individual award limit described below.

**Description of our 2002 Restricted Stock Plan**

The following is a summary of the material features of this plan, as amended and restated. The following summary does not purport to be complete and is qualified in its entirety by reference to the terms of our 2002 Restricted Stock Plan, which is attached to this proxy statement as Appendix A.

*Types of Awards; Eligibility.* Awards of restricted stock and RSUs may be granted under the plan. Awards of restricted stock are shares of common stock that are awarded subject to such restrictions on transfer as the Compensation Committee or Board may establish. Awards of RSUs are units valued by reference to shares of common stock that entitle a participant to receive, upon the settlement of the unit, one share for each unit. Our employees and employees of our participating subsidiaries, if designated by the committee, as well as our nonemployee directors, are eligible to receive awards under the plan. Based on the committee's grant guidelines, the number of employees currently eligible to participate in the plan is approximately 9,500 and there are currently nine nonemployee directors. No individual may be awarded more than 1,500,000 restricted shares or RSUs in any calendar year.

*Shares Subject to the Plan.* The aggregate maximum number of shares that may be issued pursuant to awards under the plan is currently 52,500,000 shares (which shares may be either shares of Class A common stock or shares of Class A Special common stock), subject to adjustment in the event of certain corporate events. Under the amended plan, such number of shares is 66,500,000. As of the close of business on March 28, 2008, of the current aggregate amount, approximately 29,500,000 shares of Class A common stock and 10,000,000 shares of Class A Special common stock had been issued or reserved for issuance under the plan. Shares issued under the plan may be either treasury shares or shares originally issued for purposes of the plan. Rights to receive shares forfeited pursuant to the terms of an award will be available again for grant

under the plan. As of March 6, 2008, the fair market value of a share of Class A common stock and Class A Special common stock was \$19.71 and \$19.40, respectively.

*Term of the Plan.* Currently, no awards may be granted under the plan after February 25, 2013. Under the amended plan, no awards may be granted under the plan after May 13, 2018.

*Administration.* The plan is administered by the Compensation Committee. This committee has authority to determine who is eligible to participate in the plan, select individuals to whom awards will be granted, interpret the plan and prescribe and amend rules and regulations relating to the plan. The committee may delegate to one of our officers or a committee of two or more of our officers its discretion under the plan to make grants of awards to any eligible employee, provided, however, that grants to any named executive officer who is listed in our summary compensation table and any other executive officer subject to the short-swing profit recapture rules of the Exchange Act will be made by the committee and grants to any other individual who, at the time of grant, has a base salary of \$500,000 or more or holds a position with us of Senior Vice President or higher will be subject to approval by the committee or a committee consisting of the Chairman of the Committee and one or more officers appointed by the committee. Our Board is responsible for granting awards to nonemployee directors.

*Terms of Awards.* The committee determines the terms and conditions of each award granted to employee participants, including the restrictions applicable to shares underlying awards of restricted stock and the dates these restrictions lapse and the award vests, as well as the vesting and settlement terms applicable to RSUs. When an award vests, we deliver to the recipient a certificate for the number of shares without any legend or restrictions (except as necessary to comply with applicable state and federal securities laws).

The committee may condition the vesting of, or lapse of restrictions with respect to, any award of restricted shares or RSUs upon the satisfaction of performance targets or goals as described below. The committee is authorized to establish Company-wide, division-wide or individual goals, which may be quantitative performance standards or qualitative performance standards. The quantitative performance standards include financial measurements such as income, expense, operating cash flow, free cash flow, numbers of customers of or subscribers for various services and products offered by us or one of our divisions, customer service measurements and other objective financial or service-based standards relevant to our business as may be established by the committee. The qualitative performance standards may include, but are not limited to, customer satisfaction, management effectiveness, workforce diversity and other qualitative performance standards relevant to our business. For each calendar year, annual performance goals will be established by the committee by no later than the 90th day of the year. Performance goals that are not annual will be established within the first quarter of the start of the applicable performance period. After the close of the calendar year, the committee will also determine whether the performance goals have been satisfied. In addition, the committee may condition the vesting of, or lapse of restrictions with respect to, an award based on the satisfaction of performance standards as it may determine to be appropriate, whether or not previously designated as a performance standard. Presently, only our named executive officers have been granted performance-based awards.

The terms and conditions of each award of share units granted to a nonemployee director are determined under our 2002 Non-Employee Director Compensation Plan, which is administered by our Board and which was filed as an exhibit to our Annual Report on Form 10-K for 2007. Our 2002 Non-Employee Director Compensation Plan provides that on each November 20, our Board will grant an award of share units to each nonemployee director having a fair market value of \$125,000 on the date of grant. Nonemployee directors are also eligible to receive awards of share units upon commencement of service with us. These awards will have a fair market value ranging from \$31,250 to \$125,000 on the date of grant, depending on the date the nonemployee director commences service with us. Each award of share units is fully vested on the grant date.

*Termination of Employment.* Except as otherwise provided in an applicable award or employment agreement, upon termination of employment, all awards that are then still subject to restrictions or that have not vested will be forfeited. With respect to any award, the committee may, in its sole discretion, waive restrictions or vesting conditions in whole or in part or accelerate vesting. For a discussion of the treatment of

RSUs held by our named executive officers upon a termination of their employment, see "Agreements with our Named Executive Officers" beginning on page 61 of this proxy statement.

*Deferral.* Each recipient of an award who qualifies under the terms of the plan has the right to defer the receipt, subject to re-deferral, of any or all of the vested shares subject to an award under the terms and conditions as determined by the committee and the plan. Upon making an appropriate election, a portion of the deferred awards may be paid out in cash.

*Withholding.* Unless otherwise determined by the committee, tax liabilities incurred by employees in connection with the grant of an award or its vesting or lapse of restrictions or settlement will be satisfied by our withholding a portion of the shares subject to the award that have a fair market value approximately equal to the minimum amount of taxes required to be withheld by us under applicable law. Subject to certain conditions specified in the plan, a recipient of an award may elect to have taxes withheld in excess of the minimum amount required to be withheld or may satisfy his or her tax withholding in cash.

*Adjustments.* The aggregate number of shares under the plan, the class of shares as to which awards may be granted and the number of shares covered by each outstanding award are subject to adjustment in the event of a stock dividend, recapitalization or certain other corporate transactions.

*Terminating Events.* In the event of our liquidation or a change in control of the Company effected through a transaction or series of transactions in which an unaffiliated third party acquires share ownership such that this party has the ability to direct the management of the Company, as determined by our Board in its sole discretion, the committee may provide that upon consummation of such an event, any outstanding awards will vest in full or in part or that all restricted stock or RSUs that have been previously deferred will be transferred to the recipient.

*Amendment or Termination.* The plan may be amended by our Board or the committee and may be terminated by our Board at any time. No award will be affected by any amendment or termination without the written consent of its recipient.

*New Plan Benefits.* Future grants of awards of restricted stock or RSUs, if any, that will be made to eligible employees with respect to those shares that are subject to shareholder approval are subject to the discretion of the committee and, therefore, are not determinable at this time. The following table reflects awards of RSUs granted in 2007.

## Federal Income Taxation

The following discussion is a summary of the material U.S. federal income tax consequences of restricted stock and RSUs granted under the plan.

*Restricted Stock.* Generally, the grant of an award of restricted stock that is subject to restrictions on transfer and a substantial risk of forfeiture is not a taxable event. The recipient of the award will recognize ordinary compensation income in each year in which restrictions on the award lapse and the award vests in an amount equal to the fair market value of the shares of common stock received. An award of restricted stock that is fully vested on the grant date generally will be taxable to the recipient on such date. A recipient's basis for determining gain or loss on a subsequent disposition of these shares of common stock will be the amount the recipient must include in income when the restrictions lapse or when the award was granted, if not subject to restrictions. Any gain or loss recognized on a disposition of the shares of common stock generally will be short-term or long-term capital gain or loss depending on the length of time the recipient holds the shares.

If a recipient of an award of restricted stock properly makes an election pursuant to Section 83(b) of the Code, he or she will recognize ordinary compensation income equal to the fair market value of the shares of common stock at the time the shares are awarded, without taking into account the effect of the restrictions on the award. The recipient's basis for determining gain or loss on a subsequent disposition of shares will be the amount the recipient so included in income. Any gain or loss recognized on a disposition of shares of common stock that were subject to the Section 83(b) election will be short-term or long-term capital gain or loss, depending on the length of time since the date of the award. If, however, the recipient forfeits an award upon a termination of employment before the time the restrictions lapse, he or she generally will not be entitled to deduct any loss upon such forfeiture even though the recipient may have been required to include an amount in income by virtue of the Section 83(b) election.

*Restricted Stock Units.* Generally, the grant of an award of RSUs is not a taxable event. The recipient of the award will recognize ordinary compensation income in each year in which the units are settled in an amount equal to the fair market value of the shares of common stock received. A recipient's basis for determining gain or loss on a subsequent disposition of these shares of common stock will be the amount the recipient must include in income when the units vest and are settled. Any gain or loss recognized on a disposition of the shares of common stock generally will be short-term or long-term capital gain or loss, depending on the length of time the recipient holds the shares.

A recipient who makes a proper election to defer the receipt of shares received in settlement of an award of restricted stock or to defer the settlement of RSUs will not recognize income with respect to the shares or units until the end of the deferral period. At the end of the deferral period, the recipient will recognize ordinary compensation income equal to the fair market value of the shares of common stock issued at that time.

Subject to Section 162(m) of the Code and our satisfaction of applicable reporting requirements, at the time income is recognized by the recipient of an award of restricted stock or RSUs, we will be entitled to a corresponding deduction. Under Section 162(m) of the Code, the deduction is available if, among other reasons, the compensation constitutes qualified performance based compensation. One requirement to be qualified performance based compensation is that the material terms of the performance goal or goals under which the compensation will be paid must be disclosed to and approved by the Company's shareholders before the compensation is paid. In addition, if the Compensation Committee has authority to change the targets under a performance goal or goals after shareholder approval, the material terms of the performance goal or goals must be disclosed to and reapproved by shareholders no later than the first shareholder meeting that occurs in the fifth year following the year in which shareholder approval was previously received. We are seeking such reapproval in this proxy statement, and expect to do so again periodically in the future.

**OUR BOARD UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" APPROVAL OF OUR 2002 RESTRICTED STOCK PLAN, AS AMENDED AND RESTATED.**

**PROPOSAL 4: APPROVAL OF OUR 2003 STOCK OPTION PLAN,  
AS AMENDED AND RESTATED**

Our 2003 Stock Option Plan was adopted by our Board on February 26, 2003 and approved by our shareholders on May 7, 2003. We have used a substantial portion of the current authorized share pool under the plan for existing awards. As a result of this, on March 24, 2008, the Compensation Committee approved an amendment to the plan to increase the number of shares available for issuance under this plan from 105,000,000 to 139,000,000, subject to shareholder approval. In addition, on February 12, 2008, the Compensation Committee approved an extension of the expiration date of the plan from February 25, 2013 to May 13, 2018.

The Board believes that the increased number of shares available for issuance under this plan represents a reasonable amount of potential additional equity dilution and allows the Company to continue awarding equity incentives, which are an important component of our compensation program. The Company expects that it will seek shareholder approval periodically in the future for additional shares to continue the program.

In accordance with applicable Nasdaq Global Select Market rules, our Board is asking shareholders to approve the plan as so amended and restated. If the plan, as amended and restated, is not approved, we will not be able to make the proposed additional 34,000,000 shares available for issuance under this plan and the plan will expire on February 25, 2013, but the plan will otherwise remain in effect.

**Description of the 2003 Stock Option Plan**

The following is a summary of the material features of the 2003 Stock Option Plan. The following summary does not purport to be complete and is qualified in its entirety by reference to the terms of the 2003 Stock Option Plan, which is attached to this proxy statement as Appendix B.

*Types of Awards.* The plan provides for the grant of options to purchase shares. Options granted may be incentive stock options as defined under Section 422(b) of the Code ("ISOs"). Options which do not qualify as ISOs and are referred to as nonqualified stock options (together with ISOs, "Options") may also be granted under the plan. The plan also provides for the grant of tandem cash rights, which are rights to receive a cash payment of an amount per share determined by the committee and specified in the Option document, in lieu of exercising a nonqualified stock option. However, historically, we have not granted any such tandem cash rights under the plan. Individuals who receive Options are referred to as "Optionees."

*Eligibility.* Our employees and employees of our participating subsidiaries, if designated by the committee, as well as our nonemployee directors, are eligible to receive Options under the plan. Employees other than officers are eligible to receive cash rights under the plan. ISOs may only be granted to employees of the Company and its subsidiaries. Based on the committee's grant guidelines, the number of employees, including the Company's executive officers, currently eligible to participate in the plan is approximately 9,500 and there are currently nine nonemployee directors. The maximum number of shares for which Options may be granted to any single individual in any calendar year is 15,000,000 shares, subject to adjustment in the event of certain corporate events.

*Shares Subject to the Plan.* The aggregate number of shares that may be issued under the plan is currently 105,000,000 shares of Class A common stock, subject to adjustment in the event of certain corporate events. Under the amended plan, such number of shares is 139,000,000. As of the close of business on March 28, 2008, of this aggregate amount, approximately 91,000,000 shares had been issued or reserved for issuance under the plan. Shares deliverable under the plan may consist of either treasury shares or shares originally issued for purposes of the plan. If an Option granted under the plan expires or terminates without having been exercised in full, the shares subject to such Option will be available again for grant under the plan. As of March 6, 2008, the fair market value of a share of Class A Common Stock was \$19.71.

*Term of the Plan.* Currently, the plan will terminate no later than February 25, 2013. Under the amended plan, the plan will terminate no later than May 13, 2018.

*Administration.* The plan is administered by the Compensation Committee or any other committee or subcommittee designated by the Board, provided such committee or subcommittee is composed of two or

more nonemployee members of the Board, each of whom is an "outside director" within the meaning of the Code. Currently, the committee administers the plan. The committee may delegate to one of our officers or a committee of two or more of our officers its discretion under the plan to make grants of awards to any eligible employee, provided, however, that grants to any named executive officer who is listed in our summary compensation table and any other executive officer subject to the short-swing profit recapture rules of the Exchange Act will be made by the committee and grants to any other individual who, at the time of grant, has a base salary of \$500,000 or more or holds a position with us of Senior Vice President or higher will be subject to approval by the committee or a committee consisting of the Chairman of the committee and one or more officers appointed by the committee. However, Options granted pursuant to this delegated authority may not have an exercise price less than the fair market value of a share on the date of grant.

The committee has the authority to interpret the terms of the plan and make and amend rules relating to the plan. It also has the authority to select individuals to whom awards will be granted, to determine the terms and conditions of awards (other than the terms and conditions of Options granted to nonemployee directors, which terms will be determined by the Board) and to determine the number of shares issuable upon exercise of each Option. Under certain circumstances, the committee may have the power to accelerate the exercise date of outstanding Options.

*Adjustments.* In the event that shares are exchanged for a different number or kind of shares of the Company through merger, recapitalization, stock dividend, stock split or other similar capital adjustments, the Board will make such adjustments as it deems appropriate. The Board's determination will be binding for all purposes of the plan.

#### **Terms of Options**

*Exercise Price.* The exercise price for each Option will be determined by the committee, but will not be less than 100% of the fair market value of a share on the date of grant for any ISO. If an ISO is granted to a 10% shareholder of the Company, the exercise price will be at least 110% of the fair market value of a share on the date of grant.

*Method of Exercise.* Options will be exercisable in such manner as determined by the committee. Payment of the exercise price for an Option may be made in cash; by certified check; at the election of the Optionee and upon committee approval, by delivering or attesting to shares which meet the conditions specified in the plan; or, with respect to Options granted on or after February 28, 2007 and certain Options granted prior to February 28, 2007, by cashless exercise.

*Limits on Exercisability.* No Option will be exercisable after the expiration of 10 years from the date an Option is granted (five years with respect to an ISO held by an Optionee who is a 10% shareholder of the Company). Options will be exercisable at such times as determined by the committee, but generally an Option will expire on the first to occur of: (i) 90 days after the date of a termination of employment for any reason other than disability, death or "Cause" (as defined in the plan); provided that the committee may specify in the document governing the Option that an Option may be exercisable during a longer period after the Optionee ceases to be an employee, but in no event later than the expiration of the Option term specified in such document; (ii) one year after the date of termination of employment due to death or disability or (iii) termination of employment for "Cause." In the event of a termination for "Cause," in addition to immediate termination of the Option, the Optionee, upon a determination by the committee, will forfeit all shares resulting from the exercise of an Option for which the Company has not yet delivered stock, upon refund by the Company of the exercise price of the Option.

Options that are granted to certain employees of the Company, including the executive officers named in the "Summary Compensation Table for 2007" on page 48, provide that in the event of death or disability, the Options will vest fully and remain exercisable for the remaining term.

*Cash Rights.* As described above, the plan provides that the committee may, in its sole discretion, give an Optionee the right to receive a cash payment of an amount per share determined by the committee and specified in the Option document, in lieu of exercising a nonqualified stock option. Such rights are subject to

the same vesting, expiration and transferability terms as the Options to which they are attached. Cash rights may only be granted in connection with Options and may not be exercised separately. Officers are not eligible to receive cash rights under the plan.

*Transferability.* In general, Options are not transferable by the Optionee except by will or by the laws of descent and distribution, and, during the lifetime of the Optionee, Options may be exercised only by the Optionee. However, the plan provides that the committee may, in its discretion, provide that Options may be transferred to a Family Member (as defined in General Instructions A.1(a)(5) to Form S-8 under the Securities Act of 1933) of the Optionee, provided that such transfer is without consideration.

*Withholding.* Unless otherwise determined by the committee, generally any tax liabilities incurred by employees in connection with the exercise of a nonqualified stock option will be satisfied by the Company's withholding a portion of the shares underlying the Option that have a fair market value approximately equal to the minimum amount of taxes required to be withheld by the Company under applicable law. Subject to certain conditions specified in the plan, an Optionee may elect to have taxes withheld in excess of the minimum amount required to be withheld or may satisfy his or her tax withholding in cash. Tax liabilities incurred in connection with the exercise of an ISO will be satisfied by the Optionee's payment to the Company of an amount in cash equal to all taxes required to be withheld, unless otherwise determined by the committee.

*Terminating Events.* In the event of the liquidation of the Company or a change in control of the Company effected through a transaction or series of transactions in which an unaffiliated third party acquires share ownership such that this person has the ability to direct the management of the Company, as determined by the Board in its sole discretion, the committee may provide that the Option will become exercisable in full or the Company may provide that an Optionee must exercise any then exercisable Options or forfeit such Options.

*Amendment or Termination.* The Board or the committee may amend the plan from time to time in such manner as it may deem advisable. However, amendments to change the class of individuals eligible to receive ISOs, extend the expiration date of the plan, decrease the minimum exercise price of an ISO or increase the maximum number of shares for which Options may be granted (other than as a result of adjustments due to certain corporate events) are not effective unless shareholder approval is obtained within twelve months before or after such action. The Board or committee may not reduce the exercise price of an outstanding Option without shareholder approval, except as described above under "Adjustments."

*New Plan Benefits.* Future grants of Options, if any, that will be made to eligible employees with respect to those shares that are subject to shareholder approval are subject to the discretion of the committee and, therefore, are not determinable at this time. The following table reflects awards of Options granted in 2007.

#### Federal Income Taxation

The following discussion is a summary of the material U.S. federal income tax consequences of Options granted under the plan.

*Incentive Stock Options.* Neither the grant nor the exercise of an ISO will be a taxable event, except that the alternative minimum tax may apply at the time of exercise.

The Optionee will recognize long-term capital gain or loss on a disposition of shares acquired upon exercise of an ISO provided the Optionee does not dispose of such shares within two years from the date the ISO was granted and within one year after the shares were transferred to the Optionee. For purposes of determining such gain or loss, the Optionee's basis in such shares will, in general, be the exercise price of such Option. If the Optionee satisfies both of the holding periods described above, then the Company will not be allowed a deduction by reason of the exercise of the ISO.

If the Optionee disposes of the shares acquired upon exercise before satisfying the holding period requirements discussed above (a "disqualifying disposition"), his or her gain recognized on the disqualifying disposition will be taxed as ordinary income to the extent of the difference between the fair market value of the shares on the date of exercise and exercise price of such Option, and the Company will be entitled to a deduction in this amount. The gain (if any) in excess of the amount recognized as ordinary income on a disqualifying disposition will be long-term or short-term capital gain, depending upon the length of time the recipient held the shares.

*Nonqualified Options.* The grant of a nonqualified option will not be a taxable event. The Optionee generally will recognize ordinary income upon exercise of the nonqualified Option, in an amount equal to the excess of the fair market value of the shares received at the time of exercise (including option shares withheld by the Company to satisfy tax withholding obligations) over the exercise price of the nonqualified Option, and the Company will be allowed a deduction in this amount.

Upon disposition of the shares received upon exercise, the Optionee will recognize long-term or short-term capital gain or loss, depending upon the length of time he or she held such shares. The amount of long-

term or short-term capital gain or loss recognized by the Optionee upon disposition of the shares will be an amount equal to the difference between the amount realized on the disposition and the Optionee's basis in the shares (which basis is ordinarily the fair market value of the shares on the date the Option was exercised).

Special tax rules may apply if an Optionee uses previously owned shares to pay the exercise price of an Option.

**OUR BOARD UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" APPROVAL OF OUR 2003 STOCK OPTION PLAN, AS AMENDED AND RESTATED.**

#### SHAREHOLDER PROPOSALS

We received the following seven shareholder proposals. The proponent of each proposal has represented to us that the proponent has continuously held at least \$2,000 in market value of Class A common stock for at least one year and will continue to hold these securities through the date of the annual meeting of shareholders. To be voted upon at our 2008 annual meeting of shareholders, the proponent of a proposal, or a representative of the proponent qualified under Pennsylvania law, must attend the meeting to present the proposal.

For each of the shareholder proposals, other than adding a brief title for the proposal, we have included the proposal and shareholder's supporting statement exactly as we received it. Following each proposal, we explain why our Board recommends a vote **AGAINST** the proposal.

#### PROPOSAL 5: TO ADOPT A RECAPITALIZATION PLAN

The following proposal and supporting statement were submitted by the Communications Workers of America Members' General Fund, 501 Third Street, N.W., Washington, DC 20001-2797, which has advised us that it holds Comcast common stock with a market value in excess of \$2,000.

