#### Item 2.02. Results of Operations and Financial Condition

On July 23, 2024, Comcast Corporation ("Comcast") issued a press release reporting the results of its operations for the three and six months ended June 30, 2024. The press release is attached hereto as Exhibit 99.1. Exhibit 99.2 sets forth the reasons Comcast believes that presentation of the non-GAAP financial measures contained in the press release provides useful information to investors regarding Comcast's results of operations and financial condition. To the extent material, Exhibit 99.2 also discloses the additional purposes, if any, for which Comcast's management uses these non-GAAP financial measures. A reconciliation of these non-GAAP financial measures with the most directly comparable GAAP financial measures is included in the press release itself. Comcast does not intend for this Item 2.02 or Exhibit 99.1 or Exhibit 99.2 to be treated as "filed" under the Securities Exchange Act of 1934, as amended, or incorporated by reference into its filings under the Securities Act of 1933, as amended.

#### **COMCAST REPORTS 2nd QUARTER 2024 RESULTS**

PHILADELPHIA - July 23, 2024... Comcast Corporation (NASDAQ: CMCSA) today reported results for the quarter ended June 30, 2024.

"We grew Adjusted EPS high single digits and continued to invest aggressively in our businesses while returning \$3.4 billion to shareholders," said Brian L. Roberts, Chairman and Chief Executive Officer of Comcast Corporation. "Broadband ARPU increased by 3.6% and we delivered 6% revenue growth in our connectivity businesses, while expanding our Adjusted EBITDA margin across Connectivity & Platforms to a record-high 41.9%. Media returned to Adjusted EBITDA growth, driven by Peacock, which delivered the best year-over-year improvement for any quarter since its launch in 2020. In Studios and Theme Parks, we faced difficult comparisons to last year, but our upcoming film and TV content and the debut of Epic Universe bode very well for the future. More broadly, I am excited about the growth opportunities ahead, as our teams innovate and collaborate to connect our customers, viewers and guests to the moments that matter. The Paris Summer Olympics is a perfect example of this, where <u>starting this Friday</u> our company will be leveraging our most advanced technology and expertise in storytelling to provide millions of households in the U.S. with the finest, most expansive television and streaming coverage in media history for an Olympics or perhaps any televised event... and even more important, an experience they hopefully will never forget."

#### 2nd Quarter Consolidated Financial Results

**Revenue** decreased 2.7% compared to the prior year period. **Net Income Attributable to Comcast** decreased 7.5%. **Adjusted Net Income** and **Adjusted EBITDA** were consistent with the prior year period.

Earnings per Share (EPS) decreased 1.3% to \$1.00. Adjusted EPS increased 7.0% to \$1.21.

Capital Expenditures decreased 8.1% to \$2.7 billion. Connectivity & Platforms' capital expenditures decreased 12.9% to \$1.9 billion, reflecting lower spending on customer premise equipment and scalable infrastructure, partially offset by higher investment in line extensions and support capital. Content & Experiences' capital expenditures increased 4.4% to \$845 million, primarily driven by investment in Theme Parks, which continues to reflect significant spending due to the construction of Epic Universe theme park in Orlando, which is scheduled to open in 2025.

**Net Cash Provided by Operating Activities** was \$4.7 billion. **Free Cash Flow** was \$1.3 billion, including a tax payment during the quarter related to the previously announced Hulu transaction and other tax related matters.

**Dividends and Share Repurchases.** Comcast paid dividends totaling \$1.2 billion and repurchased 56.4 million of its shares for \$2.2 billion, resulting in a total return of capital to shareholders of \$3.4 billion.

Adjusted EBITDA Margin	39.9 %	38.9 %	100 bps	100 bps

Change percentages represent year/year growth rates. The changes in Adjusted EBITDA margins are presented as year/year basis point changes in the rounded Adjusted EBITDA margins.