**RESOLVED:** The shareholders request that the Board of Directors take the steps that may be necessary to adopt a recapitalization plan that would provide for all of the Company's outstanding stock to have one vote per share.

#### Supporting Statement

Comcast's capital structure gives Brian Roberts a disproportionate percentage of shareholder votes. He had one third of the votes at the 2007 Annual Meeting as the beneficial owner of all of Comcast's 9.44 million shares of Class B common stock, which has 15 votes per share.

In contrast, Comcast's 2.068 billion shares of Class A common have two-thirds of the aggregate voting power. For 2007, each Class A share was entitled to just ".1370 votes."

A report prepared for Morgan Stanley Investment Management by Davis Global Advisors "concludes that such a structure puts the interests of the controlling family over those of other investors" (New York Times, Nov. 4, 2006). Louis Lowenstein has observed that dual-class voting stocks eliminate "checks or balances, except for fiduciary duty rules that reach only the most egregious sorts of behavior" (1989 Columbia Law Review pp. 979, 1008). He also contends that "they allow corporate control to be seized or retained by corporate officers or insiders" (What's Wrong with Wall Street, p.193 (1988)).

The danger of such disproportionate voting power is illustrated, we believe, by the recent criminal convictions of former executives of Adelphia Communications and Hollinger International. Like Comcast, each of those companies had capital structures that gave disproportionate voting power to one or more insiders and thereby reduced accountability.

Comcast's capital structure may also hinder acquisitions of companies that are governed on the one share-one vote principle. It could inhibit efforts to raise additional capital, because some persons, like Nell Minow,

the editor of The Corporate Library, “would never buy or recommend non-voting or limited voting stock” (USA Today, May 17, 2004).

With a market capitalization of approximately \$59 billion, Comcast may be the largest public company with disparate voting rights. In our view, this large capitalization magnifies the danger to investors that arises from a capital structure that gives Mr. Roberts one-third of the votes with Class B stock that would represent less than 1 percent of the aggregate voting power if all of that stock was converted to Class A common.

At the 2007 Annual Meeting, this proposal won more than 31 percent of the votes cast for and against. This is a truly astonishing number since each Class B share has 109 times the voting power of a Class A share. If voting were conducted under the principle of 1 share, 1 vote, this proposal would have received over 87 percent of the vote!

Raytheon, Readers Digest, Church & Dwight, Fairchild Semiconductor, and other companies have recently eliminated stocks with disparate voting rights in order to provide each share of their common stock with a single vote. We believe Comcast should also take this step in order to better align the voting power of shareholders with their economic interests.

#### **Company Response to Shareholder Proposal**

Our dual class voting structure has existed since we went public in 1972, has been separately approved by our Class A shareholders in 1982 and 1984 and has been consistently disclosed in our SEC filings. Before our acquisition of AT&T Corp.’s cable business in November 2002, Mr. Brian L. Roberts beneficially owned stock representing approximately 87% of the combined voting power of all of our stock. In connection with that transaction, Mr. Roberts agreed to reduce his voting interest to a 33<sup>1</sup>/<sub>3</sub>% non-dilutable interest. At the AT&T shareholders meeting relating to that transaction, the AT&T shareholders not only approved the transaction as a whole, but also separately approved the governance terms of that transaction, which approval was a condition to completing the transaction. In fact, approximately 92% of the AT&T shareholders voting on the governance proposal voted to approve it.

Our Board believes that our historical success is owed in large part to the respected and stable leadership provided by Messrs. Ralph J. Roberts and Brian L. Roberts. Through their leadership and focus on long-term growth, we have a proven track record for creating shareholder value and building a strong and innovative company. We have enjoyed long-term growth in our stock value and our shares have outperformed the S&P 500 by a margin of nearly two to one since we went public in 1972. Our Board believes that Messrs. Roberts have been, and will continue to be, crucial to the long-term success of our business and position of financial strength. The Board has evaluated our capital structure on numerous occasions and believes that the stability provided by the structure gives the Company greater ability to focus on long-term interests than might otherwise be the case and, accordingly, is in the best interests of the Company and its shareholders.

Our Board also believes that our history of being able to successfully raise capital for acquisitions and our other business needs provides evidence that the dual class voting structure does not impair our ability to raise additional capital or acquire other companies. Further, dual class voting structures are found in many other public companies, including First Amendment speaker media companies.

Finally, under Pennsylvania law and our Articles of Incorporation, no recapitalization that affects the voting rights of our Class B common stock can be effected without the separate approval of Mr. Brian L. Roberts, as beneficial owner of our Class B common stock.

**FOR THESE REASONS, OUR BOARD UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE “AGAINST” THIS PROPOSAL.**

**PROPOSAL 6: IDENTIFY ALL EXECUTIVE OFFICERS  
WHO EARN IN EXCESS OF \$500,000**

The following proposal and supporting statement were submitted by Evelyn Y. Davis, 2600 Virginia Avenue, N.W., Suite 215, Washington, DC 20037, who has advised us that she holds 200 shares of Comcast common stock.

RESOLVED: "That the shareholders recommend that the Board take the necessary steps that Comcast specifically identify by name and corporate title in all future proxy statements those executive officers, not otherwise so identified, who are contractually entitled to receive in excess of \$500,000 annually as a base salary, together with whatever other additional compensation bonuses and other cash payments were due them."

REASONS: "In support of such proposed Resolution it is clear that the shareholders have a right to comprehensively evaluate the management in the manner in which the Corporation is being operated and its resources utilized." "At present only a few of the most senior executive officers are so identified, and not the many other senior executive officers who should contribute to the ultimate success of the Corporation." "Through such additional identification the shareholders will then be provided an opportunity to better evaluate the soundness and efficacy of the overall management."

"If you AGREE, please mark your proxy FOR this proposal."

**Company Response to Shareholder Proposal**

The Company complies with all regulatory disclosures regarding the compensation of its executives. The "Executive Compensation — Compensation Discussion and Analysis" on page 38 of this proxy statement details our objectives in determining executive compensation and the various compensation methods used to accomplish those objectives. This proxy statement discloses in great detail the compensation of several of our most highly compensated employees.

Our Board exercises great care and discipline in disclosing executive compensation. We do not believe that the disclosure called for by this proposal will enhance our governance practices or improve communications with shareholders, nor is it in the best interests of our shareholders. In addition, Comcast must continue to recruit the best talent. Prospective employees may be dissuaded from accepting a position with Comcast if they know their compensation will be made public. Competition for talented individuals is fierce. The proposal, if implemented, could provide competitors with detailed compensation information not otherwise available that they may use in seeking to recruit talented employees from us. Our competitors do not make this information available and the risk associated with disclosing this information is not outweighed by any negligible benefit that might be gained from it.

**FOR THESE REASONS, OUR BOARD UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE "AGAINST" THIS PROPOSAL.**

**PROPOSAL 7: TO NOMINATE TWO DIRECTORS FOR EVERY OPEN DIRECTORSHIP**

The following proposal and supporting statement were submitted by Mr. Richard A. Dee, 115 East 89th Street, New York, NY 10128, who has advised us that he holds 150 shares of our common stock.

"Approval of this proposal will be a first step toward enabling the owners of Comcast, its stockholders, to participate, in a practical way, in choosing and electing those corporate Directors who will be responsible for the company's future.

"Stockholders of publicly-owned corporations do not actually 'elect' Directors. Directors are selected by incumbent Directors and managements, and stockholders merely 'ratify' or approve those selections — in much the same way that they ratify selections of auditors.

“Unfortunately, the term ‘Election of Directors’ is misused in corporate proxy materials to refer to the process by which Directors are empowered. The term is not only inappropriate, it is misleading. **When there is no choice of candidates, there is no election.**”

“In a democracy, those who govern are duly elected by those whom they represent — and they are accountable to their electors. Continuing in office requires satisfying constituents, instead of simply satisfying nominators. Corporate directors customarily take office unopposed — and answer only to fellow directors.

“Approval of this proposal will provide Comcast’s owners with a real opportunity annually to elect, from a group of nominees, those Director candidates whose qualifications and stated positions and intentions they favor.

**“It is hereby requested that the Board of Directors adopt promptly a resolution requiring that the Governance and Directors Nominating Committee nominate two candidates for each Directorship to be filled by voting of stockholders at Annual Meetings. In addition to customary personal background information, Proxy Statements shall include a statement by each candidate as to why he or she believes they should be elected.**”

“I believe that stockholders should have an opportunity to bring about Director turnover if and when they are dissatisfied or disagree with corporate policies — and/or results being produced. Director turnover tends to reduce the possibility of inbreeding, and it provides sources of new ideas, viewpoints, and approaches.

“In the process of selecting director candidates, I believe that companies should expanded their searches to include younger executives, and many more women, all of whose particular backgrounds and experiences seem to qualify them well to oversee the companies’ business and to represent the interests of all their stockholders.

“The benefits that will accrue to Comcast stockholders by having Directors that have been democratically-elected, and who are willing to have their respective qualifications reviewed and considered carefully by stockholders, far outweigh any arguments that may be raised by those accustomed to being “selected” — and who may be determined to maintain the power that they exert over the Corporate Governance process.

“Proper and continual surveillance of a company’s activities by well-qualified and dedicated Directors should be its first line of defense against problems such as those that occurred recently — and caused devastating losses to millions of stockholders. In my opinion, most of the stockholder-damaging problems that companies encounter, although unforeseen, are not unforeseeable by alert, independent, and objective boards of directors.

**“Please vote FOR this proposal.”**

#### **Company Response to Shareholder Proposal**

The Board believes in the importance of a sound process for the nomination of directors. The Board’s Governance and Directors Nominating Committee is responsible for identifying and recommending director nominees and is independent as required by and determined by Nasdaq Global Select Market rules. Any of our shareholders may submit a written recommendation to our Secretary for consideration by the committee. In addition, any shareholder who complies with the advance notice provisions of our by-laws described elsewhere in this proxy statement may nominate a director at the annual meeting of shareholders. Also, any shareholder may vote for some directors and withhold votes from others. Finally, a shareholder may propose an alternate slate of directors if the shareholder complies with the rules of the SEC relating to election contests.

This proposal would require the Governance and Directors Nominating Committee to nominate two candidates for each directorship and to include a statement by each as to why he or she should be elected. The Board believes that these proposed procedures would politicize the director election process and are inappropriate for a business organization. The current procedures reflect the Board’s responsibilities for its own self-evaluation in terms of size, composition and performance and for recommending candidates to shareholders. The Board weighs re-nomination of incumbent directors and candidates for vacancies or new Board positions against its desired composition and in light of developments in our industry and in our business.

In the absence of special circumstances, changes to Board membership should be incremental so that there is a balance between new and experienced directors. The Board believes that the nomination of two candidates for each Board vacancy would be inconsistent with this objective and would discourage qualified candidates from standing for election.

**FOR THESE REASONS, THE BOARD UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE "AGAINST" THIS PROPOSAL.**

**PROPOSAL 8: TO REQUIRE PAY DIFFERENTIAL REPORT**

The following proposal and supporting statement were submitted by Joseph F. Granata, 519 Flynn Avenue, Carnegie, PA 15106, who has advised us that he holds Comcast common stock with a market value in excess of \$2,000.

Resolved: The shareholders of Comcast Corporation request that the Board of Directors establish an independent committee to prepare a report to shareholders that: 1) quantifies the differentials between the pay of Comcast's senior executives and the lowest paid 10% of current Comcast employees; 2) considers the costs and benefits resulting from these differentials; and 3) evaluates whether the differentials should be modified.

**Statement of Support**

There is widespread concern about the super-sized compensation packages of top corporate executives in the United States. [Wall Street Journal, 7/5/2006; New York Times, 7/9/2006 and 4/9/2006] These packages seem to channel financial resources to top executives in increasingly creative ways — for instance, payments to cover personal tax liabilities; the cost of term life insurance; above-market interest paid on deferred compensation; personal use of company administrative support; personal use of company aircraft; supplemental executive retirement benefits; and other perquisites.

Altogether, executive pay has increased the compensation gap between the highest and lowest paid employees at U.S. companies, and it may also have weakened the connection between corporate performance and executive compensation. We believe executive compensation systems should provide incentives to build a successful, sustainable company, but that prosperity should be fairly shared within the company.

According to the 2007 proxy statement, Comcast's Chairman and CEO Brian L. Roberts received compensation in excess of \$49.9 million in 2006, including the total from the Summary Compensation Table and the value of options exercised.

Our CEO's compensation was over 1,300 times the pay of non-supervisory employees (call center workers, technicians, and maintenance workers) at Comcast in fiscal 2006.

Shareholders are entitled to an explanation of why the Comcast pay differential is so large between the highest and lowest paid and what steps, if any, are being taken to reduce that ratio, because, we believe, a company's success is driven by the whole workforce, and not merely by the CEO.

We believe such large pay differentials lower employee morale and productivity. A 1992 study by Cowherd and Levine in *Administrative Science Quarterly* found, in addition, that pay differentials between managers and workers tend to reduce product quality. A 1988 study by Stanford professor O'Reilly and others in *Administrative Science Quarterly* found that a disparity between the CEO's pay and that of lower level managers was associated with a higher turnover of management personnel. Finally, former Harvard University President Derek Bok has argued that large executive pay packages can weaken organizational loyalties. [The Cost of Talent, 1993]

In the mid-1980s, management guru Peter Drucker argued that no CEO should earn more than 20 times the company's lowest-paid employee. [Business Week, 5/6/2002] Drucker believed the growing differential between CEO and worker pay would damage company cultures and employee productivity.

If you believe there are good reasons to examine compensation differentials at our Company, please support this proposal.

### **Company Response to Shareholder Proposal**

Our Board recognizes that all of our employees make important contributions to our success and is committed to paying all of our employees competitive wages and benefits in accordance with their job responsibilities and performance. As discussed more fully in “Executive Compensation — Compensation Discussion and Analysis” on page 38, our executive compensation program is designed to compensate our executive officers based on their length of service, performance, contribution and responsibility and to attract, motivate and retain key executives. The compensation of executive officers is set by the Compensation Committee, which consists entirely of independent directors. Both our Board and Compensation Committee believe that our compensation philosophy and the procedures for determining the compensation of our executive officers and all of our employees, including its emphasis on performance-based elements, are in the best interests of our shareholders.

In addition, our Board believes that our shareholders already have available to them the information necessary to assess our compensation practices. The “Compensation Discussion and Analysis” provides a comprehensive review of our philosophy for compensating executive officers, the components of our executive officer compensation program and the method for determining and approving the compensation of executive officers. This proxy statement also includes detailed information about the cash, equity and deferred compensation paid to each of our named executive officers during the past year, as well as information about the pension benefits and perquisites provided to them.

The information described above provides shareholders the information necessary to understand and assess our executive pay compensation practices. In addition, in light of the independence of both our Board and our Compensation Committee, our Board believes that the current procedures for establishing executive compensation levels ensure that such decisions are made in the best interests of our shareholders after taking into account all relevant factors. Therefore, the Board believes that preparing a special report on pay differentials is unnecessary, would distract us from our business and operations, would not be an effective use of our resources and would not be in the best interests of our shareholders.

**FOR THESE REASONS, OUR BOARD UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE “AGAINST” THIS PROPOSAL.**

### **PROPOSAL 9: TO PROVIDE CUMULATIVE VOTING FOR CLASS A SHAREHOLDERS IN THE ELECTION OF DIRECTORS**

The following proposal and supporting statement were submitted by The International Brotherhood of Electrical Workers Pension Benefit Fund, 900 Seventh Street, N.W., Washington, DC 20001, which has advised us that it holds Comcast common stock with a market value in excess of \$2,000.

**RESOLVED:** That the shareholders of Comcast Corporation (“the Company”), assembled in Annual Meeting in person and by proxy, hereby request the Board of Directors to take the necessary steps to provide for cumulative voting for Class A Common Stock shareholders in the election of directors. This means that each Class A Common Stock shareholder shall be entitled to the voting value of the total number of shares he or she owns multiplied by the number of directors to be elected. He or she may then cast all of such votes for a single candidate, or any two or more of them as he or she may see fit.

### **Supporting Statement**

Cumulative voting means that each Class A Common stock shareholder may cast as many votes as equal to the value of the number of shares held, multiplied by the number of directors to be elected. Each shareholder may cast all such cumulated votes for a single candidate or split votes between one or more candidates, as each shareholder sees fit.

Currently, our Company has a dual class capital structure where all classes of stock do not have equal voting rights. In our opinion, this disproportionate voting power reduces accountability of corporate officers and insiders and specifically gives our CEO Brian L. Roberts undue influence in the election of directors to our Company’s Board.

We believe that cumulative voting increases the possibility of electing at least one director with a viewpoint independent of management. In our opinion, this will help achieve the objective of the Board representing all shareholders.

We urge our fellow shareholders to vote yes for cumulative voting and the opportunity to enhance our Board with a more independent perspective.

**Company Response to Shareholder Proposal**

We oppose this proposal because we do not believe cumulative voting is in the best interests of the Company and its shareholders. The Governance and Directors Nominating Committee, which is responsible for identifying and recommending qualified individuals for director nomination, consists solely of independent nonmanagement directors. This ensures that the Board will continue to exercise independent judgment and remain accountable to all of our shareholders, rather than to a particular group. The current Board is committed to continuing its strong oversight of management and progressive corporate governance practices, which include such safeguards as an annually elected Board, a substantial majority of independent directors, a highly effective presiding independent director, key Board committees composed exclusively of independent directors and fully transparent corporate governance guidelines and committee charters.

Cumulative voting could impair the effective functioning of the Board by electing a director obligated to represent the interests of a group of shareholders rather than all of the Company's shareholders. We are concerned that any director elected by a limited constituency may have difficulty fulfilling his or her fiduciary duty of loyalty to the Company and all of its shareholders. The Board believes that these potential conflicts might create factionalism and undermine the ability of Board members to work effectively for the best interests of all shareholders and not a selected few.

The Board believes that its opposition to cumulative voting is supported by the fact that only approximately 5% of the Fortune 500 companies have cumulative voting.

In addition, under our Articles of Incorporation, no amendment to the Articles of Incorporation that would limit the voting rights of the Class B common stock can be effected without the separate approval of Mr. Brian L. Roberts, as the beneficial owner of our Class B common stock. Since the proposal only provides for cumulative voting for the holders of Class A common stock, the voting rights of the Class B common stock holders would be adversely effected.

**FOR THESE REASONS, OUR BOARD UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE "AGAINST" THIS PROPOSAL.**

**PROPOSAL 10: TO ADOPT PRINCIPLES FOR COMPREHENSIVE HEALTH CARE REFORM**

The following proposal and supporting statement were submitted by The Sisters of St. Francis of Philadelphia, 609 South Convent Road, Aston, PA 19014; The Congregation of the Sisters of Charity of the Incarnate Word, P.O. Box 230969, 6510 Lawndale, Houston, TX, 77223; Catholic Healthcare West, 185 Berry Street, Suite 300, San Francisco, CA 94107 and The Congregation of the Sisters of Saint Joseph, 9701 Germantown Avenue, Philadelphia, PA 19118, each having advised us that it holds Comcast common stock with a market value in excess of \$2,000.

RESOLVED: shareholders urge the Board of Directors to adopt principles for comprehensive health care reform (such as those based upon principles reported by the Institute of Medicine:

Health care coverage should be universal.

Health care coverage should be continuous.

Health care coverage should be affordable to individuals and families.

The health insurance strategy should be affordable and sustainable for society.

Health insurance should enhance health and well being by promoting access to high-quality care that is effective, efficient, safe, timely, patient-centered, and equitable).

Consistently polls show that access to affordable, comprehensive health care insurance is the most significant social policy issue in America (NBC News/Wall Street Journal, the Kaiser Foundation and The New York Times/CBS News). Health care reform also has become a core issue in the 2008 presidential campaign.

Many national organizations have made health care reform a priority. In 2007, representing “a stark departure from past practice,” the American Cancer Society redirected its entire \$15 million advertising budget “to the consequences of inadequate health coverage” in the United States (New York Times, 8/31/07).

John Castellani, president of the Business Roundtable (representing 160 of the country’s largest companies), states that 52% of the Business Roundtable’s members say health costs represent their biggest economic challenge. “The cost of health care has put a tremendous weight on the U.S. economy,” according to Castellani, “The current situation is not sustainable in a global, competitive workplace.” (Business Week, July 3, 2007). The National Coalition on Health Care (whose members include 75 of the United States’ largest publicly-held companies, institutional investors and labor unions), also has created principles for health insurance reform. According to the National Coalition on Health Care, implementing its principles would save employers presently providing health insurance coverage an estimated \$595-\$848 billion in the first 10 years of implementation. Annual surcharges as high as \$1160 for the uninsured are added to the total cost of each employee’s health insurance, according to Kenneth Thorpe, a leading health economist at Emory University. Consequently, we shareholders believe that the 47 million Americans without health insurance results in higher costs for Comcast and other U.S. companies providing health insurance to their employees.

In our view, increasing health care costs have focused growing public awareness and media coverage on the plight of active and retired workers struggling to pay for medical care. Increasing health care costs leads companies to shift costs to employees. This can reduce employee productivity, health and morale. We also believe rising healthcare costs borne by the company have an adverse affect on shareholder value.

**Supporting Statement**

The Institute of Medicine, established by Congress as part of the National Academy of Sciences, issued its principles for reforming health insurance coverage in *Insuring America’s Health: Principles and Recommendations* (2004). We believe principles for health care reform, such as those of the IOM, are essential if public confidence in our company’s commitment to its employees’ health care coverage is to be maintained. We ask shareholders to support this resolution.

**Company Response to Shareholder Proposal**

The Company is keenly aware of the cost burden of providing quality health care to its employees and retirees. In addition, we also are aware that employee health has a direct relation to productivity. Providing health insurance also enhances our ability to attract and retain employees. There is much in the proposal with which we agree. For example, we agree that health care coverage should be affordable for individuals and families. As a result, we have worked with providers in order to offer quality health care to our employees at reasonable costs. Our program is comprehensive — it includes choices of types of coverage and plans. Among the various choices are options for wellness programs, preventative care, disease management and well-baby programs. We also have options that include reimbursements for gym memberships, smoking cessation and weight management. These positive incentives are just a number of actions we are taking in order to lessen the cost of providing health care to employees without burdening employees or reducing coverage.

Nevertheless, while we acknowledge the importance of this issue, we do not believe this proposal is in the Company’s best interests. The proposal is overly broad, vague and directed to matters of legislative and public policy. Moreover, we are not in a position to directly effectuate any of the principles mentioned in the proposal and, accordingly, its implementation would necessarily be uncertain. However, we have been and will continue to address the issue of health care costs on multiple fronts.

**FOR THESE REASONS, OUR BOARD UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE “AGAINST” THIS PROPOSAL.**

**PROPOSAL 11: TO ADOPT ANNUAL VOTE ON EXECUTIVE COMPENSATION**

The following proposal and supporting statement were submitted by John Spencer, 155 Sixth Avenue, Pittsburgh, PA 15229, who has advised us that he holds Comcast common stock with a market value in excess of \$2,000.

Resolved: The shareholders of Comcast Corporation request that the Board of Directors adopt a policy that shareholders will be given the opportunity at each annual meeting of shareholders to vote on an advisory resolution, to be proposed by Company's management, to approve or disapprove the compensation of the named executive officers disclosed in the Summary Compensation Table of the proxy statement. The board should provide appropriate disclosures to ensure that shareholders understand that the vote is advisory and will neither abrogate any employment agreement nor affect any compensation already paid or awarded.

**Supporting Statement**

In our view, existing U.S. corporate governance arrangements, including SEC rules and stock exchange listing standards, do not provide shareholders with adequate means for communicating their views on senior executive compensation to boards of directors. In contrast, in the United Kingdom, shareholders of public companies are permitted to cast an advisory vote on the "directors' remuneration report," which discloses executive compensation. Such a vote is not binding, but it gives shareholders an opportunity to communicate views in a manner that could influence senior executive compensation.

We believe "Say on Pay" serves a constructive purpose in the U.K. A study by the Yale School of Management found that the resulting dialogue between boards and shareholders appeared to moderate pay increases, enhance the ability of compensation committees to stand up to insider pressures, and add legitimacy to the executive compensation process. (See Stephen Davis, "Does 'Say on Pay' Work?" Millstein Center for Corporate Governance and Performance, Yale, 2007)

U.S. stock exchange listing standards currently require shareholder approval of equity-based compensation plans. However, those plans give compensation committees broad discretion in making awards and establishing performance thresholds. Also, the performance criteria submitted for shareholder approval are generally stated in broad terms that, in our view, do not effectively constrain compensation.

Under the circumstances, we do not believe shareholders have an adequate mechanism for providing feedback with respect to the application of those general criteria to individual pay packages. (See Lucian Bebchuk & Jesse Fried, *Pay Without Performance* 49 (2004)). While withholding votes from compensation committee members who stand for reelection is an option, we believe that course is a blunt and insufficient instrument for registering dissatisfaction with the way compensation committees have administered compensation plans and policies.

We believe "Say on Pay" is particularly appropriate at Comcast. In 2006, CEO compensation set in the Summary Compensation Table exceeded \$26 million. In our view, such a pay package was excessive, demoralized the workforce on which the company depends, and ought to have been submitted to a shareholder vote.

We urge Comcast's board to allow shareholders to express their opinion about senior executive compensation by establishing an annual shareholder "Say on Pay." We believe the results of such a vote would provide our Board with useful information about whether shareholders view the company's senior executive compensation, as reported each year in the proxy statement, to be appropriate.

**Company Response to Shareholder Proposal**

Our Board believes that its Compensation Committee has a process for establishing executive compensation which rewards executives for results that are consistent with shareholder interests and which responsibly achieves the purpose of attracting, motivating and retaining the best executives in order to maintain our competitiveness.

Our Compensation Committee is comprised of independent directors, who meet on a regular basis to review and approve executive compensation plans and policies as well as equity and other benefit plans. As discussed more fully in the “Executive Compensation — Compensation Discussion and Analysis” on page 38 of this proxy statement, our Compensation Committee annually reviews our compensation philosophy, the executive compensation programs and the performance of our named executive officers.

In each of our businesses, human capital is a primary driver of profitability and competitive advantage. Based on input from consultants and a review of competitive benchmark data, among other things, our Compensation Committee believes that the current structure, with its emphasis on performance based elements, is appropriately balanced and competitive to accomplish the crucial task of attracting, motivating and retaining talented senior executives in the highly competitive industries in which the Company does business. Our Compensation Committee also believes these policies motivate executives to contribute to our overall future success, thereby enhancing our value for the benefit of all shareholders.

In addition, we are concerned that adopting this proposal and subjecting our compensation policies to an advisory vote without any assurance that the compensation policies of other public companies, particularly our industry peers, would be subject to similar shareholder scrutiny could put the Company at a competitive disadvantage.

Further, the Board also believes that an annual vote is unnecessary since we already provide shareholders with efficient and meaningful methods of communicating with our Board and Compensation Committee. As discussed on page 3 under “Contacting Our Board, Board Committees or Directors,” shareholders and other interested parties may directly communicate with members of the Board, including members of our Compensation Committee. We believe that direct communication between shareholders and the Board is a much more effective and reliable method of expressing support or criticism of our executive compensation practices.

Our Board always exercises great care and discipline in determining and disclosing executive compensation. We do not believe the advisory vote called for by this proposal will enhance our governance practices or improve communications with shareholders, nor that it is in the best interests of our shareholders. Indeed, it may very well constrain our efforts to attract, motivate and retain exceptional senior executives to focus on our long-term performance and results.

**FOR THESE REASONS, OUR BOARD UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE “AGAINST” THIS PROPOSAL.**

## EXECUTIVE COMPENSATION

### Compensation Discussion and Analysis

This discussion and analysis provides you with an understanding of our executive compensation philosophy, plans and practices, and gives you the context for understanding and evaluating the more specific compensation information contained in the tables and related disclosures that follow.

#### *Overview of Our Compensation Program Philosophy and Process*

We are the largest video provider and high-speed Internet provider, and fourth largest phone provider, in the United States, offering a wide and growing variety of entertainment and communication products and services. As of December 31, 2007, we served approximately 24.1 million video subscribers, 13.2 million high-speed Internet subscribers and 4.6 million phone subscribers. We operate our businesses in an increasingly competitive, highly regulated and rapidly changing and complex technological environment. We conduct our operations across multiple product lines on a nationwide scale. Our strategy of differentiating our products and services requires us to continuously improve our offerings and consistently introduce new and advanced features, products and services.

We strongly believe that our ability to attract and retain the highest caliber executive talent in the marketplace is a key to continuing our long-term track record of strong financial performance, particularly in light of the extraordinary challenges facing our businesses. We have been recognized within our industries as having one of the best and most stable senior management teams of any company over the years. Our compensation practices are a major factor in our success in attracting and retaining the talent necessary to achieve these outcomes.

Consistent with this view of our position in the business landscape, the great importance we place on the quality and consistency of our senior management in achieving results that enhance long-term shareholder value and the significance we attach to using compensation as a tool to achieve our goals, we seek to offer those types and amounts of compensation that will serve to attract, motivate and retain the most highly qualified executive officers and key employees and provide these employees with the opportunity to build a meaningful ownership stake in our Company.

The Compensation Committee is responsible for approving the nature and amount of compensation paid to, and the employment and related agreements entered into with, our executive officers, establishing and evaluating performance based goals related to compensation, overseeing our cash bonus and equity based plans, approving guidelines for grants of awards under these plans and determining and overseeing our compensation and benefits policies generally.

Each year the Compensation Committee reviews the nature and amounts of all elements of the named executive officers' compensation, both separately and in the aggregate, using comprehensive tally sheets, to ensure that both total compensation and its individual components are strongly competitive with respect to the companies in our peer groups, that there is a significant portion of total compensation that is performance based and that there is an appropriate balance in performance based compensation between a short-term cash component and long-term equity-based components. The Compensation Committee also reviews each element of each named executive officer's compensation for internal consistency. Finally, the Compensation Committee also reviews the current value of outstanding stock option and RSU awards (as compared to their grant date value).

Following these reviews, and after taking into account the market data and other considerations described below, the Compensation Committee determines what it believes to be an appropriate current year compensation package for each named executive officer. In determining individual compensation, the Compensation Committee assesses the executive's responsibility and roles with respect to overall corporate policy-making, management and administration, the executive's performance and contributions during the year, the importance of retaining the executive, and his length of service. This process is subjective and involves the exercise of discretion and judgment. While the Compensation Committee reviews and evaluates the various

quantitative data described in this discussion and analysis, it does not use a mathematical or other formula in which stated factors or their interrelationship are quantified and weighted (either in general or as to each named executive officer).

#### ***Use of Competitive Market Data***

The Compensation Committee uses market data to compare, or “benchmark,” our compensation levels to those of executive officers of our competitors for executive talent. We believe that these competitors are comprised of companies both in as well as outside the cable and communications industries, resulting in a broader range of companies than those with which we are compared for stock performance purposes. Thus, the companies with which the Compensation Committee compares senior management compensation levels is a broader group than the companies included in the peer group index in the stock performance graph contained in our Annual Report on Form 10-K.

Based on this approach, the Compensation Committee has used three categories of peer groups for the last several years, including 2007, as sources for comparative compensation data. The peer groups included companies in the entertainment/media industry (CBS Corporation, News Corporation, Time Warner Inc., Viacom Inc. and The Walt Disney Company), the communications industry (ALLTEL Corporation, AT&T Inc., DIRECTV Group, Inc., Qwest Communications International Inc., Sprint Nextel Corporation, Time Warner Inc. and Verizon Communications Inc.) and companies having comparable revenues and total market capitalization (3M Company, Abbott Laboratories, American Express Credit Corporation, Amgen Inc., Apple Inc., The Bear Stearns Companies, Inc., Bristol-Myers Squibb Company, Cisco Systems, Inc., The Coca-Cola Company, The Walt Disney Company, Intel Corporation, Kraft Foods Inc., Lehman Brothers Holdings Inc., Eli Lilly & Company, Merck & Co. Inc., MetLife, Inc., News Corporation, Oracle Corporation, Pepsico, Inc., Pfizer Inc., Tyco International Ltd., US Bancorp, United Technologies Corporation, United Parcel Service, Inc., Wachovia Corporation, Washington Mutual Inc., Wells Fargo & Company and Wyeth). The Compensation Committee determines the peer groups to be used for compensation purposes in consultation each year with our compensation consultant. In addition, each year our consultant reviews the composition of the peer groups, based upon merger activity and other changes in size or lines of business. We note that we increasingly compete for executive talent with Internet and other new media businesses, and that the Compensation Committee may consider these companies in future determinations of appropriate peer groups.

The Compensation Committee reviews compensation data disclosed in the SEC filings of all of the peer group companies' named executive officers, reviews available compensation summary data and makes comparisons based on functional responsibility to the extent possible. The Compensation Committee also uses a comparison of named executive officers based on ordinal rank.

Comparisons for Mr. Brian L. Roberts (our Chairman and Chief Executive Officer) are made to peer chief executive officers. Comparisons for Mr. Michael J. Angelakis (our Executive Vice President and Chief Financial Officer) are made to peer chief financial officers and ordinal rank. Comparisons for Mr. Stephen B. Burke (our Executive Vice President, Chief Operating Officer and President of our Cable Division) are made to ordinal rank and, where available, chief operating officers. Because Mr. Ralph J. Roberts' (Chair of our Board's Executive and Finance Committee, our founder and former Chairman and Chief Executive Officer) roles in our Company and the cable industry are unique, there are no direct comparisons. The Compensation Committee believes that making comparisons for Mr. Roberts using 75% of peer chief executive officer compensation is appropriate. Comparisons for Mr. David L. Cohen (our Executive Vice President) are made to ordinal rank and, where available, peer chief administrative officers. Comparisons for Mr. John R. Alchin (our former Executive Vice President, Co-Chief Financial Officer, and Treasurer) are made to peer chief financial officers and ordinal rank. As disclosed in footnote (9) to the “Summary Compensation Table for 2007” on page 48, Mr. Lawrence S. Smith retired from his positions as our Executive Vice President and Co-Chief Financial Officer in March 2007. Although Mr. Smith qualifies as a named executive officer for 2007 under SEC rules, in light of Mr. Smith's retirement in early 2007 this section does not discuss and analyze his 2007 compensation.

The Compensation Committee also evaluates the portion of total compensation that the marketplace as a whole and our peer group companies provide in each category of compensation (cash and noncash, short- and

long-term), but has not adopted a specific policy or formula to allocate value among the various categories or subcategories of compensation elements.

For 2007, the Compensation Committee's starting point reference within the peer groups was the 75th percentile of cash compensation and aggregate compensation. Because we use multiple peer groups, the compensation we deliver varies among the groups, and the individual companies within a group, in its relationship to this reference point. In comparing compensation levels for our named executive officers, the Compensation Committee weighted more heavily the compensation earned by similarly situated executives in the entertainment/media peer group, as we, the Compensation Committee and our compensation consultant view this group as the most relevant comparator group for executive talent. As a result of our strong belief in the importance of using compensation as a tool to attract and retain the "best and the brightest" senior executives, our named executive officers' cash compensation and aggregate compensation for 2007 exceed this reference point in the case of most, but not all, of the peer group companies.

We are aware that some commentators have stated a belief that use of "benchmark" surveys has the inherent effect of "ratcheting up" executive compensation. The Compensation Committee does not make any determination of or change to compensation in reaction to market data alone, but rather uses this information as one of many factors, among the several considerations described above, in determining compensation levels.

The Compensation Committee is also aware that private equity and investment banking firms have become increasingly important competitors for, as well as sources of, executive talent. Many of our current executives are likely candidates for positions at these firms. In 2007, we recruited Michael J. Angelakis, a former managing director of Providence Equity Partners, as our new Co-Chief Financial Officer. We could again in the future hire employees at the named executive officer level (and below) from these kinds of organizations. While there is little or no publicly available data on compensation in the private equity market, recent press reports have noted the increasing trend of private equity recruitments from among highly respected members of senior management in high-profile companies — often at significant premiums to traditional public company compensation levels. While the Compensation Committee believes that peer company comparisons remain appropriate benchmarks for evaluating the Company's overall compensation practices, these potential recruiting threats and opportunities have begun and can be expected to continue to have an effect on the Company's compensation philosophy and practices.

#### ***Elements and Mix of Our Compensation Program***

Our executive compensation program for our named executive officers includes the following key components: cash base salary, performance based annual (short-term) cash bonus and long-term equity based compensation in the form of stock options and performance based RSUs. In addition, named executive officers are eligible to participate in our deferred compensation plan, receive certain insurance benefits and participate in employee benefit plans that are generally available to all employees. These elements are the same as or similar to those used by most of our peer group companies and many other public companies.

Within this general marketplace-defined environment, we have our own perspective on the relative importance and value of each element. For example, other than the deferred compensation plan and a tax-qualified defined contribution plan (*i.e.*, 401(k) plan), we do not offer any pension or other defined benefit-type plans to the named executive officers, except for a legacy contractually committed supplemental executive retirement plan, or SERP, benefit to Mr. Ralph J. Roberts. In lieu of a defined benefit-type plan, which is found among several of our peer group companies, our deferred compensation plan provides a tax-efficient vehicle for long-term value accumulation. The plan is one of our primary tools to attract and retain our named executive officers and is an important offset for the lack of traditional defined benefit executive retirement plans.

We view the executive compensation program on a “portfolio” basis. The various elements work together to achieve our objectives. This chart illustrates our view of the portfolio:

Element	Fixed, Guaranteed	Short-Term, Performance Based	Long-Term, Performance Based	Retention; Retirement Planning
Base Salary	X			
Annual Cash Bonus		X		
Stock Options			X	X
RSUs			X	X
Deferred Compensation	X (except for Messrs. Alchin and Ralph J. Roberts)			X
Benefits	X			X

Each element of our compensation program is described in more detail as follows:

**Base Salary.** This element of compensation is necessary to attract and retain any employee in any organization. As the basic fixed element of the compensation package, it serves as a baseline measure of an employee’s value. Base salary is a form of guaranteed compensation (*i.e.*, not based directly on performance) received by a named executive officer in exchange for investing his career with us.

Each of our named executive officers had employment agreements in 2007 that provided for an initial base salary and annual increases in base salary at the discretion of the Compensation Committee. In establishing the initial base salary level at the time the agreements were signed, the Compensation Committee considered job responsibilities, job performance, seniority and market data on base salary levels from various survey sources and, when available, peer group companies. The Compensation Committee also reviewed base salary based on internal comparisons of executives relative to their responsibilities. Any increases during the term of the agreement are generally based on individual performance, the levels of achievement of our performance goals during the tenure of the executive and any increase in duties and responsibilities placed on the executive as a result of our continuing and significant growth. As discussed below, beginning as of February 15, 2008, Mr. Ralph J. Roberts will receive an annual base salary of \$1.

**Cash Bonus Incentive Compensation.** Our cash bonus plan, which was designed in consultation with our compensation consultant and approved by our shareholders at the 2006 annual meeting of shareholders, provides a variable element to annual cash compensation that in 2007 was tied directly to consolidated operating cash flow results. This element is needed to complete a competitive total annual cash compensation package. However, it is at risk for performance — the full target bonus is not paid unless there is 100% achievement of the operating cash flow growth goal described below and no bonus is paid unless a predetermined minimum increase in operating cash flow is achieved. This plan puts a significant amount of annual cash compensation at risk and supports our objective that our named executive officers balance achieving satisfactory or better current year (short-term) results with long-term value creation.

The target bonus for each of the named executive officers in 2007 under our cash bonus plan was based on the Compensation Committee’s assessment of the optimal mix of base salary and annual cash bonus compensation and was made with the assistance of our compensation consultant in analyzing market data on short-term bonuses at peer group companies. In addition, each executive officer’s employment agreement provided in 2007 for a minimum target bonus. In 2007, the target bonus for our named executive officers, as a percentage of base salary, was as follows: Mr. Brian L. Roberts, 300%; Mr. Angelakis, 300%; Mr. Burke, 300%; Mr. Ralph J. Roberts, 125%; Mr. Cohen, 125%; and Mr. Alchin, 125%. The differences in target bonus percentages are the result of the Compensation Committee’s determination of each named executive officer’s aggregate compensation and its judgment as to how to optimally allocate that total among the various elements thereof.

For 2007, the Compensation Committee established the following goals for year-over-year increases in consolidated operating cash flow: If we achieved a 7% increase, the executive would receive 50% of target bonus; if we achieved a 13.3% increase (*i.e.*, our budgeted increase), the executive would receive 100% of

target bonus; and if we achieved a greater than 13.3% increase, the executive would receive greater than 100% of target bonus (up to a maximum of 130% at a 16.3% or better increase). Although each of our Board and Compensation Committee has the discretion to award cash bonus compensation absent attainment of the consolidated operating cash flow goal, or to otherwise increase the size of any cash bonus, it did not do so in 2007 with respect to any named executive officer. Based on 2007 achievement, the named executive officers were entitled to receive 98% of their respective target amounts. However, in light of the Company's 2007 share price performance, free cash flow achievement lower than expectations and the level of annual cash bonuses achieved by other employees, the named executive officers have elected to accept only 80% of their target amounts.

For 2008, the Compensation Committee has determined that annual cash bonus target achievement for the named executive officers (other than Mr. Ralph J. Roberts who, as described below, has waived his right to receive his cash bonus beginning in 2008) will be based 80% on budgeted operating cash flow and 20% on budgeted free cash flow (as described further below under "Emphasis on Performance"). The committee believes that adding free cash flow as a performance metric will provide an appropriate focus on additional items (such as capital expenditures and working capital) that can be affected by the decision making of our named executive officers.

*Equity Based Incentive Compensation.* In our view, one of the most important elements of the executive function is the assessment and management of risk. Our equity based long-term incentive compensation program is the compensation link between the named executive officer's decision making and the long-term outcomes of those decisions. As described in more detail below, our vesting schedules require a relatively long holding period before a meaningful portion of the equity based compensation can be realized, allowing time to see the results of the decisions, and the market time to react to the results, as well as providing a greater potential retention value.

We believe that a strong reliance on long-term equity based compensation is advantageous because this type of compensation fosters a long-term commitment by executive employees and motivates them to improve the long-term market performance of our stock. We currently employ a diversified approach to this component, which means that we grant both stock options and RSUs, whereby each type of award generally represents approximately 50% of the total equity award by grant date value, as determined on a Black-Scholes basis in the case of stock options, and using the closing price of a share of our Class A common stock in the case of RSUs.

RSUs in combination with stock options promote our goal of retention, as well as provide a direct and predictable alignment to share price and the shareholder experience. Because each RSU is equal in value to a share of our Class A common stock, the units have value, subject to the satisfaction of vesting requirements, when the stock price is flat or even declining. On the other hand, stock options only have value when the stock price increases. The substantial drop in the market price of the Company's common stock in 2007 significantly reduced the value of outstanding equity-based awards of the named executive officers, reflecting the relationship between compensation and shareholder value that is provided by these long-term equity-based compensation elements.

In an effort to further tie compensation to performance, we have also added a performance condition to RSUs granted to our named executive officers. The RSUs only vest each year if we have achieved specified consolidated operating cash flow growth. For 2007, the Compensation Committee established the following cash flow growth goals: if we achieved a 5% increase, the executive would receive 66% of the vested portion of the awards and if we achieved a 7% increase, the executive would receive 100% of the vested portion of the awards. These goals, while meaningful, require a lower percentage increase in operating cash flow to achieve a 100% payout level than the goals set under the cash bonus plan described above. Because the named executive officers are our only employees who receive RSUs that contain a performance based vesting condition, the Compensation Committee has calibrated goals for the executives' restricted stock awards that are more likely to be achieved than those under the bonus plan while still ensuring a meaningful threshold of performance. Based on 2007 achievement, the named executive officers received 100% of the vested portions of their awards. Although our Board and the Compensation Committee each has the discretion to vest RSUs

notwithstanding the failure to obtain the consolidated operating cash flow goal, or to increase the size of a stock option or RSU grant, it did not do so in 2007 with respect to any named executive officer.