**Revenue** for Residential Connectivity & Platforms decreased compared to the prior year period, reflecting decreases in video and other revenue, partially offset by increases in domestic broadband, domestic wireless and international connectivity revenue. Domestic broadband revenue increased due to higher average rates. Domestic wireless revenue increased primarily due to an increase in the number of customer lines. International connectivity revenue increased due to increases in broadband revenue from higher average rates and in wireless revenue, primarily reflecting higher sales of wireless services. Video revenue decreased due to a decline in the number of video customers, partially offset by an overall increase in average rates. Other revenue decreased primarily due to lower residential wireline voice revenue, driven by a decline in the number of customers. Advertising revenue was consistent primarily due to lower domestic nonpolitical advertising, offset by higher domestic political advertising.

**Adjusted EBITDA** for Residential Connectivity & Platforms increased due to lower operating expenses. Programming expenses decreased primarily due to a decline in the number of domestic video customers, partially offset by rate increases under our domestic programming contracts. Non-programming expenses were consistent primarily reflecting an increase in direct product costs, offset by lower marketing and promotion expenses. **Adjusted EBITDA margin** increased to 39.9%.

#### **Business Services Connectivity**

(\$ in millions)	<u>2024</u>	2nd Quarter 2023	<u>Change</u>	Constant Currency <u>Change</u> <sup>5</sup>
Revenue	\$2,421	\$2,292	5.7 %	5.7 %

Adjusted EBITDA Margin	57.0 %	57.7 %	(70) bps	(70) bps

Change percentages represent year/year growth rates. The changes in Adjusted EBITDA margins are presented as year/year basis point changes in the rounded Adjusted EBITDA margins.

**Revenue** for Business Services Connectivity increased due to an increase in revenue from medium-sized and enterprise customers, and an increase in revenue from small business customers driven by higher average rates.

**Adjusted EBITDA** for Business Services Connectivity increased due to higher revenue, partially offset by higher operating expenses. The increase in operating expenses was primarily due to increases in direct product costs and technical and support costs. **Adjusted EBITDA margin** decreased to 57.0%.

**Revenue** for Content & Experiences decreased compared to the prior year period driven by Studios and Theme Parks, partially offset by growth at Media. **Adjusted EBITDA** for Content & Experiences decreased due to declines in Theme Parks and Studios, partially offset by growth at Media.

#### Media

(\$ in millions)			
		2nd Quarter	
	<u>2024</u>	<u>2023</u>	<u>Change</u>
Revenue			
Domestic Advertising	\$1,991	\$2,027	(1.7 %)
Domestic Distribution	2,764	2,615	5.7 %
International Networks	1,102	1,035	6.5 %
Other	467	518	(9.9 %)
Total Revenue	\$6,324	\$6,195	2.1 %
Operating Expenses	4,968	4,951	0.4 %
Adjusted EBITDA	\$1,356	\$1,244	9.0 %

Revenue for Media increased due to higher domestic distribution and international networks revenue, partially offset by lower other and domestic advertising revenue. Domestic distribution revenue increased primarily due to higher revenue at Peacock, driven by an increase in paid subscribers compared to the prior year period. International networks revenue increased primarily reflecting an increase in revenue associated with the distribution of sports networks. Other revenue decreased primarily due to lower revenue from licensing our technology. Domestic advertising revenue decreased primarily due to lower revenue at our networks, partially offset by an increase in revenue at Peacock.

**Adjusted EBITDA** for Media increased due to higher revenue and consistent operating expenses. The consistent operating expenses were due to decreases in marketing and promotion costs and programming and production costs, offset by an increase in other expenses, each primarily related to Peacock. Media results include \$1.0 billion of revenue and an Adjusted EBITDA<sup>6</sup> loss of \$348 million related to Peacock, compared to \$820 million of revenue and an Adjusted EBITDA<sup>6</sup> loss of \$651 million in the prior year period.

#### **Studios**

(\$ in millions)			
	;	2nd Quarter	
	<u>2024</u>	<u>2023</u>	<u>Change</u>
Revenue			
Content Licensing	\$1,714	\$1,821	(5.9 %)
Theatrical	237	913	(74.1 %)
Other	302	354	(14.6 %)
Total Revenue	\$2,253	\$3,087	(27.0 %)
Operating Expenses	2,130	2,833	(24.8 %)
Adjusted EBITDA	\$124	\$255	(51.4 %)

**Revenue** for Studios decreased primarily due to lower theatrical revenue and content licensing revenue. Theatrical revenue decreased primarily due to higher revenue from the volume and strength of theatrical releases in the prior year period, including *The Super Mario Bros. Movie* and *Fast X*. Content licensing revenue declined primarily due to the timing of when content was made available by our television studios.