In general, the total value of equity based compensation is based on a proportional relationship to the expected cash compensation of each named executive officer, taking into account grants made at the same time to other executives, as well as the value of equity based compensation awarded to comparable executives at peer companies. The results of the Compensation Committee's consideration of these factors in 2007 demonstrate the individual treatment given our named executive officers: the value of 2007 equity based compensation (other than Mr. Angelakis' RSU award with respect to 194,100 shares of our Class A common stock granted on March 30, 2007), expressed as a percentage of the value of 2007 base salary, was 397% for Mr. Brian L. Roberts, 422% for Mr. Angelakis, 397% for Mr. Burke, 208% for Mr. Ralph J. Roberts, 387% for Mr. Cohen and 396% for Mr. Alchin; and the value of 2007 equity based compensation, expressed as a percentage of the value of 2006 equity based compensation, was 99% for Mr. Brian L. Roberts, 99% for Mr. Burke, 89% for Mr. Ralph J. Roberts, 99% for Mr. Cohen and 99% for Mr. Alchin.

Our equity based grants (*i.e.*, stock options and RSUs) to our named executive officers in 2007 (other than Mr. Angelakis) were made as part of our annual "management grant" program in which all eligible employees receive grants. Mr. Angelakis received equity based grants in 2007 in connection with the commencement of his employment with us. No other grants were made to our named executive officers in 2007. In general, we also make stock option and RSU awards to eligible employees in connection with significant employment events such as hiring, promotion and entering into an employment agreement. As described below, beginning in 2008, Mr. Ralph J. Roberts will no longer receive equity based grants.

*Deferred Compensation.* We maintain a deferred compensation plan that allows employees having base salary above a certain level, including the named executive officers, to defer the receipt of cash compensation (*i.e.*, base salary and bonus), as described under "— Nonqualified Deferred Compensation in and as of 2007 Fiscal Year End" on page 60. The employment agreements of Messrs. Brian L. Roberts, Angelakis, Burke and Cohen provide for specified amounts to be contributed to the officer's deferred compensation plan account for each year of the agreement. Other than these contributions (which were agreed upon as a result of arms' length negotiations of the employment agreements with the named executive officers), the Compensation Committee does not make a quantitative valuation of this benefit for each named executive officer, as it does for other significant elements of compensation, because each executive's individual decision to use or not use the plan, and the extent of such use, determines its ultimate value. Further, there is no relationship between the amount of our contributions to a named executive's deferred compensation plan account in a given year and the amount of compensation that such officer has elected to defer.

Mr. Ralph J. Roberts is also eligible to receive benefits under the legacy SERP plan mentioned above, which was effective in 1989. The Compensation Committee believes that Mr. Roberts' participation in both a SERP and the deferred compensation plan, as well as Mr. Roberts' other compensation elements and levels described below, are appropriate in light of Mr. Roberts' unique roles in our Company and the cable industry described above. Beginning as of February 15, 2008, however, and pursuant to his request, Mr. Roberts (who will continue as an active employee of the Company, serving as an advisor to the Chief Executive Officer and other members of senior management) will receive an annual base salary of one dollar, and his regular annual cash bonus and additional stock option and RSU grants will be eliminated.

Also, our restricted stock plan permits recipients of grants to defer vesting to a later date, without any guaranteed return on the vesting date value. In other words, any deferred shares, when later delivered, would have a value equal to the market value of our stock at that time. As of February 29, 2008, Messrs. Ralph J. Roberts, Cohen and Alchin have deferred vesting of RSUs under this provision.

*Insurance Benefits.* As part of our competitive compensation program, we pay, or reimburse, premiums on certain life insurance policies for certain named executive officers and provide additional payments to cover certain tax liabilities on account of such payments and reimbursements.

We provide Messrs. Brian L. Roberts and Ralph J. Roberts with greater life insurance benefits than the other named executive officers, in each case as described under "— Potential Payments Upon Termination or

Change in Control” on page 64. In the case of Mr. Brian L. Roberts, this reflects a decision by the Compensation Committee that an appropriate component of a comprehensive compensation program for our Chief Executive Officer is a meaningful life insurance benefit. In the case of Mr. Ralph J. Roberts, this is the result of previous compensation decisions made when Mr. Roberts was serving as our Chairman and Chief Executive Officer and in part reflects compensation in exchange for Mr. Roberts’ relinquishment of a potential bonus benefit.

*Perquisites.* Before 2006, we provided a limited amount of additional compensation through certain personal benefits to ease the professional demands of executive-level life (including travel) and to provide security to the named executive officers and their families. Beginning in 2006, the named executive officers have been required to pay us for any benefits that would otherwise be considered perquisites.

*Payments in Connection with a Change in Control.* We generally do not have any benefits that are “triggered” automatically as a result of a “change in control” of the Company (a “single trigger”) or the occurrence of one or more specified events (a “double trigger”) that may follow a change in control, such as termination of employment without cause. Instead, our Board will determine whether it is appropriate to accelerate the vesting of stock options and/or RSUs, as applicable, or provide other benefits in connection with a change in control. There has been no determination of any guiding principles or factors that our Board may in the future use in determining the propriety of accelerating the vesting of stock options and/or RSUs, or providing other benefits, in connection with a change in control.

Mr. Brian L. Roberts’ employment agreement provides that if his employment is terminated following a change in control, that termination will be treated as a termination without cause for the purpose of determining his benefits in those circumstances under his employment agreement.

Mr. Ralph J. Roberts’ expired employment agreement provides a continuing right, at his election in the event of a change in control, to cause us to fund a grantor trust in an amount equal to our unfunded benefit obligations to Mr. Roberts. Because of the change in control of the Company that occurred at the time of our acquisition of AT&T Corp.’s cable business in 2002, Mr. Roberts currently has this right, but has not exercised it.

The Compensation Committee approved these provisions in these employment agreements as fair and reasonable protections for our current Chief Executive Officer and founder, respectively, in the event of a change in control.

*Payments in Connection with a Termination of Employment.* Payments to our named executive officers upon a termination of employment are described under “— Potential Payments upon Termination of Change in Control” on page 64. These compensation arrangements are contained in each named executive officer’s employment or other agreements and are not a significant factor in the Compensation Committee’s determination of current year compensation elements. These arrangements were arrived at as a result of arms’ length negotiations in connection with entering into each such agreement, based on the Compensation Committee’s decision that it was appropriate to reflect terms and conditions that were more favorable than the standard terms and conditions offered to other management employees relating to payments upon termination.

#### ***Emphasis on Performance***

As described above, in 2007 the Compensation Committee selected consolidated operating cash flow as the single performance metric for our named executive officers for their incentive based compensation (*i.e.*, annual cash bonus and vesting of performance based RSUs). When added to the value of stock options (which is based on increases in our stock price), total performance based compensation in 2007 was a significant percentage of the named executive officers’ total compensation package (68% for Mr. Brian L. Roberts, 36% for Mr. Angelakis, 66% for Mr. Burke, 24% for Mr. Ralph J. Roberts, 72% for Mr. Cohen and 71% for Mr. Alchin).

Operating cash flow is defined as operating income before depreciation and amortization, excluding impairment charges related to fixed and intangible assets and gains or losses on sale of assets, if any. As such, it eliminates the significant level of noncash depreciation and amortization expense that results from the

capital intensive nature of our businesses and intangible assets recognized in business combinations, and is unaffected by our capital structure or investment activities. Our Board uses this measure in evaluating our consolidated operating performance, and management uses this metric to allocate resources and capital to our operating segments. We believe that operating cash flow is also useful to investors as it is one of the bases for comparing our operating performance with other companies in our industries, although our measure of operating cash flow may not be directly comparable to similar measures used by other companies. For these reasons, the Compensation Committee views this quantitative metric as the best overall measure of our performance that can be affected by the decision making of our named executive officers. We also believe that measuring performance at the Company level and not at the individual level is appropriate, because our executive group needs to operate as a team to achieve our objectives.

As described above, in 2008 the Compensation Committee has added free cash flow as an additional performance metric in achieving the target annual cash bonus for the named executive officers. Free cash flow is defined as "Net Cash Provided by Operating Activities" (as stated in our Consolidated Statement of Cash Flows) reduced by capital expenditures and cash paid for intangible assets, increased by any payments related to certain nonoperating items, net of estimated tax benefits (such as income taxes on investment sales and nonrecurring payments related to income tax and litigation contingencies of acquired companies) and decreased by any proceeds from the sale of trading securities. Free Cash Flow is used as an indicator of our ability to repay debt, make investments and return capital to investors through stock repurchases and cash dividends. We believe that free cash flow is useful to investors as an additional measure that can be used to compare our performance with other companies.

The Compensation Committee does not determine compensation levels, or condition incentive based compensation award achievement, based directly on our stock price performance, because it believes that it is not equitable to condition performance rewards based on a quantitative metric that management cannot directly control and to do so could lead to an undesirable focus on short-term results. However, the Compensation Committee does review benchmark data comparing our stock price performance to that of our peer group companies and does consider this information in setting compensation levels each year. In addition, because a material portion of compensation for each named executive officer is in the form of a stock based vehicle, a significant portion of each executive's compensation is inherently tied to stock price movement and the achievement of shareholder value. As noted above, this is reflected in the significantly reduced value of outstanding equity-based awards of the named executive officers as a result of the substantial drop in the market price of the Company's common stock in 2007.

#### ***Emphasis on Long-Term Stock Ownership***

*Vesting of Equity Based Incentive Compensation.* We seek to achieve the long-term objectives of equity compensation in part by extending the vesting period for options over a longer time period than is the case with most other large public companies. For example, with respect to the stock options granted to our named executive officers during 2007, one-half of the options vest over five years and one-half vest over a period of nine years and six months. RSUs granted during 2007 to the named executive officers generally vest 15% on each of the first four anniversaries of the date of grant and 40% on the fifth anniversary. We believe that these longer time-frame vesting schedules focus the executives over the long term on the creation of shareholder value.

*Stock Ownership Guidelines.* We have a stock ownership policy for members of our senior management, including our named executive officers. Under the current guidelines established by the Compensation Committee, our Chief Executive Officer is required to own our stock in an amount equal to at least five times base salary. The other named executive officers are required to own our stock in amounts ranging from three to four times base salary. This policy is designed to increase the executives' ownership stake in the Company and align their interests with the interests of shareholders. "Ownership" for purposes of this policy is defined to include stock owned directly or indirectly by the named executive officer and shares credited to the executive under our employee stock purchase plan, which must be held for 180 days from the date credited. In addition, 60% of each of the following types of ownership also counts: shares owned under our 401(k) plan, deferred shares under our restricted stock plan and the difference between the market price and exercise price

of vested stock options. In determining compliance, the committee may take into account any noncompliance that occurs solely or primarily as a result of a decline in the market price of our stock. All of our named executive officers have been deemed to satisfy the requirements of our stock ownership policy.

*Policies Regarding Hedging.* Our policy prohibits any named executive officer from buying or selling any Company securities or options or derivatives with respect to Company securities without obtaining prior approval from our General Counsel. This assures that the executives will not trade in our securities at a time when they are in possession of inside information. We do not have a policy that specifically prohibits our named executive officers from hedging the economic risk of stock ownership in the Company. However, federal securities laws generally prohibit our named executive officers from selling “short” our stock.

#### ***Tax and Accounting Considerations***

The Compensation Committee periodically reviews our compensation practices for purposes of obtaining the maximum tax deductibility of compensation paid, consistent with our employment and related agreement contractual commitments. From time to time, the Compensation Committee has awarded, and may in the future award, compensation that is not fully deductible if it determines that such award is consistent with this philosophy and is in the best interests of the Company and its shareholders. The Compensation Committee also endeavors to ensure that any compensation that could be characterized as nonqualified deferred compensation complies with Section 409A of the Internal Revenue Code, including by amending existing compensatory arrangements.

The Compensation Committee also considers the accounting treatment of compensation elements in determining types or levels of compensation for our named executive officers.

#### ***Other Considerations***

The Compensation Committee has historically viewed material increases in the size and scope of our operations as a basis for material increases in compensation levels. Most recently, this occurred in 2002 following our acquisition of AT&T Corp.’s cable business, which almost tripled the size of our cable operations, making us the largest U.S. cable television provider.

The Compensation Committee does not take into account aggregate amounts realized or realizable from prior years’ compensation when making decisions regarding current compensation (what some commentators call an “accumulated wealth analysis”). The Compensation Committee believes that in order to maintain the best group of executives to lead the Company, we need to provide a compensation package, each year, which is highly competitive with the marketplace. High-quality executive talent with the experience and capabilities sought by us is scarce. The Compensation Committee is strongly of the view that it is an unnecessary risk to shareholder value to not provide a competitive level of compensation to our named executive officers each year. It believes that value realized on prior years’ compensation from stock appreciation is the reward for the executive’s work over that period and the achievement of our long-term goals. To reduce current year compensation below competitive levels because an executive has realized gains based on a desired increase in shareholder value is seen by the Compensation Committee as counterproductive.

The Compensation Committee is aware that our Chairman and Chief Executive Officer, Mr. Brian L. Roberts, is a son of our founder, Mr. Ralph J. Roberts, and is our shareholder with the greatest beneficial voting power. The Compensation Committee maintains an objective stance toward the Messrs. Roberts’ compensation. The Compensation Committee uses the same methods, tools and processes to determine the Messrs. Roberts’ compensation as it does for our other named executive officers.

*Recoupment Policy.* In 2007, upon the recommendation of the Compensation Committee and the Governance and Directors Nominating Committee, our Board adopted an incentive compensation recoupment policy. The policy provides that if it is determined by the Board that gross negligence, intentional misconduct or fraud by one of our executive officers or former executive officers caused or partially caused the restatement of all or a portion of our financial statements, the Board, in its sole discretion, may, to the extent permitted by law and our benefit plans, policies and agreements, and to the extent it determines in its sole

judgment that it is in our best interests to do so, require reimbursement of all or a portion of any annual bonus, vested restricted stock or other incentive based compensation granted on or after March 1, 2007 to such executive officer or former executive officer (and/or effect the cancellation of unvested restricted stock) if: (1) the amount or vesting of the incentive based compensation was calculated based upon, or contingent on, the achievement of financial or operating results that were the subject of or affected by the restatement and (2) the amount or vesting of the incentive based compensation would have been less had the financial statements been correct.

**Report of the Compensation Committee**

We, the members of the Compensation Committee of the Board of Directors, have reviewed and discussed with management the Compensation Discussion and Analysis section (which begins on page 38). Based on this review and discussion, we have recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

**Summary Compensation Table for 2007**

The following table sets forth specified information regarding the compensation for 2007 and 2006 of our Chairman and Chief Executive Officer (Mr. Brian L. Roberts), our former Co-Chief Financial Officers (Messrs. John R. Alchin and Lawrence S. Smith), our current Chief Financial Officer (Mr. Michael J. Angelakis) and our three mostly highly compensated executive officers other than Messrs. Brian L. Roberts, Alchin, Angelakis and Smith. We refer to these individuals as our named executive officers. Compensation for 2007 includes not only compensation earned in 2007 but, in the case of stock awards and option awards, compensation recognized for financial statement reporting purposes with respect to the 2007 fiscal year.

- (1) For Messrs. Brian L. Roberts, Alchin and Smith, the amounts in this column represent bonuses paid in 2007 in exchange for the cancellation of certain options to purchase QVC common stock that they previously held. As a result of the sale of our interest in QVC in 2003, all options to purchase QVC common stock held by our employees were canceled and holders of unvested options, including certain of our named executive officers, are entitled to receive future bonus payments on the same vesting schedule as the original options, as long as the named executive officer remains continuously employed by us through the applicable vesting dates. The aggregate amount of the bonus payments for each named executive officer is equal to the in-the-money value of the unvested options at the time of their cancellation, plus an amount equal to 8% per year from the date of their cancellation through the original vesting date of the option. For Mr. Angelakis, please refer to footnote (7) below.
- (2) This column represents the dollar amount recognized for financial statement reporting purposes with respect to the 2007 fiscal year for the fair value of performance based RSUs granted to each of the named executive officers in 2007 as well as RSUs granted in prior fiscal years, in accordance with Statement of Financial Accounting Standards 123R, Share-Based Payment (SFAS 123R). Under the SEC's rules relating to executive compensation disclosure, the amounts shown exclude the impact of estimated forfeitures related to service based vesting conditions. These amounts, which reflect our accounting expense for these awards and do not correspond to the actual value that will be realized by the named executive officers, were calculated using the valuation assumptions discussed in the "Summary of Significant Accounting Policies," "Stockholders' Equity" or "Share-Based Compensation" footnotes (as applicable) to the financial statements in our Annual Report on Form 10-K for the respective year-end, and were determined by multiplying the Class A common stock closing price on the date of grant by the number of shares subject to the grant. See the "Grants in 2007 of Plan Based Awards" table on page 51 for information on awards made in 2007.

Our three-for-two stock split in the form of a 50% stock dividend which was paid on February 21, 2007 to shareholders of record on February 14, 2007 resulted in a “modification” of then-outstanding stock awards under SFAS 123R. This “modification” triggered a required change in our expense recognition methodology for unvested stock awards granted before January 1, 2006 from accelerated recognition to straight-line recognition. As a result, the amounts expensed during 2007 were lower than would have been the case had the accelerated recognition method continued to apply. If the stock split had not occurred, or if it had not resulted in a “modification” under SFAS 123R, then the 2007 amounts for our named executive officers (other than Mr. Angelakis, who was granted his stock award after the stock split) would have been: Mr. Brian L. Roberts, \$3,450,426; Mr. Burke, \$2,944,084; Mr. Ralph J. Roberts, \$1,430,264; Mr. Cohen, \$2,315,349; Mr. Alchin, \$1,402,492; and Mr. Smith, \$1,596,318.

- (3) This column represents the dollar amount recognized for financial statement reporting purposes with respect to the 2007 fiscal year for the fair value of stock options granted to each of the named executive officers in 2007 as well as stock options granted in prior fiscal years, in accordance with SFAS 123R. Under the SEC’s rules relating to executive compensation disclosure, the amounts shown exclude the impact of estimated forfeitures related to service based vesting conditions. These amounts, which reflect our accounting expense for these awards and do not correspond to the actual value that will be realized by the named executive officers, were calculated using the Black-Scholes option-pricing model, based upon the following valuation assumptions for options granted in 2007: an expected volatility of approximately 24.0%; an expected term to exercise of seven years; an interest rate of approximately 4.5% for options granted to our named executive officers (other than to Mr. Angelakis, who was granted his option on March 30, 2007 in connection with the commencement of his employment with us); an interest rate of approximately 4.6% for Mr. Angelakis’ option; and no dividend yield. For information on the valuation assumptions with respect to grants made before 2007, refer to the “Summary of Significant Accounting Policies,” “Stockholders’ Equity” or “Share-Based Compensation” footnotes (as applicable) to the financial statements in our Annual Report on Form 10-K for the respective year-end. See the “Grants in 2007 of Plan Based Awards” table on page 51 for information on options granted in 2007.
- Our three-for-two stock split, as discussed above in footnote (2), resulted in a “modification” of then-outstanding options under SFAS 123R. This “modification” triggered a required change in our expense recognition methodology for unvested options granted before January 1, 2006 from accelerated recognition to straight-line recognition. As a result, the amounts expensed during 2007 were lower than would have been the case had the accelerated recognition method continued to apply. If the stock split had not occurred, or if it had not resulted in a “modification” under SFAS 123R, then the 2007 amounts for our named executive officers (other than Mr. Angelakis, who was granted his option after the stock split) would have been: Mr. Brian L. Roberts, \$4,515,451; Mr. Burke, \$3,032,098; Mr. Ralph J. Roberts, \$2,795,665; Mr. Cohen, \$2,877,170; Mr. Alchin, \$4,616,159; and Mr. Smith, \$5,401,401.
- (4) The amounts in this column represent annual performance based bonuses earned in 2007 by our named executive officers under our 2006 Cash Bonus Plan. The grant of these bonuses is also disclosed under the “Grants in 2007 of Plan Based Awards” table on page 51.
- (5) The amounts in this column represent the dollar value of interest earned on deferred compensation in excess of 120% of the long-term applicable federal rate (the current rate on deferred compensation is 12%). For Mr. Ralph J. Roberts, in addition to this amount (\$4,493,081), the increase in the actuarial value of his accumulated benefit under the SERP (\$747,546) is included. None of the other named executive officers participate in the SERP.
- (6) This column includes: (a) payments to certain named executive officers to reimburse them for premiums on the term life portion of certain split-dollar life insurance policies (Mr. Brian L. Roberts, \$2,015; Mr. Ralph J. Roberts, \$4,896,416; Mr. Alchin, \$2,404; and Mr. Smith, \$2,592); (b) payments and reimbursements of premiums on term life insurance policies (Mr. Brian L. Roberts, \$414,818); (c) Company contributions to our retirement-investment plan accounts in the amount of \$13,500 for each of the named executive officers other than Mr. Ralph J. Roberts, for whom the amount was \$5,140; (d) Company contributions to our deferred compensation plans (Mr. Brian L. Roberts, \$2,205,000; Mr. Angelakis, \$6,005,480; Mr. Burke, \$1,764,000; and Mr. Cohen, \$787,500); (e) payments to Mr. Angelakis for relocation expenses incurred in connection with the commencement of his employment

with us (\$455,076); (f) the aggregate amount of payments made to cover certain tax liabilities, which, in the case of Mr. Brian L. Roberts were principally related to certain life insurance policies, in the case of Mr. Angelakis were related to his relocation expenses and in the case of Mr. Ralph J. Roberts were related to certain life insurance policies (Mr. Brian L. Roberts, \$292,904; Mr. Angelakis, \$241,129; Mr. Burke, \$1,460; Mr. Ralph J. Roberts, \$6,982,880; Mr. Cohen, \$2,828; and Mr. Smith, \$508); and (g) amounts on account of personal use of Company aircraft, determined as the extent to which the value of such use, calculated on an incremental cost basis, exceeds the amount paid to us by the named executive officer for such use under Company policy, generally based on the associated taxable value (Mr. Brian L. Roberts, \$270,898; Mr. Angelakis, \$44,196; Mr. Burke, \$214,751; Mr. Ralph J. Roberts, \$194,543; Mr. Cohen, \$23,006; Mr. Alchin, \$11,656; and Mr. Smith, \$24,605). The use of Company aircraft is required by Company policy for security reasons with respect to both business and personal travel for Messrs. Brian L. Roberts, Burke and Ralph J. Roberts.

For business and personal use, our named executive officers are able to use Company-owned aircraft as well as certain leased or charter aircraft (depending on availability). In calculating the aggregate incremental cost for a personal flight taken on a leased or charter plane, we use the cost of the flight as charged to us by the aircraft leasing or the charter company. In calculating the aggregate incremental cost associated with the personal use of Company aircraft, we use a methodology that takes into account all variable costs associated with airplane travel, including the cost of fuel, trip-related maintenance, repairs, expenses, catering and crew services and landing fees, to arrive at a variable cost per hour amount that we then multiply by the number of hours the named executive officer used the aircraft. This methodology excludes fixed costs, which do not change based on usage, such as pilots' salaries, the purchase costs of the corporate-owned aircraft and the cost of maintenance not related to personal travel. For amounts shown for 2007, in determining the number of hours that an aircraft was used for personal purposes, we included the flight time of "repositioning" the aircraft, such as a return flight from a personal flight on which no passenger was on board the return flight.

For all other benefits that would otherwise be considered perquisites, as more fully described in "Compensation Discussion and Analysis — Elements and Mix of Our Compensation Program — Perquisites" on page 44, our named executive officers are required to pay us (and have paid us) for such benefits.

- (7) On March 28, 2007, Mr. Angelakis became our Executive Vice President and Co-Chief Financial Officer under his employment agreement dated November 20, 2006. On December 31, 2007, when Mr. Alchin retired from his positions as Executive Vice President, Co-Chief Financial Officer and Treasurer, Mr. Angelakis became our Chief Financial Officer. In connection with the commencement of Mr. Angelakis' employment with us, he received the following: (i) a cash signing bonus of \$5,000,000 (see column (d) of the Summary Compensation Table above); (ii) a Company contribution to our deferred compensation plans, \$5,000,000 of which represented an additional signing award rather than an annual contribution to such plans (see footnote (6) above); and (iii) an RSU award with respect to 194,100 shares of our Class A common stock, which was fully vested as of its grant date on March 30, 2007 (see footnote (3) to the "Grants in 2007 of Plan Based Awards" table on page 51). Pursuant to the terms of his employment agreement and his RSU award, if Mr. Angelakis had been terminated for "cause" or if he had terminated his employment without "good reason" within six months following his start date or the grant date of his award (respectively), he would have been required to repay us for 100% of the amount of the signing bonus and 100% of the value of the RSU award (respectively), net of any taxes that Mr. Angelakis paid thereon and any losses suffered by him due to the diminution in value in the shares underlying the award. In addition, if such termination of employment occurred after six months following his start date or grant date (respectively) but before the one year anniversary of his start date or grant date (respectively), he would have been required to repay us for 50% of the amount of the signing bonus and 50% of the value of the RSU award (respectively), net of any taxes that Mr. Angelakis paid thereon and any losses suffered by him due to the diminution in value in the shares underlying the award. See "— Potential Payments upon Termination or Change in Control — Potential Payments Due upon Termination of Employment" for a summary of the definitions of "cause" and "good reason" applicable to Mr. Angelakis.

- (8) On December 31, 2007, Mr. Alchin retired from his positions as Executive Vice President, Co-Chief Financial Officer and Treasurer. For more information regarding Mr. Alchin's retirement please see the Form 8-K we filed with the SEC on November 28, 2006.
- (9) On March 28, 2007, Mr. Smith retired from his positions as Executive Vice President and Co-Chief Financial Officer. For more information regarding Mr. Smith's retirement, please see the Form 8-K we filed with the SEC on November 28, 2006. The amounts shown for Mr. Smith in 2007 reflect his compensation in respect of his service as an executive officer through March 28, 2007 and his service as a non-executive employee through the remainder of the year.

The following table provides information about equity and nonequity awards granted to our named executive officers in 2007, as follows: (1) the grant date for equity awards (column (b)); (2) the estimated future payouts under nonequity incentive plan awards (columns (c), (d) and (e)); (3) the estimated future payouts under equity incentive plan awards, which consist of performance based RSUs (columns (f), (g) and (h)); (4) all other stock awards, which consist of the number of shares of Class A common stock underlying RSUs (column (i)); (5) all option awards, which consist of the number of shares underlying stock options (column (j)); (6) the exercise price of the stock option awards, which reflects the closing price of our Class A common stock on the date of grant (\$25.44 for options granted to our named executive officers other than to Mr. Angelakis, and \$25.95 for options granted to Mr. Angelakis) (column (k)); and (7) the grant date fair value of each equity award computed under SFAS 123R (column (l)).

- (1) Represents annual performance based bonus awards granted to our named executive officers under our cash bonus plan. The actual amounts earned with respect to these bonuses for 2007 are included in the "Summary Compensation Table for 2007" on page 48 under the "Non-Equity Incentive Plan Compensation" column (see footnote (4) to the "Summary Compensation Table for 2007"). As described in "— Compensation Discussion and Analysis — Elements and Mix of Our Compensation Program — Cash Bonus Incentive Compensation" on page 41, based on 2007 achievement of specified increases in consolidated operating cash flow, the named executive officers were entitled to receive 98% of their

respective target amounts for their 2007 bonus. However, in light of the Company's 2007 share price performance, free cash flow achievement lower than expectations, and the level of annual cash bonuses achieved by other employees, the named executive officers have elected to accept only 80% of their target amounts.

- (2) Represents shares of our Class A common stock underlying performance based RSU awards granted to our named executive officers under our restricted stock plan. Subject to achieving specified increases in consolidated operating cash flow, as described in "— Compensation Discussion and Analysis — Elements and Mix of Our Compensation Program — Equity Based Incentive Compensation" on page 42, (i) all RSU awards granted to our named executive officers on March 16, 2007 vest as follows: 15% of the shares subject to each award will vest on April 16, 2008, 15% on each of March 16, 2009, 2010 and 2011 and 40% on March 16, 2012; and (ii) the RSU award granted to Mr. Angelakis on March 30, 2007 with respect to 94,140 shares will vest as follows: 15% of the shares subject to the award will vest on April 30, 2008, 15% on each of March 30, 2009, 2010 and 2011 and 40% on March 30, 2012.
- (3) The RSU award granted to Mr. Angelakis on March 30, 2007 with respect to 194,100 shares of our Class A common stock was fully vested as of its grant date. See footnote (7) to the "Summary Compensation Table for 2007" on page 48 for further information.
- (4) Represents shares of our Class A common stock underlying stock option awards granted to our named executive officers on March 16, 2007 (other than to Mr. Angelakis, who was granted his option on March 30, 2007) under our 2003 Stock Option Plan. These options become exercisable at the rate of 30% of the shares covered thereby on the second anniversary of the date of grant, another 15% on each of the third, fourth and fifth anniversaries of the date of grant, another 5% on each of the sixth through ninth anniversaries of the date of grant and 5% on the nine and one-half year anniversary of the date of grant.

**Outstanding Equity Awards at 2007 Fiscal Year-End**

The following table provides information on the holdings of stock option and stock awards by our named executive officers as of December 31, 2007. This table includes unexercised vested and unvested stock options (see columns (b), (c), (e) and (f)), unvested RSUs (see columns (g) and (h)) and unvested performance based RSUs (see columns (i) and (j)). The vesting schedules for these grants are disclosed in the footnotes to this table. The market value of stock awards is based on the closing market price of a share of our Class A common stock as of December 31, 2007, or \$18.26. The performance based RSUs are subject to achieving specified increases in consolidated operating cash flow, as described in further detail in "Compensation Discussion and Analysis — Elements and Mix of our Compensation Program — Equity Based Incentive Compensation" on page 42.

- (2) Represents shares of Class A common stock.
- (3) Represents the portion of Mr. Angelakis' RSU award that was granted to him on March 30, 2007 which, as of December 31, 2007, was no longer subject to repayment upon specified terminations of employment (see footnote (7) to the "Summary Compensation Table for 2007" on page 48).
- (4) Mr. Ralph J. Roberts deferred the January 2, 2007 settlement of 211,672 shares of Class A common stock until January 2, 2017 and the March 14, 2007 settlement of 16,988 shares of Class A common stock until March 14, 2017. The actual value that he will realize upon settlement will depend on the value of a share of Class A common stock at the time the deferrals lapse.

**Pension Benefits at 2007 Fiscal Year-End**

The amount reported in the table below represents the present value of the accumulated benefit as of December 31, 2007 for Mr. Ralph J. Roberts under our Supplemental Executive Retirement Plan, or SERP. Mr. Roberts is the only named executive officer who participates in a defined benefit pension plan.

Name (a)	Plan Name (b)	Number of Years Credited Service (#) (c)(1)	Present Value of Accumulated Benefit (\$) (d)(2)	Payments During Last Fiscal Year (\$) (e)
Brian L. Roberts	—	—	—	—

David L. Cohen	—	—	—	—
John R. Alchin	—	—	—	—
Lawrence S. Smith	—	—	—	—

- Although Mr. Ralph J. Roberts has been employed by us for 44 years, under the terms of our SERP, the maximum number of years of credited service is 30 years.
- Benefits under the SERP are calculated by multiplying “final average compensation” first by 2% and then by the number of years of service (the maximum is 30 years), and then reducing this total by any Social Security benefits that the participant receives. For purposes of the SERP, “final average compensation” is defined as the average of the total compensation paid to the executive during the five highest, consecutive complete calendar years within the 10 calendar years preceding the date of termination of employment. Compensation includes salary, bonus (including any deferred bonus) and any other supplementary remuneration, but excludes payments made to participants for split-dollar life insurance premium bonuses and payments made to offset tax liabilities incurred related to these bonuses. The present value of the accrued SERP benefit for Mr. Ralph J. Roberts was calculated using a discount rate of 5.75%, a post-retirement cost of living adjustment of 4%, and a post-retirement mortality of 4.24 years based on the RP-2000 mortality table and his attained age.

**Nonqualified Deferred Compensation in and as of 2007 Fiscal Year-End**

The table below provides information on the nonqualified deferred compensation of our named executive officers in and as of the end of 2007.

Lawrence S. Smith(3)(6)	—	—	1,335,213	—	15,079,140

- These amounts are reported as compensation in the “Summary Compensation Table for 2007” on page 48 under the columns “Salary,” “Bonus” and/or “Non-Equity Incentive Plan Compensation.”
- All amounts contributed by a named executive officer and by us in prior years have been reported in the Summary Compensation Tables in our previously filed proxy statements in the year earned to the extent

he was a named executive officer for purposes of the SEC's executive compensation disclosure, except as set forth in footnote (5) below.

- (3) Other than the amounts described in footnotes (4), (5) and (6) below, amounts in this table have been deferred under our deferred compensation plans. Eligible employees and directors may elect to participate in these plans. Employees may defer any cash compensation they receive, other than sales commissions or other similar payment, and nonemployee directors may defer any compensation they receive for services as a director, whether paid in stock or in cash. Amounts credited to each participant's account will generally be deemed invested in an income fund, which is credited at the annual rate applicable at the time of the participant's deferral (which has been and is currently 12%) for so long as the individual is employed by, or is providing services to, us. Following such time, any amounts remaining deferred in the income fund are credited with interest at the prime rate plus 1%, unless the Compensation Committee provides for a different rate. Following the termination of their employment by us, the rate applicable to Messrs. Alchin and Smith will continue at the active employee rate through December 31, 2013. Nonemployee directors who have elected to defer the receipt of shares as described on page 70 under the "Director Compensation for 2007" table will have these amounts initially deemed invested in the Company's stock fund. Compensation earned on or before December 31, 2004 was required to be deferred for a minimum of one year, with any redeferral required to be for a minimum of two years. Compensation earned on or after January 1, 2005 is required to be deferred for a minimum of two years, with any redeferral required to be for a minimum of five years. In either case, the maximum deferral of the commencement of distributions associated with any individual election is 10 years.
- (4) Under Mr. Ralph J. Robert's prior employment agreement, upon his death, we are required to pay supplemental deferred compensation to his beneficiary within six months of his death. We agreed to provide this to Mr. Roberts in exchange for his waiving his right to two bonus arrangements of comparable value that he had been entitled to under a prior agreement with us. Under the terms of the employment agreement, Mr. Roberts requested that we invest portions of the deferred compensation amount in certain investments identified by Mr. Roberts. We have complied with Mr. Roberts' request, and the amount of the deferred compensation has been adjusted to reflect the increase or decrease in value of any such investments. The value of the deferred compensation as of December 31, 2007 was \$47,303,085.
- (5) Before 2007, Messrs. Ralph J. Roberts, Cohen and Alchin deferred the settlement of RSUs, which remained deferred during 2007. In addition, during 2007, Mr. Ralph J. Roberts deferred the January 2, 2007 settlement of 211,672 shares of Class A common stock until January 2, 2017 and the March 14, 2007 settlement of 16,988 shares of Class A common stock until March 14, 2017 (see footnote (4) to the "Option Exercises and Stock Vested in 2007" table on page 59). The amount shown in the "Executive Contributions in Last FY" column for Mr. Ralph J. Roberts reflects the value of the shares he deferred in 2007 as of their respective vesting dates, and the amount shown in the "Aggregate Earnings in Last FY" column for Messrs. Ralph J. Roberts, Cohen and Alchin reflects the value of the aggregate earnings of all shares that have been deferred by each of them.
- (6) Under our deferred stock option plan, our named executive officers were permitted to defer all or a portion of the shares issuable upon the exercise of nonqualified stock options. These proceeds were initially deemed invested in the Company's stock fund, and were subsequently converted into a cash account which accrues earnings at an annual rate of 8%. The amounts in the "Aggregate Earnings in Last FY" column for Mr. Smith include earnings on those deemed investments. Effective January 30, 2004, the deferred stock option plan ceased to permit the deferral of any amounts that were not earned and vested as of December 31, 2004.

#### **Agreements with Our Named Executive Officers**

The following is a description of selected terms of the agreements that we have entered into with our named executive officers, as such terms relate to the compensation reported and described in this proxy statement.

*Employment Agreement with Mr. Brian L. Roberts*

*Base Salary.* The agreement provides for an annual base salary of \$2,500,000 from the inception of the agreement through December 31, 2005. This amount is reviewed annually to determine whether an increase is appropriate for the subsequent calendar year in the term of the agreement, which ends on June 30, 2009, unless the agreement is terminated earlier as a result of a termination of Mr. Roberts' employment. If increased, Mr. Roberts' salary may not be reduced, except under an overall plan to reduce the compensation of all our senior executive officers.

*Bonus.* Mr. Roberts is eligible to receive an annual performance bonus, payable in cash, of a percentage of his base salary for the applicable year. During the term of the agreement, Mr. Roberts' bonus opportunity, expressed as a percentage of base salary, will be established by the Compensation Committee; however, the applicable target bonus percentage will not be less than 300% if all performance targets are achieved.

*Deferred Compensation.* The agreement entitles Mr. Roberts to an annual Company contribution to our deferred compensation plans as follows: 2007, \$2,205,000; 2008, \$2,315,250; and 2009, \$2,431,012.

*Perquisites.* The agreement provides for Mr. Roberts to continue to receive those perquisites and fringe benefits in effect at the time of the agreement under our current plans and policies, including our aviation policy (as described in footnote (6) to the "Summary Compensation Table for 2007" on page 48). Since 2006, our named executive officers have been required to pay us for any benefits that would otherwise be considered perquisites.

*Term and Split-Dollar Life Insurance.* We have entered into various agreements, including the employment agreement, with Mr. Roberts that require us to provide funding for term and split-dollar life insurance policies having an approximately \$223 million aggregate net death benefit as of December 31, 2007. The split-dollar policy is currently fully paid; however, we pay additional compensation to Mr. Roberts that has the effect of offsetting taxable income he would otherwise recognize annually in connection with this policy. Mr. Roberts pays income tax on this additional compensation. With respect to the term life insurance policies, we pay the premiums on these policies and an additional amount to cover taxes in respect of such payments. The term life insurance-related agreements do not terminate upon the termination of Mr. Roberts' employment with us.

*Employment Agreement with Mr. Angelakis*

*Base Salary.* The agreement provides for an annual base salary of \$1,500,000 from the inception of the agreement through December 31, 2007. This amount is reviewed annually to determine whether an increase is appropriate for the subsequent calendar year in the term of the agreement, which ends on December 31, 2011, unless the agreement is terminated earlier as a result of a termination of Mr. Angelakis' employment. If increased, Mr. Angelakis' salary may not be reduced, except under an overall plan to reduce the compensation of all our senior executive officers.

*Bonus.* Mr. Angelakis is eligible to receive an annual performance bonus, payable in cash, of a percentage of his base salary for the applicable year. During the term of the agreement, Mr. Angelakis' applicable target bonus percentage will not be less than 300% if all performance targets are achieved.

*Deferred Compensation.* The agreement entitles Mr. Angelakis to an annual Company contribution to our deferred compensation plans as follows: 2007, \$6,005,480; 2008, \$1,389,150; 2009, \$1,458,600; 2010, \$1,531,538; and 2011, \$1,608,114.

*Employment Agreement with Mr. Burke*

*Base Salary.* The agreement provides for an annual base salary of \$2,000,000 from the inception of the agreement through December 31, 2006. This amount is reviewed annually to determine whether an increase is appropriate for the subsequent calendar year in the term of the agreement, which ends on December 31, 2010, unless the agreement is terminated earlier as a result of a termination of Mr. Burke's employment. If

increased, Mr. Burke's salary may not be reduced, except under an overall plan to reduce the compensation of all our senior executive officers.

*Bonus.* Mr. Burke is eligible to receive an annual performance bonus, payable in cash, of a percentage of his base salary for the applicable year. During the term of the agreement, Mr. Burke's applicable target bonus percentage will not be less than 300% if all performance targets are achieved.

*Deferred Compensation.* The agreement entitles Mr. Burke to an annual Company contribution to our deferred compensation plans as follows: 2007, \$1,764,000; 2008, \$1,852,200; 2009, \$1,944,800; and 2010, \$2,042,050.

*Agreement with Mr. Ralph J. Roberts*

On December 27, 2007, we entered into an agreement with Mr. Ralph J. Roberts, which became effective as of January 1, 2008. We entered into this agreement in connection with the expiration of the term, on December 31, 2007, of Mr. Roberts' employment agreement, which has been previously disclosed. The new agreement clarifies and memorializes the parties' intention that certain provisions of Mr. Roberts' employment agreement continue on comparable terms following the end of the term of his employment agreement. Such provisions included his death and disability benefits as well as his covenants relating to confidentiality, nondisparagement and Company property, as described in further detail in "— Potential Payments upon Termination or Change in Control," which begins on page 64. On February 13, 2008, we entered into an amendment to the agreement with Mr. Roberts. This amendment effects Mr. Roberts' request that the regular base compensation received by him be reduced to one dollar per annum, and that the death benefit contained in the agreement, as well as his regular cash bonus and annual equity-based grants, be prospectively eliminated.

*Split-Dollar Life Insurance.* We have entered into various agreements with Mr. Ralph J. Roberts that continue to require that we provide funding for split-dollar life insurance policies having an approximately \$130 million aggregate net death benefit as of December 31, 2007. Certain of this split-dollar life insurance was compensation in exchange for Mr. Roberts' relinquishment of the potential benefits represented by a prior terminated discretionary bonus plan with respect to the appreciation through March 15, 1994 in the options for Class A Special common stock previously awarded to Mr. Roberts, taking into account our financial position and the tax deductibility of any such payments. Under the agreement and the terms of the split-dollar life insurance arrangements, we are obligated to pay the whole life portion of the premiums for these policies and, upon payment of the policies at the death of Mr. Roberts or of the survivor of Mr. Roberts and his spouse, as applicable, we recover all of such premiums. In 2004, Mr. Roberts waived our obligation to pay these premiums in exchange for an RSU award. In addition, under the agreement and these split-dollar life insurance arrangements, we are obligated to reimburse Mr. Roberts for the term life portion of the premiums he pays attributable to certain of these policies (and an additional amount to cover taxes in respect of such reimbursements). We also pay additional compensation to Mr. Roberts that has the effect of offsetting taxable income he would otherwise recognize in connection with certain other of these policies (and an additional amount to cover taxes in respect of such payments).

*Employment Agreement with Mr. Cohen*

*Base Salary.* The agreement provides for an annual base salary of \$1,200,000 from the inception of the agreement through December 31, 2006. This amount is reviewed annually to determine whether an increase is appropriate for the subsequent calendar year in the term of the agreement, which ends on December 31, 2010, unless the agreement is terminated earlier as a result of a termination of Mr. Cohen's employment. If increased, Mr. Cohen's salary may not be reduced, except under an overall plan to reduce the compensation of all our senior executive officers.

*Bonus.* Mr. Cohen is eligible to receive an annual performance bonus, payable in cash, of a percentage of his base salary for the applicable year. During the term of the agreement, Mr. Cohen's applicable target bonus percentage will not be less than 125% if all performance targets are achieved.

*Deferred Compensation.* The agreement entitles Mr. Cohen to an annual Company contribution to our deferred compensation plans as follows: 2007, \$787,500; 2008, \$826,875; 2009, \$868,219; and 2010, \$911,630.

*Employment Agreements with Messrs. Alchin and Smith*

*Base Salary.* The agreements with Messrs. Alchin and Smith provide for an annual base salary of \$1,025,000 and \$1,225,000, respectively, from the inception of the agreement through December 31, 2006. In each case, this amount was reviewed annually to determine whether an increase was appropriate for the subsequent calendar year in the term of the agreement, which ends on December 31, 2008, unless the agreement is terminated earlier as a result of a termination of his employment.

*Bonus.* Each is eligible to receive an annual performance bonus, payable in cash, of a percentage of his base salary for the applicable year. During the term of the agreement, the target bonus percentage applicable to each will not be less than 125% if all performance targets are achieved.

*Election to Change Status.* As described in further detail in “— Potential Payments upon Termination or Change in Control,” which begins below, both Mr. Alchin and Mr. Smith have elected to change their status from full-time executive officer to part-time non-executive employee, which resulted in specified changes to their compensation after the applicable effective date of such change in status.