Adjusted EBITDA for Studios decreased due to lower revenue, which more than offset lower operating expenses. The decrease in operating expenses primarily reflected lower programming and production expenses, mainly due to lower costs associated with theatrical releases.

#### Theme Parks

(\$ in millions)			
	;	2nd Quarter	
	2024	2023	<u>Change</u>
Revenue	\$1,975	\$2,209	(10.6 %)
Operating Expenses	1,343	1,376	(2.4 %)
Adjusted EBITDA	\$632	\$833	(24.1 %)

**Revenue** for Theme Parks decreased primarily due to lower revenue at our domestic theme parks, driven by lower guest attendance, as well as the negative impact of foreign currency at international theme parks.

Adjusted EBITDA for Theme Parks decreased, reflecting lower revenue, which more than offset lower operating expenses.

# **Headquarters & Other**

Content & Experiences Headquarters & Other includes overhead, personnel costs and costs associated with corporate initiatives. Headquarters & Other Adjusted EBITDA loss in the second quarter was \$198 million, compared to a loss of \$200 million in the prior year period.

#### **Eliminations**

Amounts represent eliminations of transactions between our Content & Experiences segments, the most significant being content licensing between the Studios and Media segments, which are affected by the timing of recognition of content licenses. Revenue eliminations were \$505 million, compared to \$631 million in the prior year period, and Adjusted EBITDA eliminations were a benefit of \$36 million, compared to a benefit of \$56 million in the prior year period.

# **Corporate, Other and Eliminations**

Eliminations			
Revenue	(\$1,320)	(\$1,373)	(3.8 %)
Operating Expenses	(1,320)	(1,386)	(4.8 %)
Adjusted EBITDA	(\$1)	\$14	NM
NM=comparison not meaningful.			

## **Corporate & Other**

Corporate & Other primarily includes overhead and personnel costs; our Sky-branded video services and television networks in Germany; Comcast Spectacor, which owns the Philadelphia Flyers and the Wells Fargo Center arena in Philadelphia, Pennsylvania; and Xumo. Corporate & Other Adjusted EBITDA increased primarily due to an increase related to Sky operations in Germany.

#### **Eliminations**

Amounts represent eliminations of transactions between Connectivity & Platforms, Content & Experiences and other businesses, the most significant being distribution of television network programming between the Media and Residential Connectivity & Platforms segments. Revenue eliminations were \$1.3 billion, compared to \$1.4 billion in the prior year period, and Adjusted EBITDA eliminations were a loss of \$1 million compared to a benefit of \$14 million in the prior year period.

#### Notes:

- 1 We define Adjusted Net Income and Adjusted EPS as net income attributable to Comcast Corporation and diluted earnings per common share attributable to Comcast Corporation shareholders, respectively, adjusted to exclude the effects of the amortization of acquisition-related intangible assets, investments that investors may want to evaluate separately (such as based on fair value) and the impact of certain events, gains, losses or other charges that affect period-over-period comparisons. See Table 5 for reconciliations of non-GAAP financial measures.
- 2 We define Adjusted EBITDA as net income attributable to Comcast Corporation before net income (loss) attributable to noncontrolling interests, income tax expense, investment and other income (loss), net, interest expense, depreciation and amortization expense, and other operating gains and losses (such as impairment charges related to fixed and intangible assets and gains or losses on the sale of long-lived assets), if any. From time to time, we may exclude from Adjusted EBITDA the impact of certain events, gains, losses or other charges (such as significant legal settlements) that affect the period-to-period comparability of our operating performance. See Table 4 for reconciliation of non-GAAP financial measure.
- 3 All earnings per share amounts are presented on a diluted basis.
- 4 We define Free Cash Flow as net cash provided by operating activities (as stated in our Consolidated Statement of Cash Flows) reduced by capital expenditures and cash paid for intangible assets. From time to time, we may exclude from Free Cash Flow the impact of certain cash receipts or payments (such as significant legal settlements) that affect period-to-period comparability. Cash payments related to certain capital or intangible assets, such as the construction of Universal Beijing Resort, are presented separately in our Consolidated Statement of Cash Flows and are therefore excluded from capital expenditures and cash paid for intangible assets for Free Cash Flow. See Table 4 for reconciliation of non-GAAP financial measure.
- 5 Constant currency growth rates are calculated by comparing the results for each comparable prior year period adjusted to reflect the average exchange rates from each current year period presented rather than the actual exchange rates that were in effect during the respective periods. See Table 6 for reconciliations of non-GAAP financial measures.
- 6 Adjusted EBITDA is the measure of profit or loss for our segments. From time to time, we may present Adjusted EBITDA for components of our reportable segments, such as Peacock. We believe these measures are useful to evaluate our financial results and provide a basis of comparison to others, although our definition of Adjusted EBITDA may not be directly comparable to similar measures used by other companies. Adjusted EBITDA for components are generally presented on a consistent basis with the respective segments and include direct revenue and operating costs and expenses attributed to the component operations.