**Potential Payments upon Termination or Change in Control**

***Potential Payments Due upon Termination of Employment***

This section describes the payments and benefits to which our named executive officers would have been entitled had their employment terminated under the circumstances described below on December 31, 2007. In the case of Messrs. Alchin and Smith, however, this section describes the payments and benefits to which they became entitled after the effective date in 2007 of the change in their status from full-time executive officer to part-time non-executive employee. In this section, the value associated with the acceleration of equity compensation is based on the closing market price of a share of our Class A common stock and Class A Special common stock as of December 31, 2007, minus, in the case of stock options, the exercise price. On December 31, 2007, the closing market price of our Class A common stock was \$18.26 and the closing market price of our Class A Special common stock was \$18.12.

Our annual cash bonus policy provides that employees, including our named executive officers, will receive their bonuses in respect of the year if they are employed with us on December 31. Because this section assumes that the termination of employment of our named executive officers occurred on December 31, 2007, the description of potential payments due upon a termination includes those bonus amounts in respect of 2007 (whether or not such payment is provided for in an employment agreement).

In addition to the specific payments and benefits described for each named executive officer, our named executive officers will also be entitled to receive any benefits due under the terms of our benefit plans and programs, including Mr. Ralph J. Roberts’ SERP and our deferred compensation plans described in further detail, respectively, in “— Pension Benefits at 2007 Fiscal Year-End” on page 60 and “— Nonqualified Deferred Compensation in and as of 2007 Fiscal Year-End” on page 60.

*Mr. Brian L. Roberts*

If Mr. Roberts’ employment is terminated by reason of his death or disability, we must continue to pay his base salary on a monthly basis, and his annual cash bonus on an annual basis (assuming full achievement of target performance), for five years to him or, upon his death, to his estate or to his spouse for so long as she is living and thereafter to her estate. Upon such termination, unvested stock options and RSUs will vest in full and the options will remain exercisable for the remainder of their terms. Upon his disability, we will continue to provide the Company deferred compensation credits on the schedule set forth in his employment agreement for so long as he is living. Upon Mr. Roberts’ death, his estate or his spouse is entitled to payment

of his annual cash bonus, prorated to reflect the number of days he was employed during the year of his death, and his spouse is entitled to continued health benefits during her lifetime.

If we terminate Mr. Roberts' employment without cause or he terminates it with good reason, he is entitled to payment of base salary (based on the highest base salary he received during the term) on a monthly basis and health benefits for a period through the later of June 30, 2009 and 24 months after termination. He is also entitled to the payment of his annual cash bonus, prorated to reflect the number of days he is employed during the year of such termination (assuming full achievement of target performance), and thereafter (based on his highest participation levels during the term) for a period through the later of June 30, 2009 and 12 months after termination. If Mr. Roberts dies after a termination without cause or with good reason and before June 30, 2009, his surviving spouse or her estate will be entitled to receive the death benefits described above and we will continue to provide the Company deferred compensation credits on the schedule set forth in his employment agreement. In addition, unless Mr. Roberts' employment terminates by reason of his death, we will be required to continue to provide funding for the term life insurance policies described in "— Agreements with Our Named Executive Officers," which begins on page 61.

For purposes of the agreements of our named executive officers, other than Mr. Ralph J. Roberts, "cause" generally means fraud, misappropriation, embezzlement, gross negligence in the performance of duties, self-dealing, dishonesty, misrepresentation, conviction of a crime of a felony, material violation of any Company policy, material violation of the Company's code of ethics and business conduct or material breach of any provision of his agreement, and "good reason" generally means assignment of any position or duties inconsistent in any material respect with his education, skills and experience, any other action by the Company that results in a substantial diminution in his position and duties or material breach of any provision of his agreement.

If Mr. Roberts' employment had been terminated on December 31, 2007 due to his disability, he would have been entitled to an amount of payments and benefits totaling \$91,969,890. In addition, his options will remain exercisable for the remainder of their terms. If we terminate any of such executives' employment without cause or he terminates his employment with good reason, he is entitled to receive his then-current base salary, payable on a monthly

*Messrs. Alchin and Smith*

On November 27, 2006, Mr. Smith notified us of his decision to retire from his positions as Executive Vice President and Co-Chief Financial Officer, which constituted an election to change his status from full-time executive officer to part-time non-executive employee, effective March 28, 2007. On the same day, Mr. Alchin notified us of his intention to retire from his positions as Executive Vice President, Co-Chief Financial Officer and Treasurer, which constituted an election to change his status from full-time executive officer to part-time non-executive employee. Mr. Alchin's retirement was effective on December 31, 2007.

Under Messrs. Alchin's and Smith's employment agreements, once the executive notifies us in writing of his decision to change his status, we have the ability to terminate his employment instead of allowing him to work part-time. Until December 31, 2008, the executive will be required to provide service on a part-time basis only and will receive as compensation 30% of the base salary, cash bonus and grants of stock options and/or RSUs that he would have received had he remained a full-time employee. During this period, stock options and RSUs will continue to vest. During this period and until he reaches age 65, the executive will be entitled to participate in our health benefits, or, if he is not eligible to participate, we will reimburse him on an

after-tax basis for the incremental cost of obtaining other coverage. We will also provide an office and secretarial services during this period and until the executive reaches age 65. In addition, we will credit the executive's deferred compensation plan balances with the employee rate through the end of the fifth calendar year following the year of his termination. If we terminate either executive after he has made this election, he will be entitled to receive the health, office and deferred compensation benefits described above. In addition, upon such termination, and on December 31, 2008 in the event of no such termination, certain options held by the executive will vest in full and remain exercisable through or at the end of their original exercisable terms. If this termination occurs before June 30, 2008, in the case of Mr. Alchin, he will be entitled to receive the vesting of all RSUs through that date.

In connection with the change in Mr. Alchin's employment status from full-time executive officer to part-time non-executive employee, effective December 31, 2007, he became entitled to an amount of payments and benefits totaling \$17,092,388. This amount is comprised of the following amounts and benefits: base salary continuation (\$322,875); annual cash bonus continuation (\$1,748,907); the value associated with the treatment of RSUs (\$4,379,935); the value associated with the treatment of options (\$294,540); the value associated with the provision of health benefits (\$54,522) and secretarial support (\$150,000); and the value associated with continuing the crediting of the active employee rate on his deferred compensation account for five years (\$10,141,609). In connection with the change in Mr. Smith's employment status from full-time executive officer to part-time non-executive employee, effective March 28, 2007, he became entitled to an amount of payments and benefits totaling \$30,830,598. This amount is comprised of the following amounts and benefits: base salary continuation (\$684,185); annual cash bonus continuation (\$1,300,473); the value associated with the treatment of RSUs (\$7,040,852); the value associated with the treatment of options (\$13,809,360); the value associated with the provision of health benefits (\$45,435) and secretarial support (\$125,000); and the value associated with continuing the crediting of the active employee rate on his deferred compensation account for five years (\$7,825,293).

*Mr. Ralph J. Roberts*

The following describes the potential payments to Mr. Roberts upon a termination of employment pursuant to the terms of his agreement which was entered into on December 27, 2007, with an effective date of January 1, 2008, as modified by the amendment to the agreement which was entered into on February 13, 2008. As described in "— Agreements with Our Named Executive Officers," which begins on page 61, this agreement, as amended, applies following the termination of Mr. Roberts' employment agreement, which expired on December 31, 2007. In order to comply with the SEC's rules relating to executive compensation disclosure, the following assumes that Mr. Roberts' new agreement, as amended, was in effect on December 31, 2007.

If Mr. Roberts' employment terminates due to his death or disability, he or his estate will receive full vesting of his stock options and RSUs and his stock options will remain exercisable for the remainder of their terms. In addition, if Mr. Roberts' employment terminates due to his death, we will provide health benefits to his spouse during her lifetime. If his employment terminates due to his disability, he will be entitled to health benefits during his lifetime, and if he dies within five years of such termination, his spouse will receive lifetime health benefits. If we terminate Mr. Roberts' employment without cause, he will continue to receive health benefits for a period of 78 weeks pursuant to our general severance plan. Under the severance plan, "cause" generally means a termination of employment on account of inadequate performance, misfeasance, malfeasance, violations of Company policy (including the code of ethics and business conduct), criminal conduct, misconduct, dishonesty, mismanagement, incompetence, deliberate and premeditated acts against the interests of the Company, or destruction of Company property, as determined by the Company, and any other reason judged by the Company, in good faith, to be unacceptable behavior. In addition, after the terminations of employment described above, we will be required to continue to provide funding for the split-dollar life insurance policies described in "— Agreements with Our Named Executive Officers," which begins on page 61.

If Mr. Roberts' employment had been terminated on December 31, 2007 due to his disability, he would have been entitled to an amount of payments and benefits totaling \$135,363,276. This amount is comprised of the following amounts and benefits: the value associated with the acceleration and full-term exercisability of

unvested stock options (\$290,010) and the acceleration of RSUs (\$5,528,215); the value associated with the provision of health benefits to Mr. Roberts (\$63,609); and the continuation of payments in respect of split-dollar life insurance policies (\$129,481,442, which is based upon projected increases in future year premium amounts using the lesser of one-year term insurance rates, if available from the insurance carrier, or Internal Revenue Service, or IRS, tables for the number of years of Mr. Roberts' and his spouse's actuarial remaining lives of approximately four years for Mr. Roberts and seven years for Mr. Roberts and his spouse jointly). If Mr. Roberts' employment had been terminated on December 31, 2007 due to his death, his spouse and/or estate would have been entitled to an amount of payments and benefits totaling \$87,153,537. This amount is comprised of the following amounts and benefits: the value associated with the acceleration and full-term exercisability of unvested stock options (\$290,010) and the acceleration of RSUs (\$5,528,215); the value associated with the provision of health benefits to his spouse (\$45,435); and the continuation of payments in respect of split-dollar life insurance policies (\$81,289,877, which is based upon projected increases in future year premium amounts for the approximately five years of Mr. Roberts' spouse's actuarial remaining life).

If Mr. Roberts' employment had been terminated on December 31, 2007 by us without cause, he would have been entitled to an amount of payments and benefits totaling \$129,495,073. This amount is comprised of the following amounts and benefits: the value associated with the provision of post-termination health benefits (\$13,631) and the continuation of payments in respect of split-dollar life insurance policies (\$129,481,442).

#### ***Change in Control Provisions***

Under the agreements with each of our named executive officers other than Mr. Ralph J. Roberts, if, in connection with a transaction, our Board determines that it is appropriate to accelerate the vesting of options and, in the case of Mr. Brian L. Roberts, RSUs, we will provide notice of this decision at least 10 business days before the anticipated closing date of the event. If so determined, all options held by them will become immediately exercisable in full, and all RSUs held by Mr. Brian L. Roberts will immediately become fully vested. Until the day before the date of the transaction, they will be able to exercise all such options. If the transaction is not consummated, the options will be treated as not having been exercisable and the RSUs will be treated as not having vested. In addition, if we were to terminate Mr. Brian L. Roberts' employment following the transaction, it would be treated as a termination without cause and he would be entitled to the amounts described above.

If our Board were to decide to accelerate the vesting of options, assuming that the acceleration event occurred on December 31, 2007 and using the value of our Class A common stock and Class A Special common stock on this date, the value associated with the accelerated vesting would be \$675,810 for Mr. Brian L. Roberts; \$0 for Mr. Angelakis; \$825,428 for Mr. Burke; \$870,690 for Mr. Cohen; \$294,540 for Mr. Alchin and \$421,463 for Mr. Smith. If our Board were to decide to accelerate the vesting of RSUs held by Mr. Brian L. Roberts, the value associated with the accelerated vesting would be \$13,301,954.

Under Mr. Ralph J. Roberts' prior employment agreement, before any change in control, we were required to establish and fund a grantor trust, the amounts in which will be subject to claims of our creditors in the case of our bankruptcy, for the purpose of paying all deferred compensation, nonqualified retirement benefits and split-dollar life insurance amounts. Upon the occurrence of a change in control, such trust must become irrevocable and we must continue to make payments into such trust to maintain sufficient amounts to fund all benefits subject to the trust. While our acquisition of AT&T Corp.'s cable business in November 2002 was a change in control under his employment agreement, Mr. Roberts elected to waive his right to have us fund the trust at that time; however, Mr. Roberts may exercise this right at any time by providing notice to us. If we were required to fund the trust on December 31, 2007, we would be required to contribute \$270,457,296 to such trust. In addition, if Mr. Roberts' employment is terminated on or after the occurrence of a change in control, it would be treated as a termination without cause and he would be entitled to the amounts described above.

***Noncompetition and Confidentiality***

Each of our named executive officers, other than Mr. Ralph J. Roberts, is subject to noncompetition covenants. Under the agreements, each has agreed not to compete with us during his employment and, in the event his employment terminates other than by us without cause or by him with good reason, for one year after termination of his employment. In the case of Messrs. Brian L. Roberts, Angelakis, Burke and Cohen, if we have not renewed the executive's employment agreement and he terminates his employment after the end of the initial term of the agreement (other than for good reason), we may elect to have the noncompetition provisions apply in exchange for providing him with one year's base salary and bonus. In the case of Messrs. Alchin or Smith, each of whom has elected to change his status, if his employment terminates, then the noncompetition provisions will apply in exchange for providing him one year's base salary and bonus (less any amount actually paid to Messrs. Alchin or Smith on account of base salary or bonus after 2007 or 2006, respectively). Each of our named executive officers, other than Mr. Ralph J. Roberts, has also agreed not to solicit our employees or customers for one year after termination of his employment.

Each of our named executive officers is subject to confidentiality covenants. Each has agreed to maintain the confidentiality of our information and not to use such information, except for our benefit, at all times during and after his employment with us.

All amounts provided above are estimates only, and actual amounts will vary depending upon the facts and circumstances applicable at the time of the triggering event.

(1) This column represents all cash retainers and meeting fees earned by our nonemployee directors with respect to their service in 2007, regardless of whether such fees were deferred as described below. Messrs. Anstrom, Breen, Collins, Cook and Honickman and Dr. Rodin have elected to receive 50% of their annual retainer in the form of equity. In 2007, they each earned (and deferred) share units with respect to 1,142 shares of Class A common stock.

(2) This column represents the dollar amount recognized for financial statement reporting purposes with respect to the 2007 fiscal year for the fair value of share units with respect to shares of Class A common stock granted as the annual equity award in 2007 and deferred. Fair values in this column have been determined under SFAS 123R, were calculated using the valuation assumptions discussed in the “Summary of Significant Accounting Policies” and “Share-Based Compensation” footnotes to the financial statements in our Annual Report on Form 10-K for the year ended December 31, 2007, and were determined by multiplying the Class A common stock closing price on the date of grant by the number of shares subject to the grant. These amounts reflect our accounting expense for these awards, and do not correspond to the actual value that will be realized by the nonemployee directors at the time the deferral lapses.

As of December 31, 2007, each of our nonemployee directors had the following outstanding stock awards in the form of share units with respect to shares of Class A common stock, all of which were deferred: Mr. Anstrom: 15,656 as a result of annual equity awards and 5,998 as a result of annual retainers; Mr. Bacon: 15,656 as a result of annual equity awards; Mr. Bonovitz: 15,656 as a result of annual equity awards; Mr. Breen: 15,656 as a result of annual equity awards and 2,821 as a result of annual retainers; Mr. Collins: 15,656 as a result of annual equity awards and 3,098 as a result of annual retainers; Mr. Cook: 15,656 as a result of annual equity awards and 4,878 as a result of annual retainers; Mr. Honickman: 15,761 as a result of annual equity awards and 2,196 as a result of annual retainers; Dr. Rodin: 15,656 as a result of annual equity awards and 4,878 as a result of annual retainers; and Mr. Sovern: 15,656 as a result of annual equity awards.

In addition, Mr. Bonovitz had deferred share units with respect to 58,451 shares of Class A Special common stock under our discontinued deferred stock option plan.

(3) None of our nonemployee directors was granted stock option awards in 2007. As of December 31, 2007, each of our nonemployee directors had outstanding option awards with respect to the following shares of Class A common stock: Mr. Anstrom: 33,750 shares; Mr. Bacon: 33,750 shares; Mr. Bonovitz: 33,750 shares; Mr. Breen: 5,625 shares; Mr. Collins: 14,062 shares; Mr. Cook: 43,930 shares; Dr. Rodin: 33,750 shares; and Mr. Sovern: 43,932 shares. As of December 31, 2007, Mr. Honickman did not have any outstanding option awards.

- (4) Annual retainer and other meeting fees received by our nonemployee directors may be deferred in whole or in part under our deferred compensation plans. The amounts in this column represent the dollar value of interest earned on deferred compensation in excess of 120% of the long-term applicable federal rate (the current rate on deferred compensation is 12%).

(h) Delivery of Shares. For purposes of the Plan, the Company may satisfy its obligation to deliver Shares issuable under the Plan either by (i) delivery of a physical certificate for Shares issuable under the Plan or (ii) arranging for the recording of Grantee's ownership of Shares issuable under the Plan on a book entry recordkeeping system maintained on behalf of the Company. Except as otherwise provided by Paragraph 8, when a Vesting Date occurs with respect to all or a portion of an Award of Restricted Stock or Restricted Stock Units, the Company shall notify the Grantee that a Vesting Date has occurred, and shall deliver to the Grantee (or the Grantee's Successor-in-Interest) Shares as to which a Vesting Date has occurred (or in the case of Restricted Stock Units, the number of Shares represented by such Restricted Stock Units) without any legend or restrictions (except those that may be imposed by the Committee, in its sole judgment, under Paragraph 9(a)). The right to payment of any fractional Shares that may have accrued shall be satisfied in cash, measured by the product of the fractional amount times the Fair Market Value of a Share at the Vesting Date, as determined by the Committee.

8. DEFERRAL ELECTIONS

A Grantee may elect to defer the receipt of Shares that would otherwise be issuable with respect to Restricted Stock or Restricted Stock Units as to which a Vesting Date has occurred, as provided by the Committee in the Award, consistent, however, with the following:

(a) Initial Election.

- (i) Election. Each Grantee who is a Non-Employee Director or a Deferral Eligible Employee shall have the right to defer the receipt of some or all of the Shares issuable with respect to Restricted Stock or Restricted Stock Units as to which a Vesting Date has not yet occurred, by filing an Initial Election to defer the receipt of such Shares on a form provided by the Committee for this purpose.
- (ii) Deadline for Initial Election. No Initial Election to defer the receipt of Shares issuable with respect to Restricted Stock or Restricted Stock Units that are not Performance-Based Compensation shall be effective unless it is filed with the Committee on or before the 30th day following the Date of Grant and 12 or more months in advance of the applicable Vesting Date. No Initial Election to defer the receipt of Shares issuable with respect to Restricted Stock or Restricted Stock Units that are Performance-Based Compensation shall be effective unless it is filed with the Administrator at least six months before the end of the Performance Period during which such Performance-Based Compensation may be earned.

(b) Effect of Failure of Vesting Date to Occur. An Election shall be null and void if a Vesting Date with respect to the Restricted Stock or Restricted Stock Units does not occur before the distribution date for Shares issuable with respect to such Restricted Stock or Restricted Stock Units identified in such Election.

(c) Deferral Period. Except as otherwise provided in Paragraph 8(d), all Shares issuable with respect to Restricted Stock or Restricted Stock Units that are subject to an Election shall be delivered to the Grantee (or the Grantee's Successor-in-Interest) without any legend or restrictions (except those that may be imposed by the Committee, in its sole judgment, under Paragraph 9(a)), on the distribution date for such Shares designated by the Grantee on the most recently filed Election. Subject to acceleration or deferral pursuant to Paragraph 8(d) or Paragraph 11, no distribution may be made earlier than January 2nd of the third calendar year beginning after the Vesting Date, nor later than January 2nd of the eleventh calendar year beginning after the Vesting Date. The distribution date may vary with each separate Election.

(d) Additional Elections. Notwithstanding anything in this Paragraph 8(d) to the contrary, no Subsequent Election shall be effective until 12 months after the date on which such Subsequent Election is made.

- (i) Each Active Grantee who has previously made an Initial Election to receive a distribution of part or all of his or her Account, or who, pursuant to this Paragraph 8(d)(i) has made a Subsequent Election to defer the distribution date for Shares issuable with respect to Restricted Stock or Restricted Stock Units for an additional period from the originally-elected distribution date, may elect to defer the distribution date for a minimum of five and a maximum of ten additional years from the previously-elected distribution date, by filing a Subsequent Election with the Committee on or before the close of business at least one year before the date on which the distribution would otherwise be made.
- (ii) A Deceased Grantee's Successor-in-Interest may elect to: (A) file a Subsequent Election to defer the distribution date for the Deceased Grantee's Shares issuable with respect to Restricted Stock or Restricted Stock Units for five additional years from the date payment would otherwise be made; or (B) file an Acceleration Election to accelerate the distribution date for the Deceased Grantee's Shares issuable with respect to Restricted Stock or Restricted Stock Units from the date payment would otherwise be made to a date that is as soon as practicable following the Deceased Grantee's death. A Subsequent Election must be filed with the Committee at least one year before the date on which the distribution would otherwise be made,

as reflected on the Deceased Grantee's last Election. An Acceleration Election pursuant to this Paragraph 8(d)(ii) must be filed with the Committee as soon as practicable following the Deceased Grantee's death, as determined by the Committee.

- (iii) A Disabled Grantee may elect to accelerate the distribution date of the Disabled Grantee's Shares issuable with respect to Restricted Stock or Restricted Stock Units from the date payment would otherwise be made to a date that is as soon as practicable following the date the Disabled Grantee became disabled. An Acceleration Election pursuant to this Paragraph 8(d)(iii) must be filed with the Committee as soon as practicable following the Deceased Grantee's death, as determined by the Committee.
- (iv) A Retired Grantee may elect to defer the distribution date of the Retired Grantee's Shares issuable with respect to Restricted Stock or Restricted Stock Units for five additional years from the date payment would otherwise be made. A Subsequent Election must be filed with the Committee at least one year before the date on which the distribution would otherwise be made, as reflected on the Retired Grantee's last Election.

(e) Discretion to Provide for Distribution in Full Upon or Following a Change of Control. To the extent permitted by Section 409A, in connection with a Change of Control, and for the 12-month period following a Change of Control, the Committee may exercise its discretion to terminate the deferral provisions of the Plan and, notwithstanding any other provision of the Plan or the terms of any Initial Election or Subsequent Election, distribute the Account of each Grantee in full and thereby effect the revocation of any outstanding Initial Elections or Subsequent Elections.

(f) Hardship. Notwithstanding the terms of an Initial Election or Subsequent Election, if, at the Grantee's request, the Committee determines that the Grantee has incurred a Hardship, the Committee may, in its discretion, authorize the immediate distribution of all or any portion of the Grantee's Account.

(g) Other Acceleration Events. To the extent permitted by Section 409A, notwithstanding the terms of an Initial Election or Subsequent Election, distribution of all or part of a Grantee's Account may be made:

- (1) To fulfill a domestic relations order (as defined in section 414(p)(1)(B) of the Code) to the extent permitted by Treasury Regulations section 1.409A-3(j)(4)(ii) or any successor provision of law).
- (2) To the extent necessary to comply with laws relating to avoidance of conflicts of interest, as provided in Treasury Regulation section 1.409A-3(j)(4)(iii) (or any successor provision of law).
- (3) To pay employment taxes to the extent permitted by Treasury Regulation section 1.409A-3(j)(4)(vi) (or any successor provision of law).
- (4) In connection with the recognition of income as the result of a failure to comply with Section 409A, to the extent permitted by Treasury Regulation section 1.409A-3(j)(4)(vii) (or any successor provision of law).
- (5) To pay state, local or foreign taxes to the extent permitted by Treasury Regulation section 1.409A-3(j)(4)(xi) (or any successor provision of law).
- (6) In satisfaction of a debt of a Grantee to a Participating Company where such debt is incurred in the ordinary course of the service relationship between the Grantee and the Participating Company, to the extent permitted by Treasury Regulation section 1.409A-3(j)(4)(xiii) (or any successor provision of law).
- (7) In connection with a bona fide dispute as to a Grantee's right to payment, to the extent permitted by Treasury Regulation section 1.409A-3(j)(4)(xiv) (or any successor provision of law).

(h) Book Accounts. An Account shall be established for each Grantee who makes an Election. Deferred Stock Units shall be credited to the Account as of the date an Election becomes effective. Each Deferred Stock Unit will represent, as applicable, either a hypothetical share of Common Stock or a hypothetical share of Special Common Stock credited to the Account in lieu of delivery of the Shares to which the Election applies. To the extent an Account is deemed invested in the Income Fund, the Committee shall credit earnings with respect to such Account at the Applicable Interest Rate, as further provided in Paragraph 8(h).

(i) Plan-to-Plan Transfers. The Administrator may delegate its authority to arrange for plan-to-plan transfers as described in this Paragraph 8(i) to an officer of the Company or committee of two or more officers of the Company.

- (i) The Administrator may, with a Grantee's consent, make such arrangements as it may deem appropriate to transfer the Company's obligation to pay benefits with respect to such Grantee which have not become payable under this Plan, to another employer, whether through a deferred compensation plan, program or arrangement sponsored by such other employer or otherwise, or to another deferred compensation plan, program or arrangement sponsored by the Company or an Affiliate. Following the completion of such transfer, with respect to the benefit transferred, the Grantee shall have no further right to payment under this Plan.
- (ii) The Administrator may, with a Grantee's consent, make such arrangements as it may deem appropriate to assume another employer's obligation to pay benefits with respect to such Grantee which have not become payable under the deferred compensation plan, program or arrangement under which such future right to payment arose, to the Plan, or to assume a future payment obligation of the Company or an Affiliate under another plan, program or arrangement sponsored by the Company or an Affiliate. Upon the completion of the Plan's assumption of such payment obligation, the Administrator shall establish an Account for such Grantee, and the Account shall be subject to the rules of this Plan, as in effect from time to time.
- (iii) Pursuant to rules established under Section 409A relating to certain "Transition Elections," to the extent provided by the Committee or its delegate, a Grantee may:
  - (1) On or before December 31, 2007, (A) with respect to all or any portion of his or her Grandfathered Amount that is scheduled to commence to be distributed under the Plan after December 31, 2007, and (B) with respect to any other amount credited to a Grantee's Account that is scheduled to commence to be distributed under the Plan after December 31, 2007, make new payment elections as to the form and timing of payment of such amounts as may be permitted under this Plan, provided that (C) commencement of any distribution under such new payment election may not occur before January 1, 2008 and (D) with respect to any Grandfathered Amount, following the completion of such new payment election, such amounts shall not be treated as a Grandfathered Amount, but instead shall be treated as a non-Grandfathered Amount, subject to the rules of this Plan.
  - (2) On or before December 31, 2008, (A) with respect to all or any portion of his or her Grandfathered Amount under the Plan as in effect on December 31, 2004 that is scheduled to commence to be distributed under the Plan after December 31, 2008, and (B) with respect to any other amount credited to a Grantee's Account that is scheduled to commence to be distributed under the Plan after December 31, 2008, make new payment elections as to the form and timing of payment of such amounts as may be permitted under this Plan, provided that (C) commencement of any distribution under such new payment election may not occur before January 1, 2009 and (D) with respect to any Grandfathered Amount, following the completion of such new payment election, such amounts shall not be treated as a Grandfathered Amount, but instead shall be treated as a non-Grandfathered Amount, subject to the rules of this Plan.

(j) Crediting of Income, Gains and Losses on Accounts. Except as otherwise provided in Paragraph 8(k), the value of a Grantee's Account as of any date shall be determined as if it were invested in the Company Stock Fund.

(k) Diversification Elections.

- (i) In General. A Diversification Election shall be available: (A) at any time that a Registration Statement filed under the 1933 Act (a "Registration Statement") is effective with respect to the Plan; and (B) with respect to a Special Diversification Election, if and to the extent that the opportunity to make such a Special Diversification Election has been approved by the Committee. No approval is required for a Diversification Election other than a Special Diversification Election.
- (ii) Committee Approval of Special Diversification Elections. The opportunity to make a Special Diversification Election and the extent to which a Special Diversification Election applies to Deferred Stock Units credited to the Company Stock Fund may be approved or rejected by the Committee in its sole discretion. A Special Diversification Election shall only be effective if (and to the extent) approved by the Committee.
- (iii) Timing and Manner of Making Diversification Elections. Each Grantee and, in the case of a Deceased Grantee, the Successor-in-Interest, may make a Diversification Election to convert up to 40 percent (or in the case of a Special Diversification Election, up to the approved percentage) of Deferred Stock Units attributable to each grant of Restricted Stock or Restricted Stock Units credited to the Company Stock Fund to the Income Fund. No deemed transfers shall be permitted from the Income Fund to the Company Stock Fund. Diversification Elections under this Paragraph 8(h)(iii) shall be prospectively effective on the later of: (A) the date designated by the Grantee on a Diversification Election filed with the Committee; or (B) the business day next following the lapse of six months from the date Deferred Stock Units subject to the Diversification Election are credited to the Grantee's Account. In no event may a Diversification Election be effective earlier than the business day next following the lapse of six (6) months from the date Deferred Stock Units are credited to the Account following the lapse of restrictions with respect to an Award.
- (iv) Timing of Credits. Account balances subject to a Diversification Election under this Paragraph 8(h) shall be deemed transferred from the Company Stock Fund to the Income Fund immediately following the effective date of such Diversification Election. The value of amounts deemed invested in the Income Fund immediately following the effective date of a Diversification Election shall be based on hypothetical sales of Common Stock or Special Common Stock, as applicable, underlying the liquidated Deferred Stock Units at Fair Market Value as of the effective date of a Diversification Election.

(l) Effect of Distributions within Five Years of Effective Date of Diversification Election. If, pursuant to Paragraphs 8(a) through 8(d), Shares distributable with respect to Deferred Stock Units credited to the Company Stock Fund that are attributable to an Award as to which a Diversification Election was made are distributed on or before the fifth anniversary of the effective date of such Diversification Election (and, in the case of a Grantee who is a Successor-in-Interest, whether or not such Diversification Election was made by a Grantee's predecessor-in-interest), then, except as to the extent such distribution would constitute an impermissible acceleration of the time of payment under Section 409A, or as may otherwise be provided by the Committee in its sole and absolute discretion, the following percentage of the Grantee's Account credited

to the Income Fund and attributable to such Diversification Election shall be distributed simultaneously with such Shares, without regard to any election to the contrary:

Time that Shares are Distributable	Distributable Percentage of Corresponding Income Fund Amount
On or before the third anniversary of a Diversification Election	60%
After the third anniversary of a Diversification Election and on or before the fourth anniversary of a Diversification Election	40%
After the fourth anniversary of a Diversification Election and on or before the fifth anniversary of a Diversification Election	20%
After the fifth anniversary of a Diversification Election	0%

(m) Grantees' Status as General Creditors. A Grantee's right to delivery of Shares subject to an Election under this Paragraph 8, or to amounts deemed invested in the Income Fund pursuant to a Diversification Election, shall at all times represent the general obligation of the Company. The Grantee shall be a general creditor of the Company with respect to this obligation, and shall not have a secured or preferred position with respect to such obligation. Nothing contained in the Plan or an Award shall be deemed to create an escrow, trust, custodial account or fiduciary relationship of any kind. Nothing contained in the Plan or an Award shall be construed to eliminate any priority or preferred position of a Grantee in a bankruptcy matter with respect to claims for wages.

(n) Non-Assignability, Etc. The right of a Grantee to receive Shares subject to an Election under this Paragraph 8, or to amounts deemed invested in the Income Fund pursuant to a Diversification Election, shall not be subject in any manner to attachment or other legal process for the debts of such Grantee; and no right to receive Shares or cash payments hereunder shall be subject to anticipation, alienation, sale, transfer, assignment or encumbrance.

(o) Required Suspension of Payment of Benefits. Notwithstanding any provision of the Plan or any Grantee's election as to the date or time of payment of any benefit payable under the Plan, to the extent compliance with the requirements of Treas. Reg. § 1.409A-3(i)(2) (or any successor provision) is necessary to avoid the application of an additional tax under Section 409A to payments due to the Grantee upon or following his separation from service, then notwithstanding any other provision of this Plan, any such payments that are otherwise due within six months following the Grantee's separation from service will be deferred and paid to the Grantee in a lump sum immediately following that six month period.

9. SECURITIES LAWS; TAXES

(a) Securities Laws. The Committee shall have the power to make each grant of Awards under the Plan subject to such conditions as it deems necessary or appropriate to comply with the then-existing requirements of the 1933 Act and the 1934 Act, including Rule 16b-3. Such conditions may include the delivery by the Grantee of an investment representation to the Company in connection with a Vesting Date occurring with respect to Shares subject to an Award, or the execution of an agreement by the Grantee to refrain from selling or otherwise disposing of the Shares acquired for a specified period of time or on specified terms.

(b) Taxes. Subject to the rules of Paragraph 9(c), the Company shall be entitled, if necessary or desirable, to withhold the amount of any tax, charge or assessment attributable to the grant of any Award or the occurrence of a Vesting Date with respect to any Award, or distribution of all or any part of a Grantee's Account. The Company shall not be required to deliver Shares pursuant to any Award or distribute a Grantee's Account until it has been indemnified to its satisfaction for any such tax, charge or assessment.

(c) Payment of Tax Liabilities; Election to Withhold Shares or Pay Cash to Satisfy Tax Liability.

- (i) In connection with the grant of any Award, the occurrence of a Vesting Date under any Award or the distribution of a Grantee's Account, the Company shall have the right to (A) require the Grantee to remit to the Company an amount sufficient to satisfy any federal, state and/or local withholding tax requirements prior to the delivery or transfer of any certificate or certificates for Shares subject to such Award, or (B) take any action whatever that it deems necessary to protect its interests with respect to tax liabilities. The Company's obligation to make any delivery or transfer of Shares shall be conditioned on the Grantee's compliance, to the Company's satisfaction, with any withholding requirement.
- (ii) Except as otherwise provided in this Paragraph 9(c)(ii), any tax liabilities incurred in connection with grant of any Award, the occurrence of a Vesting Date under any Award under the Plan or the distribution of a Grantee's Account shall, to the extent such liabilities cannot be satisfied in full by withholding cash payable in connection with such event, be satisfied by the Company's withholding a portion of the Shares subject to such Award having a Fair Market Value approximately equal to the minimum amount of taxes required to be withheld by the Company under applicable law, unless otherwise determined by the Committee with respect to any Grantee. Notwithstanding the foregoing, the Committee may permit a Grantee to elect one or both of the following: (A) to have taxes withheld in excess of the minimum amount required to be withheld by the Company under applicable law; provided that the Grantee certifies in writing to the Company at the time of such election that the Grantee owns Other Available Shares having a Fair Market Value that is at least equal to the Fair Market Value to be withheld by the Company in payment of withholding taxes in excess of such minimum amount; and (B) to pay to the Company in cash all or a portion of the taxes to be withheld in connection with such grant, Vesting Date or Account distribution. In all cases, the Shares so withheld by the Company shall have a Fair Market Value that does not exceed the amount of taxes to be withheld minus the cash payment, if any, made by the Grantee or withheld from an Account distribution. Any election pursuant to this Paragraph 9(c)(ii) must be in writing made prior to the date specified by the Committee, and in any event prior to the date the amount of tax to be withheld or paid is determined. An election pursuant to this Paragraph 9(c)(ii) may be made only by a Grantee or, in the event of the Grantee's death, by the Grantee's legal representative. Shares withheld pursuant to this Paragraph 9(c)(ii) shall be available for subsequent grants under the Plan. The Committee may add such other requirements and limitations regarding elections pursuant to this Paragraph 9(c)(ii) as it deems appropriate.

10. CHANGES IN CAPITALIZATION

The aggregate number of Shares and class of Shares as to which Awards may be granted and the number of Shares covered by each outstanding Award shall be appropriately adjusted in the event of a stock dividend, stock split, recapitalization or other change in the number or class of issued and outstanding equity securities of the Company resulting from a subdivision or consolidation of the Shares and/or other outstanding equity security or a recapitalization or other capital adjustment (not including the issuance of Shares and/or other outstanding equity securities on the conversion of other securities of the Company which are convertible into Shares and/or other outstanding equity securities) affecting the Shares which is effected without receipt of consideration by the Company. The Committee shall have authority to determine the adjustments to be made under this Paragraph 10 and any such determination by the Committee shall be final, binding and conclusive.

11. TERMINATING EVENTS

The Committee shall give Grantees at least thirty (30) days' notice (or, if not practicable, such shorter notice as may be reasonably practicable) prior to the anticipated date of the consummation of a Terminating Event. The Committee may, in its discretion, provide in such notice that upon the consummation of such Terminating Event, any conditions to the occurrence of a Vesting Date with respect to an Award of Restricted

Stock or Restricted Stock Units (other than Restricted Stock or Restricted Stock Units that have previously been forfeited) shall be eliminated, in full or in part. Further, the Committee may, in its discretion, provide in such notice that notwithstanding any other provision of the Plan or the terms of any Election made pursuant to Paragraph 8, upon the consummation of a Terminating Event, Shares issuable with respect to Restricted Stock or Restricted Stock Units subject to an Election made pursuant to Paragraph 8 shall be transferred to the Grantee, and all amounts credited to the Income Fund shall be paid to the Grantee.

12. CLAIMS PROCEDURE

If an individual (hereinafter referred to as the "Applicant," which reference shall include the legal representative, if any, of the individual) does not receive timely payment of benefits to which the Applicant believes he is entitled under Paragraph 8 of the Plan, the Applicant may make a claim for benefits in the manner hereinafter provided.

An Applicant may file a claim for benefits with the Committee on a form supplied by the Committee. If the Committee wholly or partially denies a claim, the Committee shall provide the Applicant with a written notice stating:

- (a) The specific reason or reasons for the denial;
- (b) Specific reference to pertinent Plan provisions on which the denial is based;
- (c) A description of any additional material or information necessary for Applicant to perfect the claim and an explanation of why such material or information is necessary; and
- (d) Appropriate information as to the steps to be taken in order to submit a claim for review.

Written notice of a denial of a claim shall be provided within 90 days of the receipt of the claim, provided that if special circumstances require an extension of time for processing the claim, the Committee may notify the Applicant in writing that an additional period of up to 90 days will be required to process the claim.

If the Applicant's claim is denied, the Applicant shall have 60 days from the date of receipt of written notice of the denial of the claim to request a review of the denial of the claim by the Committee. Request for review of the denial of a claim must be submitted in writing. The Applicant shall have the right to review pertinent documents and submit issues and comments to the Committee in writing. The Committee shall provide a written decision within 60 days of its receipt of the Applicant's request for review, provided that if special circumstances require an extension of time for processing the review of the Applicant's claim, the Committee may notify the Applicant in writing that an additional period of up to 60 days shall be required to process the Applicant's request for review.

It is intended that the claims procedures of this Plan be administered in accordance with the claims procedure regulations of the Department of Labor set forth in 29 CFR § 2560.503-1.

Claims for benefits under the Plan must be filed with the Committee at the following address:

13. REPAYMENT

If it is determined by the Board that gross negligence, intentional misconduct or fraud by a Section 16(b) Officer or a former Section 16(b) Officer caused or partially caused the Company to have to restate all or a portion of its financial statements, the Board, in its sole discretion, may, to the extent permitted by law and to the extent it determines in its sole judgment that it is in the best interests of the Company to do so, require repayment of any Shares of Restricted Stock granted after February 28, 2007 or Shares delivered pursuant to

the vesting of Restricted Stock Units granted after February 28, 2007 to such Section 16(b) Officer or former Section 16(b) Officer, or to effect the cancellation of unvested Restricted Stock or unvested Restricted Stock Units, if (i) the vesting of the Award was calculated based upon, or contingent on, the achievement of financial or operating results that were the subject of or affected by the restatement, and (ii) the extent of vesting of the Award would have been less had the financial statements been correct. In addition, to the extent that the receipt of an Award subject to repayment under this Paragraph 13 has been deferred pursuant to Paragraph 8 (or any other plan, program or arrangement that permits the deferral of receipt of an Award), such Award (and any earnings credited with respect thereto) shall be forfeited in lieu of repayment.

14. AMENDMENT AND TERMINATION

The Plan may be terminated by the Board at any time. The Plan may be amended by the Board or the Committee at any time. No Award shall be affected by any such termination or amendment without the written consent of the Grantee.

15. EFFECTIVE DATE AND TERM OF PLAN

This amendment and restatement of the Plan shall be effective March 24, 2008. The Plan shall expire on February 25, 2013, unless sooner terminated by the Board, provided that subject to the approval of the Sponsor's shareholders at the 2008 Annual Meeting, the expiration date of the Plan shall be extended from February 25, 2013 to the day before the tenth anniversary of the 2008 Annual Meeting, unless sooner terminated by the Board.

16. GOVERNING LAW

The Plan and all determinations made and actions taken pursuant to the Plan shall be governed in accordance with Pennsylvania law.

### 4. Shares Subject to Plan

Subject to adjustment as provided in Paragraph 10, not more than 105 million Shares in the aggregate may be issued pursuant to the Plan upon exercise of Options, provided that subject to the approval of the Sponsor's shareholders at the Sponsor's Annual Meeting of Shareholders to be held in 2008 (the "2008 Annual Meeting"), the number of Shares in the aggregate that may be issued under the Plan, pursuant to the grant of Awards, subject to adjustment in accordance with Paragraph 10, shall be increased from 105 million to 139 million. Shares delivered pursuant to the exercise of an Option may, at the Sponsor's option, be either treasury Shares or Shares originally issued for such purpose. Shares so withheld to satisfy the Sponsor's minimum tax withholding requirements or covering the Shares that were subject to such Option but not delivered because of the application of such cashless exercise provisions, as applicable.

5. Administration of Plan

(a) Committee. The Plan shall be administered by the Compensation Committee of the Board or any other committee or subcommittee designated by the Board, provided that the committee administering the Plan is composed of two or more non-employee members of the Board, each of whom is an Outside Director.

- (i) Named Executive Officers and Section 16(b) Officers.   - (y) in the case of delegation under Paragraph 5(b)(ii), the delegate shall cease to serve as Chairman of the Committee or serve as an employee of the Company for any reason, as the case may be and in the case of delegation under Paragraph 5(b)(iii), the delegate shall cease to serve as an employee of the Company for any reason; or
  - (z) the delegate shall notify the Committee that he declines to continue to exercise such authority.

(c) Meetings. The Committee shall hold meetings at such times and places as it may determine. Acts approved at a meeting by a majority of the members of the Committee or acts approved by the unanimous consent of the members of the Committee shall be the valid acts of the Committee.

(d) Exculpation. No member of the Committee shall be personally liable for monetary damages for any action taken or any failure to take any action in connection with the administration of the Plan or the granting of Options thereunder unless (i) the member of the Committee has breached or failed to perform the duties of his office, and (ii) the breach or failure to perform constitutes self-dealing, willful misconduct or recklessness; provided, however, that the provisions of this Paragraph 5(d) shall not apply to the responsibility or liability of a member of the Committee pursuant to any criminal statute.

(e) Indemnification. Service on the Committee shall constitute service as a member of the Board. Each member of the Committee shall be entitled without further act on his part to indemnity from the Sponsor to the fullest extent provided by applicable law and the Sponsor's By-laws in connection with or arising out of any actions, suit or proceeding with respect to the administration of the Plan or the granting of Options thereunder in which he may be involved by reasons of his being or having been a member of the Committee, whether or not he continues to be such member of the Committee at the time of the action, suit or proceeding.

6. Eligibility

(a) Eligible individuals to whom Options may be granted shall be employees, officers or directors of a Company who are selected by the Committee for the grant of Options. Eligible individuals to whom Cash Rights may be granted shall be individuals who are employees of a Company on the Date of Grant other than Officers. The terms and conditions of Options granted to individuals other than Non-Employee Directors shall be determined by the Committee, subject to Paragraph 7. The terms and conditions of Cash Rights shall be determined by the Committee, subject to Paragraph 7. The terms and conditions of Options granted to Non-Employee Directors shall be determined by the Board, subject to Paragraph 7.

(b) An Incentive Stock Option shall not be granted to a Ten Percent Shareholder except on such terms concerning the option price and term as are provided in Paragraph 7(b) and 7(g) with respect to such a person. An Option designated as Incentive Stock Option granted to a Ten Percent Shareholder but which does not comply with the requirements of the preceding sentence shall be treated as a Non-Qualified Option. An Option designated as an Incentive Stock Option shall be treated as a Non-Qualified Option if the Optionee is not an employee of a Company on the Date of Grant.