Numerical information is presented on a rounded basis using actual amounts, unless otherwise noted. The change in Peacock paid subscribers is calculated using rounded paid subscriber amounts. Minor differences in totals and percentage calculations may exist due to rounding.

#### Exhibit 99.2 - Explanation of Non-GAAP and Other Financial Measures

This Exhibit 99.2 to the accompanying Current Report on Form 8-K for Comcast Corporation ("we", "us" or "our") sets forth the reasons we believe that presentation of financial measures not in accordance with generally accepted accounting principles in the United States (GAAP) contained in the earnings press release filed as Exhibit 99.1 to the Current Report on Form 8-K provides useful information to investors regarding our results of operations and financial condition. To the extent material, this Exhibit also discloses the additional purposes, if any, for which our management uses these non-GAAP financial measures. Reconciliations between these non-GAAP financial measures and their most directly comparable GAAP financial measures are included in the earnings press release itself. Non-GAAP financial information should be considered in addition to, but not as a substitute for, operating income, net income, net income attributable to Comcast Corporation, earnings per common share attributable to Comcast Corporation shareholders, net cash provided by operating activities or other measures of performance or liquidity reported in accordance with GAAP.

#### Adjusted EBITDA

Adjusted EBITDA is a non-GAAP financial measure and is the primary basis used to measure the operational strength and performance of our businesses as well as to assist in the evaluation of underlying trends in our businesses. This measure eliminates the significant level of noncash depreciation and amortization expense that results from the capital-intensive nature of certain of our businesses and from intangible assets recognized in business combinations. It is also unaffected by our capital and tax structures, and by our investment activities, including the results of entities that we do not consolidate, as our management excludes these results when evaluating our operating performance. Our management and Board of Directors use this financial measure to evaluate our consolidated operating performance and the operating performance of our operating segments and to allocate resources and capital to our operating segments. It is also a significant performance measure in our annual incentive compensation programs. Additionally, we believe that Adjusted EBITDA is useful to investors because it is one of the bases for comparing our operating performance with that of other companies in our industries, although our measure of Adjusted EBITDA may not be directly comparable to similar measures used by other companies.

We define Adjusted EBITDA as net income attributable to Comcast Corporation before net income (loss) attributable to noncontrolling interests, income tax expense, investment and other income (loss), net, interest expense, depreciation and amortization expense, and other operating gains and losses (such as impairment charges related to fixed and intangible assets and gains or losses on the sale of long-lived assets), if any. From time to time, we may exclude from Adjusted EBITDA the impact of certain events, gains, losses or other charges (such as significant legal settlements) that affect the period-to-period comparability of our operating performance.

We also use Adjusted EBITDA as the measure of profit or loss for our segments. Our measure of Adjusted EBITDA for our segments is not a non-GAAP financial measure under rules promulgated by the Securities and Exchange Commission.