7. Option Documents and Terms — In General

All Options granted to Optionees shall be evidenced by option documents. The terms of each such option document for any Optionee who is an employee of a Company shall be determined from time to time by the Committee, and the terms of each such option document for any Optionee who is a Non-Employee Director shall be determined from time to time by the Board, consistent, however, with the following:

(a) Time of Grant. All Options shall be granted on or before February 25, 2013, provided that subject to the approval of the Sponsor's shareholders at the 2008 Annual Meeting, the last day on which Options may be granted under the Plan shall be extended from February 25, 2013 to the day before the tenth anniversary of the 2008 Annual Meeting.

(b) Option Price. Except as otherwise provided in Section 13(b), the option price per Share with respect to any Option shall be determined by the Committee, provided, however, that with respect to any Incentive Stock Options, the option price per share shall not be less than 100% of the Fair Market Value of such Share on the Date of Grant, and provided further that with respect to any Incentive Stock Options granted to a Ten Percent Shareholder, the option price per Share shall not be less than 110% of the Fair Market Value of such Share on the Date of Grant.

(c) Restrictions on Transferability. No Option granted under this Paragraph 7 shall be transferable otherwise than by will or the laws of descent and distribution and, during the lifetime of the Optionee, shall be exercisable only by him or for his benefit by his attorney-in-fact or guardian; provided that the Committee may, in its discretion, at the time of grant of a Non-Qualified Option or by amendment of an option document for an Incentive Stock Option or a Non-Qualified Option, provide that Options granted to or held by an Optionee may be transferred, in whole or in part, to one or more transferees and exercised by any such transferee; provided further that (i) any such transfer is without consideration and (ii) each transferee is a Family Member with respect to the Optionee; and provided further that any Incentive Stock Option granted pursuant to an option document which is amended to permit transfers during the lifetime of the Optionee shall, upon the effectiveness of such amendment, be treated thereafter as a Non-Qualified Option. No transfer of an Option shall be effective unless the Committee is notified of the terms and conditions of the transfer and the Committee determines that the transfer complies with the requirements for transfers of Options under the Plan

and the option document. Any person to whom an Option has been transferred may exercise any Options only in accordance with the provisions of Paragraph 7(g) and this Paragraph 7(c).

(d) Payment Upon Exercise of Options. With respect to Options granted on and after February 28, 2007, full payment for Shares purchased upon the exercise of an Option shall be made pursuant to one or more of the following methods as determined by the Committee and set forth in the Option document:

- (i) In cash;
- (ii) By certified check payable to the order of the Sponsor;
- (iii) By surrendering or attesting to ownership of Shares with an aggregate Fair Market Value equal to the aggregate option price, provided, however, with respect to Options granted before February 28, 2007, that ownership of Shares may be attested to and Shares may be surrendered in satisfaction of the option price only if the Optionee certifies in writing to the Sponsor that the Optionee owns a number of Other Available Shares as of the date the Option is exercised that is at least equal to the number of Shares as to which ownership has been attested, or the number of Shares to be surrendered in satisfaction of the Option Price, as applicable; provided further, however, that the option price may not be paid in Shares if the Committee determines that such method of payment would result in liability under section 16(b) of the 1934 Act to an Optionee. Except as otherwise provided by the Committee, if payment is made in whole or in part by surrendering Shares, the Optionee shall deliver to the Sponsor certificates registered in the name of such Optionee representing Shares legally and beneficially owned by such Optionee, free of all liens, claims and encumbrances of every kind and having a Fair Market Value on the date of delivery that is equal to or greater than the aggregate option price for the Option Shares subject to payment by the surrender of Shares, accompanied by stock powers duly endorsed in blank by the record holder of the Shares represented by such certificates; and if payment is made in whole or in part by attestation of ownership, the Optionee shall attest to ownership of Shares representing Shares legally and beneficially owned by such Optionee, free of all liens, claims and encumbrances of every kind and having a Fair Market Value on the date of attestation that is equal to or greater than the aggregate option price for the Option Shares subject to payment by attestation of Share ownership. The Committee may impose such limitations and prohibitions on attestation or ownership of Shares and the use of Shares to exercise an Option as it deems appropriate; or
- (iv) Via cashless exercise, such that subject to the other terms and conditions of the Plan, following the date of exercise, the Company shall deliver to the Optionee Shares having a Fair Market Value, as of the date of exercise, equal to the excess, if any, of (A) the Fair Market Value of such Shares on the date of exercise of the Option over (B) the sum of (I) the aggregate Option Price for such Shares, plus (II) the applicable tax withholding amounts (as determined pursuant to Paragraph 15) for such exercise; provided that in connection with such cashless exercise that would not result in the issuance of a whole number of Shares, the Company shall withhold cash that would otherwise be payable to the Optionee from its regular payroll or the Optionee shall deliver cash or a certified check payable to the order of the Company for the balance of the option price for a whole Share to the extent necessary to avoid the issuance of a fractional Share or the payment of cash by the Company (as provided in Paragraph 7(e)).

Except as authorized by the Committee and agreed to by an Optionee, with respect to Options granted before February 28, 2007, the payment methods described in Paragraph 7(d)(i), (ii) and (iii) shall, to the extent so provided in an Option document, be the exclusive payment methods, provided that the Committee may, in its sole discretion, and subject to the Optionee's written consent on a form provided by the Committee, authorize Option documents covering Options granted before February 28, 2007 to be amended to provide that the payment method described in Paragraph 7(d)(iv) shall be an additional or the exclusive payment method.

(e) Issuance of Certificate Upon Exercise of Options; Payment of Cash. For purposes of the Plan, the Sponsor may satisfy its obligation to deliver Shares following the exercise of Options either by (i) delivery of

a physical certificate for Shares issuable on the exercise of Options or (ii) arranging for the recording of Optionee's ownership of Shares issuable on the exercise of Options on a book entry recordkeeping system maintained on behalf of the Sponsor. Only whole Shares shall be issuable upon exercise of Options. No fractional Shares shall be issued. Any right to a fractional Share shall be satisfied in cash. Following the exercise of an Option and the satisfaction of the conditions of Paragraph 9, the Sponsor shall deliver to the Optionee the number of whole Shares issuable on the exercise of an Option and a check for the Fair Market Value on the date of exercise of any fractional Share to which the Optionee is entitled.

(f) Termination of Employment. For purposes of the Plan, a transfer of an employee between two employers, each of which is a Company, shall not be deemed a termination of employment. For purposes of Paragraph 7(g), an Optionee's termination of employment shall be deemed to occur on the date an Optionee ceases to have a regular obligation to perform services for a Company, without regard to whether (i) the Optionee continues on the Company's payroll for regular, severance or other pay or (ii) the Optionee continues to participate in one or more health and welfare plans maintained by the Company on the same basis as active employees. Whether an Optionee ceases to have a regular obligation to perform services for a Company shall be determined by the Committee in its sole discretion. Notwithstanding the foregoing, if an Optionee is a party to an employment agreement or severance agreement with a Company which establishes the effective date of such Optionee's termination of employment for purposes of this Paragraph 7(f), that date shall apply. For an Optionee who is a Non-Employee Director, all references to any termination of employment shall be treated as a termination of service to the Sponsor as a Non-Employee Director.

(g) Periods of Exercise of Options. An Option shall be exercisable in whole or in part at such time or times as may be determined by the Committee and stated in the option document, provided, however, that if the grant of an Option would be subject to section 16(b) of the 1934 Act, unless the requirements for exemption therefrom in Rule 16b-3(c)(1), under such Act, or any successor provision, are met, the option document for such Option shall provide that such Option is not exercisable until not less than six months have elapsed from the Date of Grant. Except as otherwise provided by the Committee in its discretion, no Option shall first become exercisable following an Optionee's termination of employment for any reason; provided further, that:

- (i) In the event that an Optionee terminates employment with the Company for any reason other than death or Cause, any Option held by such Optionee and which is then exercisable shall be exercisable for a period of 90 days following the date the Optionee terminates employment with the Company (unless a longer period is established by the Committee); provided, however, that if such termination of employment with the Company is due to the Disability of the Optionee, he shall have the right to exercise those of his Options which are then exercisable for a period of one year following such termination of employment (unless a longer period is established by the Committee); provided, however, that in no event shall an Incentive Stock Option be exercisable after five years from the Date of Grant in the case of a grant to a Ten Percent Shareholder, nor shall any other Option be exercisable after ten years from the Date of Grant.
- (ii) In the event that an Optionee terminates employment with the Company by reason of his death, any Option held at death by such Optionee which is then exercisable shall be exercisable for a period of one year from the date of death (unless a longer period is established by the Committee) by the person to whom the rights of the Optionee shall have passed by will or by the laws of descent and distribution; provided, however, that in no event shall an Incentive Stock Option be exercisable after five years from the Date of Grant in the case of a grant to a Ten Percent Shareholder, nor shall any other Option be exercisable after ten years from the Date of Grant.
- (iii) In the event that an Optionee's employment with the Company is terminated for Cause, each unexercised Option held by such Optionee shall terminate and cease to be exercisable; provided further, that in such event, in addition to immediate termination of the Option, the Optionee, upon a determination by the Committee shall automatically forfeit all Shares otherwise subject

to delivery upon exercise of an Option but for which the Sponsor has not yet delivered the Share certificates, upon refund by the Sponsor of the option price.

(h) Date of Exercise. The date of exercise of an Option shall be the date on which written notice of exercise, addressed to the Sponsor at its main office to the attention of its Secretary, is hand delivered, telecopied or mailed first class postage prepaid; provided, however, that the Sponsor shall not be obligated to deliver any certificates for Shares pursuant to the exercise of an Option until the Optionee shall have made payment in full of the option price for such Shares. Each such exercise shall be irrevocable when given. Each notice of exercise must (i) specify the Incentive Stock Option, Non-Qualified Option or combination thereof being exercised; and (ii) if applicable, include a statement of preference (which shall be binding on and irrevocable by the Optionee but shall not be binding on the Committee) as to the manner in which payment to the Sponsor shall be made. Each notice of exercise shall also comply with the requirements of Paragraph 15.

(i) Cash Rights. The Committee may, in its sole discretion, provide in an option document for an eligible Optionee that Cash Rights shall be attached to Non-Qualified Options granted under the Plan. All Cash Rights that are attached to Non-Qualified Options shall be subject to the following terms:

- (i) Such Cash Right shall expire no later than the Non-Qualified Option to which it is attached.
- (ii) Such Cash Right shall provide for the cash payment of such amount per Share as shall be determined by the Committee and stated in the option document.
- (iii) Such Cash Right shall be subject to the same restrictions on transferability as the Non-Qualified Option to which it is attached.
- (iv) Such Cash Right shall be exercisable only when such conditions to exercise as shall be determined by the Committee and stated in the option document, if any, have been satisfied.
- (v) Such Cash Right shall expire upon the exercise of the Non-Qualified Option to which it is attached.
- (vi) Upon exercise of a Cash Right that is attached to a Non-Qualified Option, the Option to which the Cash Right is attached shall expire.

#### 8. Limitation on Exercise of Incentive Stock Options

The aggregate Fair Market Value (determined as of the time Options are granted) of the Shares with respect to which Incentive Stock Options may first become exercisable by an Optionee in any one calendar year under the Plan and any other plan of the Company shall not exceed \$100,000. The limitations imposed by this Paragraph 8 shall apply only to Incentive Stock Options granted under the Plan, and not to any other options or stock appreciation rights. In the event an individual receives an Option intended to be an Incentive Stock Option which is subsequently determined to have exceeded the limitation set forth above, or if an individual receives Options that first become exercisable in a calendar year (whether pursuant to the terms of an option document, acceleration of exercisability or other change in the terms and conditions of exercise or any other reason) that have an aggregate Fair Market Value (determined as of the time the Options are granted) that exceeds the limitations set forth above, the Options in excess of the limitation shall be treated as Non-Qualified Options.

#### 9. Rights as Shareholders

An Optionee shall not have any right as a shareholder with respect to any Shares subject to his Options until the Option shall have been exercised in accordance with the terms of the Plan and the option document and the Optionee shall have paid the full purchase price for the number of Shares in respect of which the Option was exercised and the Optionee shall have made arrangements acceptable to the Sponsor for the payment of applicable taxes consistent with Paragraph 15.

10. Changes in Capitalization

In the event that Shares are changed into or exchanged for a different number or kind of shares of stock or other securities of the Sponsor, whether through merger, consolidation, reorganization, recapitalization, stock dividend, stock split-up or other substitution of securities of the Sponsor, the Board shall make appropriate equitable anti-dilution adjustments to the number and class of shares of stock available for issuance under the Plan, and subject to outstanding Options, and to the option prices and the amounts payable pursuant to any Cash Rights. Any reference to the option price in the Plan and in option documents shall be a reference to the option price as so adjusted. Any reference to the term "Shares" in the Plan and in option documents shall be a reference to the appropriate number and class of shares of stock available for issuance under the Plan, as adjusted pursuant to this Paragraph 10. The Board's adjustment shall be effective and binding for all purposes of this Plan.

11. Terminating Events

(a) The Sponsor shall give Optionees at least thirty (30) days' notice (or, if not practicable, such shorter notice as may be reasonably practicable) prior to the anticipated date of the consummation of a Terminating Event. Upon receipt of such notice, and for a period of ten (10) days thereafter (or such shorter period as the Board shall reasonably determine and so notify the Optionees), each Optionee shall be permitted to exercise the Option to the extent the Option is then exercisable; provided that, the Sponsor may, by similar notice, require the Optionee to exercise the Option, to the extent the Option is then exercisable, or to forfeit the Option (or portion thereof, as applicable). The Committee may, in its discretion, provide that upon the Optionee's receipt of the notice of a Terminating Event under this Paragraph 11(a), the entire number of Shares covered by Options shall become immediately exercisable.

(b) Notwithstanding Paragraph 11(a), in the event the Terminating Event is not consummated, the Option shall be deemed not to have been exercised and shall be exercisable thereafter to the extent it would have been exercisable if no such notice had been given.

12. Interpretation

The Committee shall have the power to interpret the Plan and to make and amend rules for putting it into effect and administering it. It is intended that the Incentive Stock Options granted under the Plan shall constitute incentive stock options within the meaning of section 422 of the Code, and that Shares transferred pursuant to the exercise of Non-Qualified Options shall constitute property subject to federal income tax pursuant to the provisions of section 83 of the Code. The provisions of the Plan shall be interpreted and applied insofar as possible to carry out such intent.

13. Amendments

(a) In General. The Board or the Committee may amend the Plan from time to time in such manner as it may deem advisable. Nevertheless, neither the Board nor the Committee may, without obtaining approval within twelve months before or after such action by such vote of the Sponsor's shareholders as may be required by Pennsylvania law for any action requiring shareholder approval, or by a majority of votes cast at a duly held shareholders' meeting at which a majority of all voting stock is present and voting on such amendment, either in person or in proxy (but not, in any event, less than the vote required pursuant to Rule 16b-3(b) under the 1934 Act) change the class of individuals eligible to receive an Incentive Stock Option, extend the expiration date of the Plan, decrease the minimum option price of an Incentive Stock Option granted under the Plan or increase the maximum number of shares as to which Options may be granted, except as provided in Paragraph 10 hereof.

(b) Repricing of Options. Notwithstanding any provision in the Plan to the contrary, neither the Board nor the Committee may, without obtaining prior approval by the Sponsor's shareholders, reduce the option price of any issued and outstanding Option granted under the Plan at any time during the term of such option (other than by adjustment pursuant to Paragraph 10 relating to Changes in Capitalization). This

Paragraph 13(b) may not be repealed, modified or amended without the prior approval of the Sponsor's shareholders.

14. Securities Law

(a) In General. The Committee shall have the power to make each grant under the Plan subject to such conditions as it deems necessary or appropriate to comply with the then-existing requirements of the 1933 Act or the 1934 Act, including Rule 16b-3 (or any similar rule) of the Securities and Exchange Commission.

(b) Acknowledgment of Securities Law Restrictions on Exercise. To the extent required by the Committee, unless the Shares subject to the Option are covered by a then current registration statement or a Notification under Regulation A under the 1933 Act, each notice of exercise of an Option shall contain the Optionee's acknowledgment in form and substance satisfactory to the Committee that:

- (i) the Shares subject to the Option are being purchased for investment and not for distribution or resale (other than a distribution or resale which, in the opinion of counsel satisfactory to the Sponsor, may be made without violating the registration provisions of the Act);
- (ii) the Optionee has been advised and understands that (A) the Shares subject to the Option have not been registered under the 1933 Act and are "restricted securities" within the meaning of Rule 144 under the 1933 Act and are subject to restrictions on transfer and (B) the Sponsor is under no obligation to register the Shares subject to the Option under the 1933 Act or to take any action which would make available to the Optionee any exemption from such registration;
- (iii) the certificate evidencing the Shares may bear a restrictive legend; and
- (iv) the Shares subject to the Option may not be transferred without compliance with all applicable federal and state securities laws.

(c) Delay of Exercise Pending Registration of Securities. Notwithstanding any provision in the Plan or an option document to the contrary, if the Committee determines, in its sole discretion, that issuance of Shares pursuant to the exercise of an Option should be delayed pending registration or qualification under federal or state securities laws or the receipt of a legal opinion that an appropriate exemption from the application of federal or state securities laws is available, the Committee may defer exercise of any Option until such Shares are appropriately registered or qualified or an appropriate legal opinion has been received, as applicable.

15. Withholding of Taxes on Exercise of Option

(a) Whenever the Company proposes or is required to deliver or transfer Shares in connection with the exercise of an Option, the Company shall have the right to (i) require the recipient to remit to the Sponsor an amount sufficient to satisfy any federal, state and local withholding tax requirements prior to the delivery or transfer of any certificate or certificates for such Shares or (ii) take any action whatever that it deems necessary to protect its interests with respect to tax liabilities. The Sponsor's obligation to make any delivery or transfer of Shares on the exercise of an Option shall be conditioned on the recipient's compliance, to the Sponsor's satisfaction, with any withholding requirement. In addition, if the Committee grants Options or amends option documents to permit Options to be transferred during the life of the Optionee, the Committee may include in such option documents such provisions as it determines are necessary or appropriate to permit the Company to deduct compensation expenses recognized upon exercise of such Options for federal or state income tax purposes.

(b) Except as otherwise provided in this Paragraph 15(b), any tax liabilities incurred in connection with the exercise of an Option under the Plan other than an Incentive Stock Option shall be satisfied by the Sponsor's withholding a portion of the Shares underlying the Option exercised having a Fair Market Value approximately equal to the minimum amount of taxes required to be withheld by the Sponsor under applicable law, unless otherwise determined by the Committee with respect to any Optionee. Notwithstanding the foregoing, the Committee may permit an Optionee to elect one or both of the following: (i) to have taxes withheld in excess of the minimum amount required to be withheld by the Sponsor under applicable law; provided that the Optionee

certifies in writing to the Sponsor that the Optionee owns a number of Other Available Shares having a Fair Market Value that is at least equal to the Fair Market Value of Option Shares to be withheld by the Company for the then-current exercise on account of withheld taxes in excess of such minimum amount, and (ii) to pay to the Sponsor in cash all or a portion of the taxes to be withheld upon the exercise of an Option. In all cases, the Shares so withheld by the Company shall have a Fair Market Value that does not exceed the amount of taxes to be withheld minus the cash payment, if any, made by the Optionee. Any election pursuant to this Paragraph 15(b) must be in writing made prior to the date specified by the Committee, and in any event prior to the date the amount of tax to be withheld or paid is determined. An election pursuant to this Paragraph 15(b) may be made only by an Optionee or, in the event of the Optionee's death, by the Optionee's legal representative. Shares withheld pursuant to this Paragraph 15(b) up to the minimum amount of taxes required to be withheld by the Sponsor under applicable law shall not be treated as having been issued under the Plan and shall continue to be available for subsequent grants under the Plan. Shares withheld pursuant to this Paragraph 15(b) in excess of the number of Shares described in the immediately preceding sentence shall not be available for subsequent grants under the Plan. The Committee may add such other requirements and limitations regarding elections pursuant to this Paragraph 15(b) as it deems appropriate.

(c) Except as otherwise provided in this Paragraph 15(c), any tax liabilities incurred in connection with the exercise of an Incentive Stock Option under the Plan shall be satisfied by the Optionee's payment to the Sponsor in cash all of the taxes to be withheld upon exercise of the Incentive Stock Option.

Notwithstanding the foregoing, the Committee may permit an Optionee to elect to have the Sponsor withhold a portion of the Shares underlying the Incentive Stock Option exercised having a Fair Market Value approximately equal to the minimum amount of taxes required to be withheld by the Sponsor under applicable law. Any election pursuant to this Paragraph 15(c) must be in writing made prior to the date specified by the Committee, and in any event prior to the date the amount of tax to be withheld or paid is determined. An election pursuant to this Paragraph 15(c) may be made only by an Optionee or, in the event of the Optionee's death, by the Optionee's legal representative. Shares withheld pursuant to this Paragraph 15(c) up to the minimum amount of taxes required to be withheld by the Sponsor under applicable law shall not be treated as having been issued under the Plan and shall continue to be available for subsequent grants under the Plan. Shares withheld pursuant to this Paragraph 15(c) in excess of the number of Shares described in the immediately preceding sentence shall not be available for subsequent grants under the Plan. The Committee may add such other requirements and limitations regarding elections pursuant to this Paragraph 15(c) as it deems appropriate.

16. Effective Date and Term of Plan

This amendment and restatement of the Plan shall be effective March 24, 2008. The Plan shall expire on February 25, 2013, unless sooner terminated by the Board, provided that subject to the approval of the Sponsor's shareholders at the 2008 Annual Meeting, the expiration date of the Plan shall be extended from February 25, 2013 to the day before the tenth anniversary of the 2008 Annual Meeting, unless sooner terminated by the Board.

17. General

Each Option shall be evidenced by a written instrument containing such terms and conditions not inconsistent with the Plan as the Committee may determine. The issuance of Shares on the exercise of an Option shall be subject to all of the applicable requirements of the corporation law of the Sponsor's state of incorporation and other applicable laws, including federal or state securities laws, and all Shares issued under

the Plan shall be subject to the terms and restrictions contained in the Articles of Incorporation and By-Laws of the Sponsor, as amended from time to time.

Executed as of the 24th day of March, 2008.