#### Adjusted Net Income and Adjusted EPS

Adjusted Net Income and Adjusted EPS are non-GAAP financial measures presenting the earnings generated by our ongoing operations that we believe is useful to investors in making meaningful comparisons to other companies, although these measures may not be directly comparable to similar measures used by other companies, and period-over-period comparisons. Adjusted Net Income and Adjusted EPS are defined as net income attributable to Comcast Corporation and diluted earnings per common share attributable to Comcast Corporation shareholders, respectively, adjusted to exclude the effects of the amortization of acquisition-related intangible assets, investments that investors may want to evaluate separately (such as based on fair value) and the impact of certain events, gains, losses or other charges that affect period-over-period comparisons. Acquisition-related intangible assets are recognized as a result of the application of Accounting Standards Codification Topic ("ASC") 805, *Business Combinations* (such as customer relationships), and their amortization is significantly affected by the size and timing of our acquisitions. Amortization of intangible assets not resulting from business combinations (such as software and acquired intellectual property rights used in our theme parks) is included in Adjusted Net Income and Adjusted EPS. Investments that investors may want to evaluate separately include all equity securities accounted for under ASC Topic 321, *Investments-Equity Securities*, as well as certain investments accounted for under ASC 323, *Investments-Equity Method and Joint* Ventures.

#### Exhibit 99.2 - Explanation of Non-GAAP and Other Financial Measures, cont'd

#### Free Cash Flow

Free Cash Flow is a non-GAAP financial measure that we believe provides a meaningful measure of liquidity and a useful basis for assessing our ability to repay debt, make strategic acquisitions and investments, and return capital to investors through stock repurchases and dividends. It is also a significant performance measure in our annual incentive compensation programs. Additionally, we believe Free Cash Flow is useful to investors as a basis for comparing our performance and coverage ratios with other companies in our industries, although our measure of Free Cash Flow may not be directly comparable to similar measures used by other companies. Free Cash Flow has certain limitations, including that it does not represent the residual cash flow available for discretionary expenditures since other non-discretionary payments, such as mandatory debt repayments, are not deducted from the measure.

Free Cash Flow is defined as net cash provided by operating activities (as stated in our Consolidated Statements of Cash Flows) reduced by capital expenditures and cash paid for intangible assets. From time to time, we may exclude from Free Cash Flow the impact of certain cash receipts or payments (such as significant legal settlements) that affect period-to-period comparability. Cash payments related to certain capital or intangible assets, such as the construction of Universal Beijing Resort, are presented separately in our Consolidated Statements of Cash Flows and are therefore excluded from capital expenditures and cash paid for intangible assets for Free Cash Flow.

#### **Constant Currency**

Constant currency and constant currency growth rates are non-GAAP financial measures that present our results of operations excluding the estimated effects of foreign currency exchange rate fluctuations. Certain of our businesses, including Connectivity & Platforms, have operations outside the United States that are conducted in local currencies. As a result, the comparability of the financial results reported in U.S. dollars is affected by changes in foreign currency exchange rates. In our Connectivity & Platforms business, we use constant currency and constant currency growth rates to evaluate the underlying performance of the businesses, and we believe they are helpful for investors because such measures present operating results on a comparable basis year over year to allow the evaluation of their underlying performance.

Constant currency and constant currency growth rates are calculated by comparing the results for each comparable prior year period adjusted to reflect the average exchange rates from each current year period presented rather than the actual exchange rates that were in effect during the respective periods.

## Other Adjustments

We also present adjusted information (e.g., Adjusted Revenues), to exclude the impact of certain events, gains, losses or other charges. This adjusted information is a non-GAAP financial measure. We believe, among other things, that the adjusted information may help investors evaluate our ongoing operations and can assist in making meaningful period-over-period comparisons.

# Pro Forma Information

Pro forma information is used by management to evaluate performance when certain acquisitions or dispositions occur. Historical information reflects results of acquired businesses only after the acquisition dates while pro forma information enhances comparability of financial information between periods by adjusting the information as if the acquisitions or dispositions occurred at the beginning of a preceding year. Our pro forma information is adjusted for the timing of acquisitions or dispositions, the effects of acquisition accounting and the elimination of costs and expenses directly related to the transaction, but does not include adjustments for costs related to integration activities, cost savings or synergies that have been or may be achieved by the combined businesses. Pro forma information is not a non-GAAP financial measure under Securities and Exchange Commission rules. Our pro forma information is not necessarily indicative of future results or what our results would have been had the acquired businesses been operated by us during the pro forma period.
